PIONEERING IN 1931

Nineteen thirty-one is here with its opportunities and responsibilities. The Pioneers of seventy years ago met the problems of their day courageously, and this generation must meet its tasks in like manner and pioneer its way over an untraveled road. With the spirit of mutual helpfulness the goal of success is assured. The splendid co-operation of the past has made Morrow County the pride of its citizens. This same community spirit has, for twenty-one years, given us faith in our home town and courage to put our life's best effort into its development.

Our new chapel is always open to visitors that the public may learn of its beauty and convenience.
