

**Los Angeles Boy Needed Help**

Leroy Young, 1116 Georgia St., Los Angeles, is a "regular fellow," active in sports, and at the top in his classes at school. To look at him now, you'd think he never had a day's sickness but his mother says: "When Leroy was just a little fellow, we found his stomach and bowels were weak. He kept suffering from constipation. Nothing he ate agreed with him. He was fretful, feverish and puny."

"When we started giving him California Fig Syrup his condition improved quickly. His constipation and biliousness stopped and he has had no more trouble of that kind. I have since used California Fig Syrup with him for colds and upset spells. He likes it because it tastes so good and I like it because it helps him so wonderfully!"

California Fig Syrup has been the trusted standby of mothers for over 50 years. Leading physicians recommend it. It is purely vegetable and works with Nature to regulate, tone and strengthen the stomach and bowels of children so they get full nourishment from their food and waste is eliminated in a normal way.

Four million bottles used a year shows how mothers depend on it. Always look for the word "California" on the carton to be sure of getting the genuine.

**Sacred to Egyptians**

Nearly 100 different mammals, birds, reptiles and fish were regarded as sacred to various gods in ancient Egypt, and their bodies were mummified by thousands. Prof. Roy L. Moodie has found while investigating this subject for the Field museum of Chicago. The cost of this religious procedure was enormous. More than 200 yards of fine linen cloth, a half yard wide, was needed for the wrapping of a single bull. As bulls were held in extreme veneration by the ancient Egyptians, great numbers of them were preserved. Expensive sarcophagi, carvings and statuary show the further care of the African bull. Birds of the hawk and falcon type were also abundantly preserved, as was the Egyptian kite, a small scavenger seen today perched on housetops and in trees near villages. Packages contain as many as forty birds, each mummified and dipped in pitch before wrapping.

**FAMILY DOCTOR LEARNED THIS ABOUT CONSTIPATION**

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripes; children liked its pleasant taste. All drugstores today have Dr. Caldwell's Syrup Pepsin in bottles.

**Nervous, Weak, Lost Weight**

Tacoma, Wash.—"I had an operation and could not regain my health or get strong afterwards. I was nervous and weak, only weighed eighty-five pounds. I was nothing but skin and bones.
