## Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but they always say Phillips. Don't buy something else and expect the same results!

## TIRED WHEN SHE GOT UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I used to be as tired when I got up in the morning as when I went to bed. I had fainting spells and palpitation. Of course it was my age. I read a Lydia E. Pinkham booklet and started taking the Vegetable Compound three times a day. I am now a well woman. Three of my neighbors know what it did for me so they are taking it too. I will write to any woman if Lydia E. Pinkham's Vegetable Compound will help her as it did me. I feel like a young woman now and I thank you."—Mrs. H. C. HENRY, 250 Fuller Ave., St. Paul, Minnesota.

### National Movement for Beautifying of Homes

Kansas City has had a worthy reminder of the better-homes movement in the exposition that was conducted at Convention hall. This type of local activity is being supplemented increasingly each year by national observance of a better-homes week.

The purpose is to carry into every community of the United States, if possible, the gospel of attractiveness, comfort, convenience and good order in home life. This is effected through co-operation with the schools, civic and other organization leaders. In Missouri, it is reported from Jefferson City, more than 150 communities already have enlisted in the enterprise for this year. That is a much larger number than had become interested at this time last year, which points to a growth of the movement. Farm communities, small towns, cities and counties are being organized.

Beautification and other improvement of homes, inside and out, the planting of flowers and shrubs, clearing off vacant lots and removing unsightliness of other kinds all are included in this educational plan. It seems to be the kind of endeavor in which every community of the country could profitably engage. It suggests that the day may come when any city, town or other area that ignores such enterprise will become notorious for its backwardness and indifference.—Kansas City Star.

### Money Well Spent in Remodeling Old House

The cost of modernizing a residence is low. Only a few hundred dollars may be needed to make a home strictly up to date.

An investigation recently made reveals that the average cost of remodeling a house is about \$2,000. This sum covers everything—exterior and interior.

The financing of the remodeled house is taken care of by banks and building and loan associations who are willing to put their money into such projects for their experience shows them that \$2,000 invested in a \$5,000 house increases its value more than the addition of the expenditure.

The house becomes worth \$8,000 or \$9,000 after remodeling—a wise investment, as every one will admit.—Exchange.

### Built-In Garage

In addition to the considerable saving given the home builder by the built-in rather than the detached garage, the esthetic sense is satisfied by the elimination of that sometimes objectionable little building at the rear of the yard. From the utilitarian standpoint as well as the artistic, the most complete house is the one which holds within its walls all the features required for modern living; and with the automobile occupying so important a part in our lives, shelter for it should also be provided.

Gardens, too, occupy an important place in the true home, and the small suburban lot can sometimes ill afford the square feet of ground occupied by the detached garage. The built-in garage is apt to be popular with the garden lover.

### City Planning Increasing

A total of nearly 700 centers of varying sizes now have adopted the city-planning idea. Only about 200 of these have a population of 25,000 or more. Population of the others ranges down to 1,000 or even less. Communities near the large centers have been especially active in this undertaking; but it is not confined to such areas. In view of such expansion, it seems reasonable to expect that within another decade the village, town or city that has taken no steps to regulate its growth in the interest of attractiveness and general welfare will be about as backward as the most remote rural communities.

### Daily Fire Toll

A small city burned today—331 homes, five schools, five churches, fifteen hotel buildings, one hospital, four warehouses, six department stores, two theaters, eight public garages, three printing plants, three dry goods stores and ninety-six farm buildings. That is the average daily toll taken by fire in the United States.

This same destroyer day after day snuffs out twenty-seven lives, nine being children under ten years of age. It is a horrible thing, fire, but its ravages can be controlled.—Washington Star.

### Shade Trees Important

Few features add more to the yard than well-placed shade trees. It is not necessary to plant so many trees that a crowded appearance results but a few in proper locations add accent to the landscape and an atmosphere of security to the home. Trees may be considered for shade as well as ornament and in making up planting lists, at least one or two should be included.

### Prosperity's Foundation

It is seldom that the home owner has room to regret his ownership. Once he reaches this state he may then seek other fields of investment to his advantage.

"In plain blunt words, Bill, your pipe smells like a 'Hot-Box'!"

ONLY an old and trusted friend would venture to speak so frankly.

A new pipe, or an old one carefully broken in with Sir Walter Raleigh's favorite smoking mixture, changes everything. And why shouldn't it? Sir Walter is milder and more fragrant. And it has the body and flavor found only in the finest of Burley, skillfully seasoned and blended. What more could we offer any pipe smoker? What more could he ask?
