Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

This Mother Had Problem

As a rule, milk is about the best food for children, but there are times when they are much better off without it. It should always be left off when children show by feverish, fretful or cross spells, by bad breath, coated tongue, sallow skin, indigestion, biliousness, etc., that their stomach and bowels are out of order.

In cases like this, California Fig Syrup never fails to work wonders, by the quick and gentle way it removes all the souring waste which is causing the trouble, regulates the stomach and bowels and gives these organs tone and strength so they continue to act normally of their own accord. Children love its rich, fruity flavor and it's purely vegetable and harmless, even for babies.

Millions of mothers have proved its merit and reliability in over 50 years of steadily increasing use. A Western mother, Mrs. May Snavely, Montrose, California, says: "My little girl, Edna's, tendency to constipation was a problem to me until I began giving her California Fig Syrup. It helped her right away and soon her stomach and bowels were acting perfectly. Since then I've never had to have any advice about her bowels. I have also used California Fig Syrup with my little boy, with equal success."

To be sure of getting the genuine, which physicians endorse, always ask for California Fig Syrup by the full name.

Men are always discovering things that women knew long ago.

For COLDS

We all catch colds and they can make us miserable; but yours needn't last long if you will do this: Take two or three tablets of Bayer Aspirin just as soon as possible after a cold starts. Stay in the house if you can—keep warm. Repeat with another tablet or two of Bayer Aspirin every three or four hours, if those symptoms of cold persist. Take a good laxative when you retire, and keep bowels open. If throat is sore, dissolve three tablets in a quarter-glassful of water and gargle. This soothes inflammation and reduces infection. There is nothing like Bayer Aspirin for a cold, or sore throat. And it relieves aches and pains almost instantly. The genuine tablets, marked Bayer, are absolutely harmless to the heart.
