**RHEUMATISM NOT A SKIN DISEASE.**

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antitoxins and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

**Spring Medicine**

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

**Hood's Sarsaparilla and Pills**

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

**Character of Our Immigrants.**

Prior to 1890 the nations of western Europe, Great Britain, Germany and the Scandinavian countries furnished over 80 per cent of all our immigrants, the highest class that we could hope for. Hungary, Italy, Poland and the other countries of eastern Europe furnished less than 1 per cent. From 1881 to 1890 the ratios changed slightly, but still western Europeans were greatly in the majority. From Germany alone we drew 1,500,000 citizens inside of 10 years. Lately conditions have changed. Eastern Europeans and Asiatics send us 75 per cent of our immigrants (so-called Europeans), while western Europe sends us but 24 per cent. In 1901, for instance, Austro-Hungarians, Slovaks, Croatsians, Poles and Magyars to the number of 114,000 came in, while 139,000 Italians honored us with their transfer of "allegiance." In July of this year 67,538 people of all nations immigrated into this country.

**In the Spring.**

Lowndes, Mo., April 4th.—Mrs. H. C. Hartly of this place, says:—"For years I was in very bad health. Every spring I would get so low that I was unable to do my own work. I seemed to be worse in the spring than any other time of the year. I was very weak and miserable and had much pain in my back and head. I saw Dodd's Kidney Pills advertised last spring and began treatment of them and they have certainly done me more good than anything I have ever used."

"I was all right last spring and felt better than I have for over ten years. I am fifty years of age and am stronger today than I have been for many years and I give Dodd's Kidney Pills credit for the wonderful improvement."

The statement of Mrs. Hartly is only one of a great many where Dodd's Kidney Pills have proven themselves to be the very best spring medicine. They are unsurpassed as a tonic and are the only medicine used in thousands of families.

**Electric Light and Public Speaking.**

Singers, actors and public performers generally are able to speak with much greater ease and comfort in a building lighted with electricity than in one where gaslight is used. In the former case the temperature of the whole building is more equal and the risk of catching cold is consequently diminished. The speaker is cooler, does not perspire, his throat is not parched, and his voice is less liable to get husky. It is said that since the introduction of electric light public performers are in much better voice than they were before.

**UNABLE TO SLEEP AT NIGHT.**

Sidney, Ohio, August 26, 1903.

A few months ago I was feeling weak and run down and unable to get sleep at night. I felt extremely bad, and also had rheumatic pains in my joints and muscles. The medicine I used gave me only temporary relief at best; so seeing S. S. S. highly recommended for such troubles, I began its use, and after taking it for some time was well pleased with the result. It did away with the rheumatic pains, gave me refreshing sleep and built up my general system, giving me strength and energy. It is a good medicine, without a doubt, and I take pleasure in endorsing it.

**Got the Dog Fairly.**

Two little boys were having what appeared to be a warm discussion about a dog, which one of them held by a string, in a downtown park, when the group was joined by a grave-looking man, who stopped and asked:

"Well, boys, what's the matter?"

"We're telling lies for this here dog," explained one of the youngsters, annoyed at being interrupted, "and the one that tells the biggest gets the cur."

"Do you not know," advised the newcomer, sagely, "it is very wrong to tell untruths? Now, I never told a lie in my life."

The boys looked at each other incredulously and then one of them exclaimed:

"It's his dog! We ain't in his class!"

After the "Corner."

Gunner—What ever became of that young stock speculator who used to get so many tips?

Guy—Oh, he's getting more tips than ever.

Gunner—You don't say?

Guy—Yes; he's a waiter in a hotel now.

"Jones is a cheerful fellow."

"Yes; he never listens to anything but what he says himself."—Detroit Free Press.

Men and women are so weak, and amount to so little, that it is surprising that anyone can be flattered.

**A MISTAKEN INFERENCE.**

Of all the "hunting judges," "sporting parsons," and other professional men of the last generation, who loved the field and the cry of the hounds above any indoor duty, one of the best known was a certain Irish jurist who inspires reminiscences published in the People's Friend, of Dundee, Scotland. During the Fenian times he had a clerk who was like-minded, says the contributor, and a joyous pair they made.

"Yer honor," whispered the clerk, one fine morning, "there's a meet today at Ballykilnalligan, and they've a fine dog-fox."

"How many's in the dock?" asked the judge, excitedly.

"Twenty, for rioting and breach of peace, yer honor."

"Tim," said the judge, "do you think you can get the first fellow to plead guilty without a jury trial—me to let him off with a week in jail?"

"The easiest thing in the world," answered the faithful clerk.

"Make haste, then, and bring the whole gang, and I say, Tim, tell Jerry to saddle the mare meanwhile."

The twenty Fenians were brought into court—nineteen of them prepared to fight with counsel and jury to the bitter end. The twentieth had been interviewed by the clerk.

"Guilty or not guilty of the crimes charged?" demanded the judge, with a propitious smile.

"Guilty, yer honor," said the crafty prisoner.

"Well," said the judge, glancing benevolently about the room, "I fancy I can let you off with a week."

The man thanked the judge, and stepped down to the balliff. There was a terrific sensation among the other defendants. Why, none of them expected to get off with less than five years in limbo. Here was a chance to profit by his honor's pleasant mood.

One and all manifested an earnest desire to follow the example of their comrade and acknowledge their crimes at once.

"Do you all plead guilty?" demanded the judge, eagerly.

"We do!" shouted the enthusiastic nineteen in chorus.

"Fourteen years' transportation apiece!" exclaimed the judge, with a creak of his jaw. "Jerry, is the mare saddled yet?"

**COINS THAT ARE OUT OF USE.**

Some Money Issues of the Government Have Disappeared from Circulation.

There have been more than a score of coins issued by the United States that are no longer in circulation, and even collectors find difficulty in securing specimens to complete the various series.

Recent mention of the disappearance of the \$2.50 gold piece from circulation and the premium this coin commands as a curio have set many to rummaging in old pocketbooks and the bottoms of cash boxes and drawers in search of odd or out of date coins. Some have found a \$2.50 piece, but not many.

The \$3 piece, once quite common, but always a sort of curiosity, is oftener found, and many have specimens of the little gold coins representing 25 cents and 50 cents each, which were not minted by the government, and probably have not so much gold in them as they represent. They used to pass as coin, but were never in general circulation, being so easily lost that they soon became scarce. One of the handsomest coin relics seen is a \$10 gold piece bearing the mint stamp of 1793. It is larger than the present \$10 gold piece. The owner has it hung on a band and wears it as a charm on his watch chain. The owner says he has refused an offer of \$150 for this relic.

The old octagonal \$50 pieces were quite common in California in early days, when gold dust was largely used as a circulating medium. They were made of pure gold, and while they had not the elegant finish of the gold coins minted by the government in these days many still remember them as the handsomest coins they ever saw. Many people now would consider them handsome on account of the \$50 in them.

Many Women During the Spring Months Suffer From Extreme Lassitude, Loss of Appetite and Nervousness---What They Need Is

**PE-RU-NA, THE GREAT TONIC.**

Miss Bertha M. Rush, 5435 Kin-cardie street, Pittsburg, Pa., Superintendent Junior Society of Methodist Protestant Church and leading soprano of the choir, writes: "Words cannot describe my thankfulness to you for Peruna. I was a sufferer from systemic catarrh for years and was in a very much run down condition. I was extremely nervous and had the most foolish fears over nothing. I was thin and emaciated."

"My physician advised me to leave this climate but as it was not convenient to do so at this time, I took the advice of a friend to use a bottle of Peruna. I took it faithfully and when the first bottle was gone I felt so much better that I bought six more and took them faithfully, after which I looked like a new woman."

"I gained in flesh, my appetite returned and all my old symptoms had disappeared. I am more than thankful to Peruna."—Miss Bertha M. Rush.

**I AM TIRED.**

Everybody Is Tired—Spring Weather Does It—Every One Should Be Cautious.

Depression of the nervous system at the approach of spring is the cause.

General lassitude, dull, heavy sensations, continual tired feeling, with irregular appetite, and sometimes loss of sleep. Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and produces regular sleep.

That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quietly disappears when Peruna is taken. Thousands are daily testifying to its priceless benefit.

Mrs. H. Kassatt, 1309 W. 13th street, Des Moines, Ia., writes: "I am happy to give my endorsement for your valuable medicine, Peruna, as I consider it a valuable medicine to take when the system is run down from overwork. About two years ago I felt that I must take a long rest as I had been unable to work for over a month and could not regain my strength. I could not sleep at night and was in a very nervous, high strung condition. I decided to try what Peruna would do to build up my strength, and am pleased to say that I began to improve very shortly, and in less than two months I was able to take up my work, and felt better than I have for years. I take it now twice a year and find that it keeps me in perfect health." Mrs. Kassatt was for over ten years the manager of a plant furnishing ladies' wear and employing hundreds of women.

Those that dare lose a day are dangerously prodigal; those that dare mispend it are desperate.—Bishop Hall.
