

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

PHILLIPS Milk of Magnesia

Unshod by Bolt
Cranes Hollow, N. Y.—When a bolt of lightning struck five-year-old Eleanor Michalski, of this place, it burned her about the body and tore her shoes from her feet, throwing them several feet away.

Mighty Umpires
"No baseball team," says Condie Mack, "ever kicked itself into a championship. Several have kicked themselves out of a pennant."—American Magazine.

Warranted 14-Carrot Soup
Biltmore Walter—Want soup?
Bill Roberts—Is it good soup?
Walter—Sure: 14-carrot.—Royal Arcanum Bulletin.

Take August Flower For CONSTIPATION

But After—
Mrs. Higgs (with superior air)—And don't forget, my "ushand saw better days afore I married 'im.
Mrs. Briggs (with deep meaning)—I'll bet he did, too!—London Tit-Bits.

Modernized Version
"How does that saying go, 'United—'?" began Brown.
"United in marriage and divided in Reno, I guess," butted in Black.—Vancouver Province.

Real After-Effects
"I don't suppose she suffered any after-effects from her operation?"
"No; but everybody else did."

They must call it bridge because it makes our partner cross.
Does a detective think other people are rather obtuse?

FARM WOMAN BENEFITED

After Taking Lydia E. Pinkham's Vegetable Compound

Lickdale, Pa.—"Before I was married, my mother and sister and I did all the farming work on a 64-acre farm for eleven years. I married a farmer and now in addition to my housework and the care of my children I help him with the outside work on our farm. After my last child was born, I began to suffer as many women do. Finally our family doctor told me to try Lydia E. Pinkham's Vegetable Compound. I did and now I am a new woman and I know that good health is better than riches."—Mrs. CLYDE L. SHERMAN, R. #1, Lickdale, Pa.

PARKER'S HAIR BALSAM
Removes Dandruff—Stops Hair Falling—Imparts Color and Beauty to Gray and Faded Hair—Sells at 25¢ at Drugists, Grocers, Chemists, etc.—Patented U. S. P.

Up-to-Date Store Front an Asset to Merchant

"Clever and attractive arrangements of stores and store fronts is a decided inducement to the buying public and is being given careful attention by the progressive merchant when considering entering business of any nature," says a prominent Detroit merchant. "Scores of such changes have taken place in Detroit's downtown property in the last few years which resulted in surprisingly large increases in retail sales for the merchant.

"Property owners are aware of the fact that a small amount of money spent in altering and improving a building means an added income from rentals and greatly increases his chances for keeping the building regularly occupied. The comparatively low cost of all lines of building materials and the surplus of labor available this season offer property owners of out-of-date and rundown buildings the greatest opportunity in years to complete these needed improvements at a very low cost.

"It is expected that the larger building and improvement programs now maturing with the government, utilities and large industrial manufacturers will soon bring both labor and building material cost back to a normal basis of supply and demand."—Detroit News.

Touch of Naturalness in Use of Flagstones

Oftentimes we see an otherwise charming landscape or a beautiful garden and sense that something is missing. It seems to lack naturalness. Your landscape architect would spot the discord at once. He would probably suggest that you take out that artificial paving or flooring and substitute natural flagstone.

Nowadays we even have artificial sun lamps, yet there is no real substitute for natural sunshine in the scheme of nature. Nor will flagstone ever be improved upon for giving your garden, your grounds, your landscape that elusive naturalness without which the general scheme falls flat.

For the interior, too, where the keynote is a rustic atmosphere or rough finish, flagstones are in excellent taste. For fireplaces, sun parlors, vestibules, for porch floors, architects nowadays specify flagstone. Nature has been free enough with her supplies of flagstone so that it is not a luxury.—Boston Herald.

Plants That Draw Birds

There are many plants which are especially attractive to birds. The planting of these may bring many varieties of birds to the home garden. Mulberry trees, because of their fruit, bring robins, catbirds, swallows, warblers, thrushes, orioles and scarlet tanager to the yard. The fall fruit of the mountain ash tree appeals to robins and thrushes. Warblers are fond of larch trees because of the insects usually found on them, and elms attract orioles for nesting. Cedars protect many birds from stormy weather, and the small chipping sparrow always selects an arbor vitae or spruce in which to build a nest. All garden berry bushes, as well as grapes and vitamnus, attract many species of birds.

Cutting Fire Loss

The evils of fire-inviting construction have received tremendous publicity of late. Our annual fire loss is estimated at \$3,000,000,000. Builders and owners are coming to realize that all construction should be truly fire-resistant, whether built of wood fully protected or of incombustible material. The superiority of metal lath and plaster protection for wood studs and joists has been recognized for years through general knowledge of the material and successful stopping of fire in many buildings.—Chicago Post.

Hedge Possibilities

The trimmed hedge presents a formal architectural appearance, consequently it is used extensively in place of low or even high walls, to bound the outdoor living room and also along terraces and as an element in the makeup of a formal garden. The kind of plants used for hedges of this type varies with the locality and require men as to height and density. Hedges are used in gardens as a boundary to the garden, or to bound flower beds, and to parallel walks or driveways purely as an ornamental feature.

Beautify Highways

Prizes are now presented by the Royal Automobile club for the most attractive of service stations on road sides in England. The Roads Beautifying association has arranged for trees to be planted along many roads. It is now interesting local authorities in giving opportunities for the planting of "remembrance trees," whether in memory or to commemorate a historic event.

Consider the Driveway

A neat and serviceable driveway to the garage should be considered in the general modernization plan for the exterior beautification of a home place, because the appearance of the garage and the approach to it are important features of the home picture.

HEADACHES

Needless pains like headaches are immediately relieved by Bayer Aspirin as millions of people know. And no matter how suddenly a headache may come, one can at all times be prepared. Carry the pocket tin of Bayer Aspirin with you. Keep the larger size at home. Read the proven directions for pain, headaches, neuralgia, etc.

English Golfer Helped Out by Obliging Bird

The London Sunday Chronicle offers two stories which, it admits, are queer—but true.

Playing in the Caernarvonshire golf championship meeting at Cricketh, Capt. W. E. Jones, Cricketh, who played his tee shot at the shore seventh hole into the hedge, found the ball resting in a pheasant's nest with the hen pheasant sitting on three eggs.

The bird flew away as the captain approached, and flapped the ball with its wings a yard out of the nest into a playable position.

The captain holed out in four. A similar incident occurred during the third round match of the London Social club's tournament at Sunningdale, in which the Army and Navy club opposed the Royal Thames Yacht club.

At the eighth hole, a one shatter, the Army and Navy ball landed in a bunker at the edge of the green. J. E. Mellor, of the Royal Thames, then played his tee shot and the ball went into the same bunker.

At home or away

Feen-a-mint is the ideal summertime laxative. Pleasant and convenient. Gentle but thorough in its action. Check summer upsets with Feen-a-mint at home or away.
