NOTES.

T. H. Wilson of Ione, was a business visitor in our city Friday.

J. L. Jenkins was in town Monday from his Right Mile ranch.

Fred Bartholomew visited over Sunday with Castle Rock friends.

Benj. King and wife of Ione, were visitors in Heppner Tuesday.

C. N. Scott of Lexington, was trading with Heppner merchants Monday.

F. M. Lovgren of Eight Mile, transacted business in this city Saturday.

Atty. C. E. Redfield went to Portland Tuesday to spend a few days on business.

W. L. Mallory was up from Ione Friday last looking after his interests in this city.

Ed McDaid of Lexington, was in our city Monday looking after some business matters.

W. B. Pinley was in town Saturday from his lower Sand Hollow ranch for a load of supplies.

Mr. and Mrs. E. E. Bartholomew of Castle Rock, visited relatives here a few days the past week.

Mr. and Mrs. J. D. Brown were down from Hinton creek Monday doing business with Heppner merchants.

J. H. Barker and T. D. Mathews, prominent citizens of Butter Creek, were transacting business in this city Friday and Saturday.

The person who borrowed my saw, with W. P. S. randed on the handle, will do me a great favor by returning same at once. W. P. SCRIVNER.

Married:- At the Palace hotel in this city, January 28th, by Rev. J. V. Crawford, pastor of the Christian church, Mr. Ralph Hymer and Miss Lulu Cox, both of Ione.

R. F. Hynd, who is now bookkeeper for Balfour, Guthrie Co., at Portland, came up Saturday to visit with friends a few days and to look after his Morrow county interests.

There will be a grand ball in the Artisan hall Lexington, Friday night, February 5, 1904. Everybody cordially invited to attend. Be sure and don't miss a pleasant time.

Harry Egbert, murderer of officers Jno West and John G. Saxton, in Harney county last October, was hanged at the penitentiary at Salem last Friday. He died game, and in a short speech warned his enemies.

J. H. Frad, a Blackhorse farmer, was in town Friday last. He reports splendid prospects in his section for the coming crop. While the alternate freezing and thawing is hard on wheat he does not think it will injure crops to any great extent.

S. C. Jackson is in receipt of Alfred Feet's 1904 wall paper samples, more beautiful than ever before; also Portland samples. If you wish he will furnish house lining at 3 cents per yard. A quantity now on hands. Wall paper six cents per roll and up.

There will be a public basket social given by the ladies of SanSoni Rebekah lodge at I. O. O. F. hall on Friday, February 5, 1904. All ladies are invited to bring a basket with name inside. All baskets will be sold to the highest bidder and the proceeds will go toward buying new robes for the Rebekah team. Program free, everybody invited. Doors open at 7 P. M.

The series of meetings at the Baptist church closed Sunday evening. The interest has been marked and at each service the attendance large. At the M. E. church a series of meetings were commenced Sunday and will continue during the week and perhaps two or three weeks.

Three homes in Condon, those of Wm. M. Dunlap, John R. Clark and the Wallace family were quarantined Monday morning on account of smallpox. The disease is in a very mild form and as soon as the authorities were aware that the disease existed in the town every precaution was taken to prevent its spread.—Globe.

Mr. and Mrs. W. B. Hancock and daughter were passengers for Portland Tuesday to visit for a few days.

James M. Hayes was in from his Upper Rhea creek stock ranch this week attending to some business matters.

Ed Hale's new residence being erected in the south part of town is nearing completion. It is a two story frame with modern conveniences.

Mrs. M. A. Cochran of Mitchell, Nebraska, arrived in the city Monday on an extensive visit with her parents, Mr. and Mrs. A. Ashbaugh.

J. M. Spencor, at one time a resident of Heppner, but now a business man of Pendleton, spent yesterday in our city visiting with old time friends.

George French had the misfortune to almost sever a thumb from his hand while splitting wood Monday. It seems that he was using a long handed ax and the handle caught in his clothing, causing a mistroke, resulting as above stated. Dr. Kistner dressed the hand and he is getting along nicely.

Assessor Gove and Deputy Sheriff Hill are very busily engaged this week drawing a map of the city of Heppner, strictly up to date. Now if they will make some blue prints when they have it finished it will be appreciated by many who would be willing to pay a reasonable price for a good up-to-date map of the city.

C. H. Bullis one of the prosperous stockmen of the vicinity of Hardman, was in town Monday. He reports that his range stock are looking well, thus far without feed except what they get from the pasture, and that some of his cattle are almost fat enough for beef. Mr. Bullis says stock of all kinds are wintering well on the pasture in his section, and unless the remainder of the winter is very severe they will be in better condition than is usual at the opening of spring.

D. S. Barlow, one of the successful farmers of the Eight Mile country was in the city on business Saturday. He predicts the biggest crop in the history of Morrow county. He bases his predictions upon the fact of the largest acreage ever sown to grain in the county and that there has never been more, if as much, moisture in the ground at this season of year. Mr. Barlow thinks that with a good growing shower or two in May the yield will be equal to any previous year, or perhaps better, and with no more rain an average crop.

Thompson Creek Mines.

The promoters of the Thompson Creek Coal mines, which are located near Bucoda, Washington, are very much pleased with recent developments. J. K. McGregor, the superintendent of the mines, who returned from the field Monday evening, has been operating the drill steadily the past few weeks and the results obtained are very encouraging. He has sunk five holes in a distance of two and a half miles, along the valley in the coal field, and in every instance has struck the regular coal seam 12 feet in thickness.

At the upper end of the valley, where a shaft was first sunk, the coal seam was reached at a depth of 85 feet, but at the lower end, two and a half miles away, it was necessary to go down 400 feet, which fact reveals the dip of the coal seam.

The encouraging and flattering feature of the prospect work so far is that wherever the seam has been pierced a 12 foot strata of solid coal is revealed, and naturally enough the promoters, all of whom are Heppner men, feel that they have a property that is worth a mint of money. The company has secured about 3000 acres of land in the coal fields, which is located only five miles from the Northern Pacific railroad, and an almost level grade to connect the mines by rail with the main line.

One of the chief features is the central location this coal field holds, being 25 miles over Northern Pacific Railroad from deep water at Olympia, 45 miles from Tacoma over Northern Pacific Railroad and 102 miles from Portland, at the present time the largest market on the Pacific coast. The analysis of the coal proves it to be equal to any on the coast, and in quantity a conservative estimate places that at over 30,000,000 tons.

The promoters feel safe in saying it will be one of the greatest producers in the Sound Country, when brought to a full stage of development.

Laid The Corner Stone.

The corner-stone laying and the services connected therewith at the new Episcopal church in this city last Friday afternoon, was a very pleasant event for the members of that church. Since their church was destroyed by the flood the members have been very diligent in raising funds to rebuild, and now that the foundation of a church that will cost not less than \$3,500 is completed the congregation has reason for gratification.

The corner-stone laying was conducted under the direction of Rev. Wm. Seymour Short of Grace church, Astoria, who was assisted by Rev. W. E. Potwine of Pendleton, and Rev. John Warren of the Heppner church. An appropriate musical program was rendered in addition to the ritual services. The attendance was quite large.

Roosevelt Club.

A Meeting has been called for tomorrow, Saturday night, Roberts' opera house, for the purpose of organizing a Roosevelt club, and all republicans who can make it convenient to attend are requested to be present. A number of prominent republicans are interested in the matter and an enthusiastic club is expected to be the result of the meeting, so come out and help the move along.

Game Warden at Work.

It is reported that the game warden has taken steps to bring to justice a number of persons who have been violating the game law by unlawfully killing deer in the Blue mountains. We understand that several arrests have been made and others will follow.

Whether there is any foundation for the charges the Times is unable to state.

Minzies—Swaggart.

B. F. Swaggart went over to Pendleton the first of the week to be present at the wedding of his eldest daughter Maude, who was united in marriage yesterday evening to Gordon Minzies of Walla Walla, at the Swaggart residence in Pendleton. Only invited friends and relatives were present to witness the ceremonies.

Clingin—Hale

Mr. Fred Clingin and Miss Ora Hale were united in marriage in this city yesterday evening at the residence of the groom. The Times joins their many friends in extending congratulations.

Sugar Beet Yield.

The sugar-beet crop of the Grand Round Valley has netted the growers \$95,000 this season. The yield of beets was 12,000 tons last year, while the 1902 yield was 9,000 tons. One ton of beets will produce 240 pounds of sugar. The 12,000 tons produced 288,000 sacks of 100 pounds each, or 2,880,000 pounds, and the sugar sells at 5 cents per pound. Thus the gross output was \$144,000.

State Central Committee.

Portland, Oregon, January, 29, 1904. The Republican State Central Committee is hereby called to meet in the City of Portland on Friday, the 12th day of February, 1904 (Abraham Lincoln's birthday,) in room 12 Hamilton building at 10 o'clock a. m., for the purpose of selecting the time and place for holding the next State Convention, appointing delegates to said convention, recommending date for holding primaries, and for the transaction of such other business as may properly come before the committee.

Auto Line to Burns.

The report reached us from what appears to be authentic source, that the management of the Columbia Southern R. R. is at this time contemplating the early establishment of an automobile, passenger and freight line between Shaniko and Burns. This report, if true means a great deal to the so-called Inland Empire, and is the truth of greatest interest of every citizen of Harney Valley, and to more than four-fifths of the entire population of the country. It is true we are scarcely ready and willing as yet to concede the fact that a line like this would any where near serve the purpose of a R. R. into this valley, but it must be admitted by everyone who is at all familiar with the various extensive and important uses now made of the automobile, by not only European countries, but by our own, that a well equipped automobile line with moderately good roads and grades is second to the full-fledged railroad as a means for the transportation of passengers and freight.—Burns Items.
