## Lexington News

Continued on Pg. 4

Sunday's Oregonian carried the likeness of a former Lexington boy, Alva McMillan, who grew to manhood here and is a graduate of our public schools. He is now making a name for himself along journalistic lines. Mr. McMillan has been named as editor of the Oregon State Monthly published at Corvallis.

Mr. and Mrs. Ed Barchell are at home after a short business trip to Portland.

"Vacation is over.  
School has begun;  
You've lived in clover  
And had good fun.  
Now study hard  
And do your best;  
No one should wish  
Forever to rest."

From the leaves of an old scrap book of grandmother's day comes this jingle. Though "jingle" it is and far removed from poetry, yet its urge should form a motto for the boys and girls who on Monday gathered up their books and fell into the line of march to school. "Lexington's Marching Line" stepped into a building recently made over by skilled workmen. A new roof, freshly kalsomined walls, varnished walls and woodwork serve as urge to do one's best. More, a carefully chosen corps of teachers greeted our marching line. Those who, for the coming year are to instruct are:

Enwin Ingles, Principal; Alice Montgomery, languages; A. C. Bechdoit, mathematics; Mrs. F. Turner, seventh and eighth; Mrs. Clarence Howell, fifth and sixth; Helen Wells, third and fourth; Pearl Vail, first and second; Helen Falconer, history and music.

So what with a redecorated building, efficient instructors and physical comfort, Lexington's Marching Lines should "do its bit."

Teachers for the coming year who arrived on Sunday Helen Falconer, from Imnaha by auto; Alice Montgomery from Portland and Pearl Vail from Baker.

The Blackhorse and Socia Ridge directors have discontinued their schools and their pupils are being transported to Lexington.

## Says WILL ROGERS

BEVERLY HILLS.—Speaking of Politics, I was up at a Rodeo at Salinas California the other day, and their

great specialty there is riding Bucking Bulls. Well the Governor was there and as he was up for re-election he spoke and casually reminded the people that a vote for him would not be unappreciated, well just as he would reach an important part of his address why out would come a bucking bull and maby throw a Cow-puncher higher than a Republican Tariff bill, and the crowd would roar and applaud, the Governor would start again, "As I was saying, I have done more for Monterey County and—

"Ba ba," "Ride him Cowboy," "hook him Cow!" "Monterey County has been my special pet in handing out appropriations", and "Here comes another one, watch that Baby buck! What a Bull! You are riding him pretty Boy!" "If I am re-elected, I will give"— "Set in the middle of that Animal old hand!"

Well all this went on for quite a spell, and we never could find out what the Governor had done for old Monterey County. From the looks of the Bulls there didn't seem much that he could do for old Monterey County.

What the County needed politically was noiseless bulls. Well they finally wanted me to go over and deliver a Taime song on the Merits of Herbert and Calvin, or "What the Republican Party has done to us." But not me, I wouldn't go over there and compete with those Bovines. "Bull" is all right but not when you are competing with the original. I could have told em in a minute what was the matter with Old Monterey County, Cal. old Rogers County, Okla., or Brown County, Indiana.

We are just stepping too fast. In the old days we figured the world owed us a living, now we figure he owes us an Automobile, a Player Piano, and Radio, Frigid Air, and Clara Bow. But its all coming under the heading of higher Civilization. Till now its a case of what is Civilization. Was our old folks dumb and didnt know nothing? Say dont you kid yourself, those old boys in their youth could take a big silver Dollar and go out and corral more "Hot times" than we ever thought of. There is many a Barrimore hid behind long whiskers. Say they did a lot of prowling in their time. A horse and Buggy could take you so far that it wasent impossible to walk home, but it was inconvenient. Even back in my time, when I was going

good, I have come dragging in from a dance horseback, by daylight. We wasent making payments on as many things. But we was making some mighty nifty "Whoopie." Your Mother gets mighty shocked at you Girls nowadays, but in her day her Mother was just on the verge of sending her to a reformatory, so we just got to live and let live and laugh the thing off. The Republicans got the Country and what can you expect?

Mr. Hoover wasn't able to look over the National Parks, so I am pinch-hitting for him. When you get into this wonderful Yosemite valley you haven't got any time to be reading the papers to see what foolishness Herbert, or Calvin, or Ford, or Lindbergh, is doing. Its all right to go to New York and see what Chrysler and Al Smith have built, but the old boy that laid out this place must have died and took the plans with him. There ought to be a law against anybody going to Europe till they had seen the things we have in this country. The fish all expressed their regrets that Mr. Hoover wasn't coming.

Coming through that Yosemite Park we passed those giant redwood trees. Fred Stone proposed that there is where these tree sitters ought to be located. And say, you talk about a mountain just composed of one solid rock. Why, its right in there. Coolidge's 500 words of Republican history of America would get lost on this boulder. Why, this rock is big enough to reproduce a Hiram anti-treaty speech.

John W. Davis is in the park somewhere and the rangers are looking for him. They don't allow dogs or Democratic candidates in there.

If you want to read the most beautiful thing that's been written in years, its not a lie, its not an editorial, its a will. You wouldn't think that so much love for all mankind could be so practically expressed as it is in the will of ex-Senator Phelan of Frisco. Most of you will only read that he left Helen Willis \$20,000, but get a paper with a copy of the entire will, and you will say "why there is a man that wanted to do some good." For pure charity and tolerance toward all races and creeds its a masterpiece. It makes me feel ashamed that I ever knocked a Senator.

## Cultivate Patience

Patience serves us against insults precisely as clothes do against cold. For if you multiply your garments as the cold increases, cold cannot hurt you; in the same way increase your patience under great offenses and they cannot hurt your feelings.—Leonardo da Vinci.

## Popular Perfume

In the preparation of the perfume, dew-mown hay, the compound camarin is largely employed. This is formed by the action of a ferment on the constituents of the plants. The proper tone is obtained by adding to the camarin a certain quantity of lavender and bergamot.
