LARGEST IN HISTORY

Acreege of Grain Exceeds Any Former Season

OBSERVE THANKSGIVING.

Unusually Large Amount of Business Transacted at the Special Session of County Court.

Those of the Morrow county farmers who had not finished seeding before the recent rains are now pushing this work to early completion during the present fine spell of weather. Some of the wheat growers were leary of sowing during the dry season for fear their grain would rot in the ground, but the abundant rain has put them to work again, and the result will be that Morrow county will have the largest acreage seeded to grain in her history before the close of the season.

Thanksgiving Observed.

Thanksgiving day was generally observed in Heppner. All stores and business houses were closed.

A union thanksgiving service was held at the Christian church commencing at 11 o'clock in the forenoon, Rev. H. L. Beightol, pastor of the M. E. church, delivered the sermon. The attendance was large.

There were very many thanksgiving dinners at which friends and neighbors together enjoyed elegant dinners.

Commissioners Proceedings

The county commissioners met in called session Tuesday, November 24, 1903, with Judge Ayers, and commissioner F. M. Griffin, present.

In the matter of the claims for damage on account of county road 171, A. M. Slocum was allowed \$125. The claim of Sherman Shaw was disallowed.

The resignation of J. H. Jones as commissioner was accepted, and J. D. French was appointed to fill the unexpired term.

The sheriff's report, which shows \$1,238.19 delinquent taxes, was accepted and placed on file.

M. A. Bates was appointed justice of the peace for Dairy precinct to serve until next general election. This precinct did not elect a justice at last election, hence the appointment.

Owing to the disadvantages of prosecuting road work during the winter months the services of the county roadmaster was ordered to be dispensed with until further orders.

In the matter of damages of Mary E. Cecil on account of location of road 175, after due consideration it was ordered that no damages be allowed.

SIMILAR TO FAIR CASE

E. Voose Claims Insurance Money

OTHER SIMILAR CASES.

Heirs of Heppner Flood Victims Contest \$3000 Insurance Policy.

A case similar to the celebrated Fair case, in which the heirs, failing to agree, and bringing suit for a division of the property, had to prove which died first, the husband or the wife, has been filed, in the portland courts, says the Oregonian. The case is that of E. Voose, administrator of the estate of Mrs Emma Hanby, who with her husband, Harry Hanby, were victims of the Heppner flood, Voose is the father of Mrs Hanby, and he is suing the Modern Woodmen of America for \$3000, the amount of a policy which her husband held in the fraternal order.

There has been no attempt on the part of the society to refute the claim, but the payment has been withheld because of counter-claimants. It seems that after order was restored at Heppner, a man named J. Kirk was appointed administrator of Harry Hanby's estate, and in due course of time he made application to the camp of Modern Woodmen of America for the \$3000 due on the policy which Harry Hanby held. Mrs Hanby was made beneficiary in the policy, and of course she being dead the money due on the policy would go to the heirs of the one who died last. As near as could be learned, the heirs of the husband has taken no action in the matter of obtaining the money from the society. When Mr Voose learned that Kirk had made application for the payment of the policy, through his attorney Oglesby Young, he filed a counter-claim, and the payment has been held up.

In actions of this sort it is necessary to establish the fact that the husband died first, although it is the general presumption that the man lives longer than the woman, because he is the stronger. Both Mr and Mrs Hanby perished in the Heppner flood, and their bodies were found close to each other. No one saw the two unfortunate people drown, and that the husband in this case died before his wife will have to be proved before Voose's claim is allowed. From the position in which the bodies were found and from the general surroundings, it may be proved that hanby was the first to die. Then the \$3000 will go to Mrs Hanby's heirs.

There is a number of similar cases as a result of the flood, but several have been settled, while others are yet pending and will probably be settled without taking them into the courts.

Head About to Burst From Severe Billious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr J. W. Smith of Julif, Texas. For biliousness, stomach troubles and constipation these Tablets have no equal. Price 25 cents. For sale by Slocum Drug Co.

Died.

Cleo, the little daughter of Mr and Mrs T. D. Kelly of Umatilla, died Saturday and the remains were brought to Heppner for burial Sunday. At the time of the flood Mr Kelly and family were residing in Heppner and their little boy Ora, who was one of the victims of that disaster, was buried in the Masonic cemetery here. Cleo was buried beside her brother.

Card of Thanks.

We desire to extend our sincere thanks to the good people of Heppner and Umatilla for kind assistance during the illness and funeral of our beloved little daughter, Cleo.
Mr and Mrs T. D. KELLY,
