\$200.00 Paid For One Copper Cent

J. D. Martin of Richmond Va., is the proud possessor of a check for \$200.00 paid him for an old copper cent. The Numismatic Company, Dept. 666, Fort Worth, Texas, who purchased this penny from Mr. Martin, says there are numerous old coins, bills and stamps in circulation for which they will pay a cash premium. So that you will know the value of old coins and stamps and what to watch for in your change, the Numismatic Company will send for only 4 cents to any reader of this paper who writes them, a large illustrated coin folder describing some of the wanted articles and the big profits to be made. Better write them today for this large folder so you can post yourself and know just what to look for. Remember that Mr. Martin's knowing the value of his penny meant a difference of \$199.99 to him. Without knowing its value that penny might still be in circulation, passing through the hands of thousands until someone like Mr. Martin, who knows old coins recognized its value. It pays to be posted. Better send 4c now for the illustrated coin folder. You have nothing to lose, every cent to gain.

The holidays are over

Gone their parties, their decorations and the long evenings of play for young and old. Consider how unobtrusively, yet how great-ly electrically has contributed to the color, the comfort and the safety of your holidays.

Christmas decorations safely illuminate plenty of light for entertaining or for reading those new books.

Certainly your electric bill may be a trifle large but consider how small the additional expense compared to the brightness and joy it brings.

Without this inexpensive service holidays would indeed be drab.
