

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any drug store has the genuine, prescription product.

Denver Mother Tells Story

Nature controls all the functions of our digestive organs except one. We have control over that, and it's the function that causes the most trouble.

See that your children form regular bowel habits, and at the first sign of bad breath, coated tongue, biliousness or constipation give them a little California Fig Syrup. It regulates the bowels and stomach and gives these organs tone and strength so they continue to act as Nature intends them to. It helps build up and strengthen pale, listless, underweight children. Children love its rich, fruity taste and it's purely vegetable, so you can give it as often as your child's appetite lags or he seems feverish, cross or fretful.

Leading physicians have endorsed it for 50 years, and its overwhelming sales record of over four million bottles a year shows how mothers depend on it. A Western mother, Mrs. R. W. Stewart, 4112 Raritan St., Denver, Colorado, says: "Raymond was terribly pulled down by constipation. He got weak, fretful and cross, had no appetite or energy and food seemed to sour in his stomach. California Fig Syrup had him romping and playing again in just a few days, and soon he was back to normal weight, looking better than he had looked in months."

Protect your child from imitations of California Fig Syrup. The mark of the genuine is the word "California" on the carton.

Busy Indeed

Husband came home one evening and his wife began telling him how very busy she had been all day:

"I've been so busy I haven't even had time to open your mail today."

In case of an explosion, absence of body is preferable to presence of mind.

YOU HAVE A DOCTOR'S WORD FOR THIS LAXATIVE

In 1875, an earnest young man began to practice medicine. As a family doctor, he saw the harm in harsh purgatives for constipation and began to search for something harmless to the sensitive bowels. Out of his experience was born a famous prescription. He wrote it thousands of times. It proved an ideal laxative for old and young. As people saw how marvelously the most sluggish bowels are started and bad breath, headaches, feverishness, nausea, gas, poor appetite, and such disorders, are relieved by the prescription, it became necessary to put it up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It never varies from Dr. Caldwell's original effective and harmless formula. All drugstores have it.
