

HEPPNER TIMES.

VOL. VII.

HEPPNER, OREGON, THURSDAY, JULY 7, 1904.

NO. 35.

What a traveling man says of Slocum's Scalpine

Gentlemen: After being troubled several years with dandruff, during which time I tried thoroughly many prominent so-called remedies, also the prescriptions of two or three prominent Physicians; I used a portion of one bottle of Slocum's Scalpine. The result was very gratifying indeed. The dandruff has entirely disappeared and my hair has ceased to fall out. Both hair and scalp are in a healthy condition.

I can guarantee your remedy without restriction. Yours very truly

PERREN DUNN,

IONE CELEBRATION

A Very Large Gathering of Patriotic Citizens

INTERESTING BALL GAME

Attorney Van Vactor of Hepp-
ner, was the Orator of the
Day—More Than 1000 Guests
Royally Entertained.

It is expressing it mildly to say that
Ione's celebration Monday was a grand
success. A large number of the busi-
ness houses and residence were gaily
decorated in the national colors, and
the city in general presented an attractive
appearance. At the entrance of a
principal street a large arch bearing
the words "Welcome" spanned the
street, and at the lower end of this street
a very large pavilion afforded ample
shade for the large gathering.

The Heppner train, though a little
behind schedule time, arrived in good
season, shortly after 10 a. m., just about
the time the rain ceased falling which
made the day a very pleasant one for
the celebration. No oppressive heat or
dust to mar the pleasures of the day.

The Ione band met the Heppner train
at the station, and under sweet strains,
marched the large throng of people to
the pavilion, where the forenoon pro-
gram was rendered, consisting of music,
prayer, and speeches.

The exercises were opened with a
patriotic selection by the band, followed
with a prayer by Rev. Jones. After a
selection by a select choir T. J. Ma-
honey welcomed the visitors to the city.

The declaration of independence was
read by Miss Jessie Davis, and after se-
lections by the band and choir, Ad-
dison Bennett, editor of the Irrigon
Irrigator, delivered a brief and pointed
address on "The Future Development
of Morrow County."

Attorney S. E. Van Vactor, the orator
of the day, was then introduced by T. J.
Mahoney. Although brief, Mr. Van
Vactor made an eloquent address, which
was well received. This concluded the
forenoon program.

The Ball Game

The afternoon program consisted of a
ball game between the Irrigon and Ione
teams, the baby show, a horse race and
foot race.

The ball game proved a very interest-
ing feature. Irrigon was the first at
bat but failed to make a score, Ione
making 4 runs in the last half of the
first inning. In the second, however,
Irrigon rallied somewhat and got in two
runs while Ione failed to make a tally.
In the third Irrigon was again goose-
egged while Ione made one run. In the
fourth each team scored 2 runs, the
game standing 7 to 4 in favor of Ione
at the end of the inning. By this time
the Ione boys had their opponents going
and they could never recover, not be-
ing able to make a tally the remainder
of the game, while Ione scored two in
the 6th and four in the 7th.

Tom Brierly umpired the game and
his decision gave general satisfaction.
The fielding of both teams was a
little raw at times, but the Ione team
made fewer errors and seemed to have
Irrigon outclassed at every point.
Following is the score by innings:
Irrigon,0 2 0 2 0 0 0—4
Ione,4 0 1 2 0 2 4—13

The Races.

Immediately at the close of the ball
game a horse race was announced.
There were five entries for the race.
Mamie S. first and Master Bishop
second. Both horses are owned by
Charles Sperry of Ione.

In the foot races, of which there were
a number, we we did not learn the
names of the winners. There was a
little girls race, a boys race, a man's
race and a fat man's race.

The baby show was quite an attrac-
tion, several being in line for the prizes,

but we did not learn the names of the
winners.

There doubtless was more than 1000
people at the celebration, and we must
say that much credit is due Ione for
the manner in which she treated her
guests. There was perhaps 200 or more
Heppner people present, half as many
from Lexington, besides scores from
most every section of the county, all of
whom spoke very pleasantly of the un-
tiring efforts of Ione to give them a
pleasant day.

WRITES BOGUS CHECKS

Frank P. Wellman, of Hamilton
Arrested and Bound Over.

Frank P. Wellman, a young married
man, who resides at the home of his
wife's parents near Hamilton, was
arrested one day last week by deputy
Sheriff Bonham, of Long Creek, on a
warrant issued out of the court of
Justice of the Peace J. W. Mack, of
Prairie City, charging him with the
crime of obtaining money under false pre-
tense. To the charge Wellman did not
plead, but waived examination and was
held by Justice Mack to appear before
the grand jury in the sum of \$100 bonds.
Failing to secure bonds in Prairie City
he was brought here by Deputy Sheriff
Bonham to be placed in jail, but fortun-
ately found a bondsman here and was
released.

Wellman is a good scribe, and when
broke, as he usually is, he draws checks
on the First National Bank of Heppner,
in which institution, so its cashier says,
he has had no money for a long, long
time. A number of times he has "dug
up" to save prosecution.

Wellman claims to be a hypnotist and
was in this part of the country last winter
giving exhibitions and writing checks
when broke. He taught a few terms
of school in the north part of the county
a few years back, but the work was too
hard and too legitimate and he quit
teaching.—Canyon City Eagle.

To Consolidate Land Offices

Now that the new federal building
for Baker City is assured, it is highly
probable, according to advices direct
from Washington, that the Burnes and
La Grande land offices will soon be con-
solidated and located in the new govern-
ment building at that place, in order to
concentrate the business of the govern-
ment and also to economize on ex-
penses.

The movement to merge the Oregon
City and The Dalles land offices in Port-
land is a forerunner of this important
step, and it seems only a question of a
few months until Baker City will be
headquarters for all the vacant land in
Eastern Oregon.

One vital reason for this movement on
the part of the government is the fact
that the vacant areas of government land
in Eastern Oregon is now reduced to a
very small amount, compared to the
amount at the formation of the land
office districts, and the extra expense
of office rents and salaries for extra
receivers and registers can be logically
dispensed with, by this consolidation.

The federal building at Baker City
will be occupied by the postoffice and
the land office, and a possible assay
office.

Irrigation Congress

The date of the next meeting of the
National Irrigation association has been
fixed at El Paso, Texas, on Tuesday,
November 15 to Friday, November 18,
and official notices of the meeting have
been sent out by the executive com-
mittee.

Owing to the great activity in gov-
ernment irrigation, this meeting of the
association is expected to be the most
important in the history of the organ-
ization.

The action of the association in the
past has had much to do with shaping
the policy of the national government
in the matter of irrigation, and, in fact,
the national irrigation law was framed
and revised by the committee from this
association.

THE TIMELY RAINS

Big Crops in Morrow County Now A Certainty.

BARLEY CROP HARVESTED

Just at the Time Farmers Were
Beginning to Think Crops
Would be Cut Short for Lack
of Rain it Falls Abundantly.

The rains of the past week are worth
many dollars to Morrow county farmers.
It insures a full crop of spring grain
beside it will make the fall wheat fill,
and the farmers now have no fears on
account of drouth or hot winds, the
season for the latter having past and it
is generally conceded by farmers from
all parts of the country that there is
sufficient moisture to make the wheat
crop.

Barley is a good yield, most of which
is in the stack ready for the thresher.
The first alfalfa and the grain hay crop
is very heavy, and the second alfalfa
crop will be good, unless it is in a few
localities where grasshoppers destroy it.

From every part of the county reports
say there never has been so rank a
growth of wheat. The wheat stands
thicker on the ground, the heads are
longer and filled better than ever be-
fore. Beside the acreage is much
greater than ever before.

Since the late rains the Morrow
county crop is estimated at 2,000,000
bushels, and certainly the indications
are that it will not fall very much short
of that amount.

Sunday's Storm.

A very heavy rain visited the moun-
tain district of Morrow county last Sun-
day afternoon. Both Willow and Rhea
creek were swollen out of their banks
up towards their sources, and along the
valleys of both streams considerable
damage was done to hay crops.

The Penland Livestock Company was
probably the largest losers, as they lost
a large quantity of alfalfa and grain hay
on Skinner creek and Balm Fork. At
their headquarters they lost some hay,
a few small pigs and one end of the
barn was slightly wrecked.

Geo. French, who has a large hay crop
on the Thos. Quaid place on Balm Fork,
is also quite a heavy loser. Claud Her-
ren also sustained some loss on the
same creek.

On upper Rhea creek considerable
damage to crops is reported. We under-
stand that J. M. Hayes, Henry Gay,
Crockett Kirk and Bob Hart sustained a
considerable loss of hay which was cut
and yet remained in the field.

The bridge above J. R. Nunna-
maker's, known as the Rhea creek
bridge, went out. But the spring freshet
so undermined one of the buttments
that the end dropped down so that an
over high water was not required to
take it out.

Towards the foot hills the valleys of
both streams are not very wide and the
excessive rains caused the streams to
overflow their banks, while lower down
neither ran bank full.

Considerable damage to roads from
washouts is also reported.

Big Shipment of Horses.

C. M. Clay, the horse buyer, shipped
from the Heppner yards Tuesday morn-
ing nine carloads of horses, which he
had bought up in Grant county, in the
vicinity of Dayville. The horses were
drove in Sunday, but were held in the
yards until Tuesday morning owing to
delay in getting cars. The horses were
shipped to St. Louis.

To District Clerks.

Dear Sirs: Your district will not be
entitled to any part of the state or
county school funds unless your report
is filed in my office by or on the 11th
day of July this year. Please do not
delay this matter. Yours truly, J. W.
Shipley, Co. superintendent,
