

Consider the poor fish!

A TRUE sportsman is as careful about his pipe tobacco as he is about his lures. Why distress the poor fish and taint the pure air with a strong pipe when Sir Walter Raleigh's favorite smoking tobacco costs so little, and is so mild and fragrant? The success of the Sir Walter Raleigh blend is due to the use of very choice Burleys, which, although mild, lack neither body nor flavor. The quality is uniform, and the gold foil wrap retains all the natural freshness and fragrance.

TUNE IN on "The Raleigh Revue" every Friday, 10:00 to 11:00 p.m. (New York Time), over the WEAF coast-to-coast network of N.B.C.

SIR WALTER RALEIGH
How to Take Care of Your Pipe
(Hint No. 7) Leave the stem out of the shank for a day after cleaning your pipe thoroughly. The stem and bowl can then absorb any moisture and dry thoroughly. A pipe cleaner run through the shank also helps to keep your pipe dry. Send for our free booklet, "How to Take Care of Your Pipe," Brown & Williamson Tobacco Corporation, Louisville, Kentucky, Dept. 104. (In Canada, 3810 St. Antoine St., Montreal.)

IT'S 15¢—and milder

Dangerous Vacations

A vacation should be something that you prepare for easily, enjoy thoroughly and regret not at all. Too often it turns out to be a more or less damaging experience for you and your pocketbook.—Woman's Home Companion.

The Inevitable

My own dullness, and the dullness of others, amazes me. . . . But I am not able to do much about it.—E. W. Howe's Monthly.

Not Worth the Price

If the diet isn't well planned, it just means spending money for the fun of getting sick.

When a man earns his money he never has any to burn.

Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but they always say Phillips. Don't buy something else and expect the same results!

Garden Has High Place in Character Molding

Wherever there is a garden there will be found a home rich in contentment. The beauty and mystery of flowers never pulls on our fancy from childhood to old age. Nursery rhymes, children's stories, nature, poetry and literature abound with praise of flowers. They inspire the expression of the noblest emotions of which we are capable.

Children who grow up amid flowers are notably happy in spirit, discerning and imaginative. The precious instinct to surround themselves with beauty is fostered, and when they grow up and build their homes this instinct finds expression in many ways. The moral and spiritual effect of flowers on character in the molding is incalculable.

"Grown-ups" feel the spell of a garden in no less degree. We have heard people tell repeatedly of the fascination of their gardens—how their first thought upon waking in the morning is to look out of the window and thrill with pleasure at the loveliness of the garden. When this happiness may be had for six or eight months of the year, it surely is of great value.

Excellent Reasons for Popularity of Fences

As an artistic background for growing things, the fence adds beauty and coziness to a home whether of chain links or wood, whether very simple and inexpensive as some fences are, or so elaborate as to be more or less walled enclosures of brick, stone, or stucco, this hedging in of one's home does more than add merely to its loveliness.

It gives added safety to property and pets and—most important of all—to small children.

Danger grows yearly in our city and even in our suburban streets and this danger is a big reason for the increasing return to popularity of the fence. Another is the stress laid on the importance of outdoor play and lounging area for young and old during the summer months. A third reason still may be mentioned, the mounting variety of fences to choose from at equally varied prices—low, medium and high.—Chicago Post.

Railroad to Plant Trees

To beautify the landscape and enrich the soil of the western plains the Burlington railroad this summer will plant 40,000 trees along its right of way west of the Missouri river. F. E. Williamson, president of the road, announced.

The Burlington inaugurated its planting program in 1928 and 7,000 saplings were set out that year. In 1929 the experimental plantings having flourished, the company planted 38,000 trees.

The trees used are American elm, box elder, Russian mulberry, pine and cedars, all hardy varieties and well adapted to western climatic conditions. Of the saplings planted, 80 per cent have survived, according to Mr. Williamson.

Keep City Beautiful

It is surprising what can be accomplished with only slight expenditure of money and effort. A few hours spent in the front yard and in the garden, planting seeds or flowers, yields rich returns in beauty, both to the home owner and to the passerby.

Although the immediate aim of clean-up week is practical, it need not be altogether prosaic if we combine with it a plea for more attractive front yards and for more flowers and well-placed shrubs in our gardens. Washington is a beautiful city; more attention to gardening will make it still more beautiful.—Washington Star.

Wide Improvement Program

Six thousand American communities have joined in a nation-wide program for the improvement of housing and living conditions, according to Dr. Ray Lyman Wilbur, secretary of the Interior. Secretary Wilbur, who is president of Better Homes in America, the national organization which sponsors this program, declares that the chief concern of all loyal citizens is to perfect the conditions of living so that all persons, and particularly those of the oncoming generations, may have every opportunity and inducement for wholesome growth in body, mind and character.

Fires Laid to Chimneys

Structurally unsound chimneys are an important contributing factor to the large number of home fires that are characteristic of the annual heating season, according to the Holland Institute. House fires could be materially reduced and millions of dollars saved home owners annually, says the institute. If heating systems were given a thorough cleaning and examination at least once a year.

Playground Advice

To aid in the construction of home playgrounds the Playground and Recreation association of America has recently issued a small pamphlet, entitled "Home-Made Play Apparatus." The pamphlet gives drawings with specifications and construction notes for erecting standard playground apparatus which can be built by the average mechanic.

PAINS

No matter how severe, you can always have immediate relief

Bayer Aspirin stops pain quickly. It does it without any ill effects. Harmless to the heart; harmless to anybody. But it always brings relief. Why suffer?

BAYER ASPIRIN

Uncover Ancient City

The French government and Yale university are uniting in the work of uncovering the ancient city of Doura on the Euphrates river. The scientists have been excavating for about a year and the objects unearthed are said to have thrown new light on the little-known area of 300 A. D., as well as the obscure Parthian civilization.

Up to the present time the finds consist mainly of parchment records, of no importance in themselves, being mostly minor legal documents, but of great value in supplying names of officials and other data of the city.

Japanese Corn File for quick relief

A Soft, Clear Skin gives beauty and freshness to your complexion. Use this skin-purifying, foaming, bath and shampoo soap daily.

GLENN'S SULPHUR SOAP

Contains 3 1/2 per cent Pure Sulphur. Hill's Hair Dye, Black and Brown, 50c

Make Profitable Use of Time to Get Results

Sometimes we are so utterly dull and out of touch with the stimulus of life that we complain how time hangs upon our hands. The truth is, time neither flies nor remains still. It moves onward at exactly the same rate today as it did a million years ago. What is happening is an alteration in our reaction to time. All these points of view arise out of a changed state of our mind. One moment we see things one way—the next the same things have an entirely different color. That is why, one day, time seems to be fleeting, and another to drag.

Time is always with us, and all we have to do is to occupy ourselves in a way that will produce the best and greatest results. This means thinking on a constructive basis, so that every moment of life is spent in such a manner as to have in it but a minimum of waste.—Exchange.

Roll Over, You're Dreaming

"What's your idea of an ideal place for a vacation?"
"A place where the fish bite and the mosquitoes don't, and where neither the bees nor hotel keepers sting you."

Ant Sets an Example

People who are too busy to take a vacation should learn from the lowly ant. Consider the ant. There is nothing busier than an ant, and yet it always finds time to go to picnics.—Judge.

Worry is something one ought to take something for. It isn't a natural state of mind.

Looks Young, Feels Fine

"Eight years ago before my last baby was born, I started taking Lydia E. Pinkham's Vegetable Compound. I got such good results that I named her Catherine Lydia. I have six older children and five grandchildren, too. I am 44, but people tell me I look much younger. I am now taking the Vegetable Compound again because of my age. I eat and sleep better and I do all my housework, and my washing. I will do my best to answer letters."—Mrs. H. Dolhonde, 6318 York St., New Orleans, Louisiana.
