FIRE DESTROYS THE FRANK FRATERS HOME

Frank Fraters suffered a severe loss, Saturday when the residence on his ranch in the Eight Mile district was completely destroyed by fire. Mrs. Frater had started a fire in the stove preparatory to getting the evening meal and then in company with her daughter had gone to another building some distance from the house. On their return they found the house on fire. They were unable to save any of the contents but worked frantically to keep the fire from spreading into the near by wheatfield. Neighbors came to their assistance as soon as the fire was discovered. The house was a modern structure and it is reported that there was very little insurance.
