Urban Felicity.

First Dame—How do you like the new neighborhood into which you have moved?

Second Dame—It's perfectly lovely. I don't know a soul within a mile!—New York Weekly.

The Latest in Teeth.

A Moscow dentist has invented a system whereby false teeth can be made to grow into the gums as firmly as natural ones. After a few months' use it is just as hard to extract them as it is to dislodge the genuine molar made on the premises. Soon, possibly, this tooth grafting Muscovite will achieve, suggests the London Globe, that giddy height to which the dentist can soar, the manufacture of false teeth that ache.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be born in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results. For sale by Slocum Drug Co."
