

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would not form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today, this same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

Three Generations Endorse It

"When I was a young single girl I took Lydia E. Pinkham's Vegetable Compound because my mother did and she gave it to me. After I married I took it before my children were born and afterwards, and I have eight living children. I am now a grandmother and still take it and still recommend it when any one is tired and run-down."—Mrs. Alfred Iverson, St. Edwards, Nebraska.

Needless Suffering

The next time a headache makes you stay at home—

Or some other ache or pain prevents your keeping an engagement—

Remember Bayer Aspirin! For there is scarcely any pain it cannot relieve, and relieve promptly.

These tablets give real relief, or millions would not continue to take them. They are quite harmless, or the medical profession would not constantly prescribe them.

Don't be a martyr to unnecessary pain. To colds that might so easily be checked; to neuritis, neuralgia; to those pains peculiar to women; or any suffering for which Bayer Aspirin is such an effective antidote.

For your own protection, buy the genuine. Bayer is safe. It's always the same. It never depresses the heart, so use it as often as needed; but the cause of any pain can be treated only by a doctor.

For a Change "You are looking happy. I must write you some poetry," remarked the contributor. "Nothing you could do would make me happier," rejoined the editor.

Humor Practically Applied "You have a fine sense of humor." "I need it," answered Senator Sorghum. "The only way I can hope to get away from certain embarrassments is by laughing them off."

When Babies CRY

Babies will cry, often for no apparent reason. You may not know what's wrong, but you can always give Castoria. This soon has your little one comforted; if not, you should call a doctor. Don't experiment with medicines intended for the stronger systems of adults! Most of those little upsets are soon soothed away by a little of this pleasant-tasting, gentle-acting children's remedy that children like.

It may be the stomach, or may be the little bowels. Or in the case of older children, a sluggish, constipated condition. Castoria is still

the thing to give. It is almost certain to clear up any minor ailment, and could by no possibility do the youngest child the slightest harm. So it's the first thing to think of when a child has a coated tongue; won't play, can't sleep, is fretful or out of sorts. Get the genuine; it always has Chas. H. Fletcher's signature on the package.

"Always in Good Humor" says Bill "and my Folks, too"

YOUNG BILL FREEMAN, Jr., of 707 South Street, Key West, Florida, has started in early telling the world his secret of health. "I don't know that I would have been the cause of divorce," writes Bill, through his mother, "but certainly the first three months of my life my mother was a nervous wreck, and so was I. I never saw father because he didn't like my disposition—and every day it was a fight at our house—either castor oil or an enema, and I was just about ready to quit home.

"Finally, they started in giving me a half teaspoonful of Nujol night and morning. I am five months old now, and I take Nujol every other night, which keeps me so well regulated that I am always in good humor, and so are my folks."

How simple it is, after all. No drugs, no medicines, no irritating cathartics. Just simple and natural lubrication which our bodies need as much as any machine. Nujol is not absorbed by the body. It is non-fattening; it can form no habit; it cannot hurt the smallest baby. What it does is keep our bodies internally clean of the poisons we all have and which, unless they are swept away as regularly as clock work, give us headaches, make us feel sick, low in our minds, blue, down on the world.
