

HEPPNER TIMES.

VOL. VII.

HEPPNER, OREGON, THURSDAY, JULY 14, 1904.

NO. 36.

What a traveling man says of Slocum's Scalpine

Gentlemen: After being troubled several years with dandruff, during which time I tried thoroughly many prominent so-called remedies, also the prescriptions of two or three prominent Physicians; I used a portion of one bottle of Slocum's Scalpine. The result was very gratifying indeed. The dandruff has entirely disappeared and my hair has ceased to fall out. Both hair and scalp are in a healthy condition.

I can guarantee your remedy without restriction. Yours very truly

RESERVE PATROL.

Sheepmen Plead Ignorance of
the Law.

The sheep are skirting the borders of
the forest reserve and Overseer Terrill
is kept busy doing a patrol stunt that is
decidedly strenuous. A number of herds
have been over the lines, but he has
not made any arrests as yet, though the
second offending will beget trouble.

The herders in each instance, par-
ticularly those from Heppner, and Lee
of Baker City, who are near Union
creek, have pleaded woeful ignorance
of any law or regulation which required
them to recognize a limit in ranging
their bands of bleaters. Should they
get over again, Mr. Terrill says he will
have the offenders before the United
States commissioner at Baker City.

He says the sheep have crossed over
the headwaters of both the Sumpter and
Baker City supplies of aqua pura, to the
detriment of both, though not seriously
in the case of the former.

U. S. Commissioner Chance told
Terrill, so he says, that he did not know
under what statutes a case could be
made against such offenders. If such
is the case, the law will prove decidedly
faulty, and the sheepmen will give the
forest reserve officials the hearty ha-ha.
Mr. Terrill proposes to have it tried out
if a second offender is detected.—John
Day News.

This Will Interest You.

Morrow county to be represented at
the Lewis and Clark 1905 fair, and
in order to further the interest and
secure exhibits Minor & Co. will give
the following prizes for the best samples
of fruit and farm product:

1. Best sample Bluestem wheat, not
less than 20 straws and heads, one flour
bin, value \$2.50.

2. Best sample of life wheat, not less
than 20 straws and heads, a bread box,
value \$2.50.

3. Best sample of barley, not less than
15 straws and heads, an egg packer,
value \$2.50.

4. Ten largest and tallest stalks of
corn, a Rochester coffee pot, value \$1.75.

5. Biggest squash, any variety, one
box of soap, value \$1.00.

6. Biggest and best beet, any variety,
2 or more species, a set of decorated
pie plates, value \$1.05.

7. Biggest and best potato, any variety,
5 or more samples, one covered dish,
value \$1.25.

8. Biggest and best cabbage, any
variety, one glass table set, value \$1.25.

9. Best display of apples, plate of 4
or more, one set of cups and saucers
value \$1.50.

10. Best display of peaches, plate of 4
or more, a berry set, value \$1.25.

11. Best display of pears, plate of 4
or more, one set dinner plates, value 90c.

Anything grown on the farm that is
beyond the average in size and quantity
brought to us will be placed on exhibi-
tion at our store and tagged with the
grower's name and address. The best
specimens will be preserved and sent to
Portland and there placed in the Morrow
County booth.

MINOR & CO.

The Portland Commercial Club
has issued a call for a convention
for August 2, and 3, at Portland,
for the purpose of organizing an
Oregon Development League. The
mayor of every city or town, the
county commissioners, president of
every horticultural, agricultural,
stockgrowers, irrigation, dairy and
other association in Oregon, which
have for their purpose the upbuild-
ing and betterment of this state,
will have the right to name dele-
gates. The purpose of the con-
vention is an endeavor to unite
the forces of the state in the mat-
ter of better advertising the re-
sources of Oregon, with the ulti-
mate result of the development
and betterment of the state. Mor-
row county should be well repre-
sented at this meeting as few
counties in the state has more
room for development. Agricul-
ture and horticulture are only in
their infancy, while the great coal
deposit has only been uncovered
sufficiently to ascertain its extent.
Beside our county has various
other resources that need more
capital and new energy.

MORROW AT THE 1905

Samples of All Products of
the County Wanted

HELP ADVERTISE COUNTY

Grain Samples Should Be
Gathered in Bundles 8 or 10
Inches in Diameter and the
Heads Protected.

Everybody in Morrow county
should interest themselves in the
gathering of an exhibit of our
county's resources for the Lewis
and Clark fair. The only cost
attached will be in getting the ex-
hibit together, and if all do their
part in this the expense will be
nominal. Every farmer who has
a nice lot of wheat, rye, barley,
alfalfa, grass of any kind, fruit,
vegetable, berry or any farm pro-
duct of the county he should care-
fully preserve it and forward it
to the committee of the Morrow
county Lewis and Clark Fair Club,
who will see that it is placed on
exhibit in proper shape at Port-
land next year. It is necessary to
collect the exhibit of grains and
grasses, fruits and vegetables this
season as next season's crop will
not mature in time for the fair
which opens June 1, 1905. So let
everyone get in and do his part
toward getting together an exhibit
of our resources that will be a
credit to Morrow county. Our
commissioner, Geo. Conser, Mayor
Gilliam and Judge T. W. Ayers
are thoroughly interested in the
matter and promise to do their
part or more in making a creditable
exhibition of our resources. They
will probably make arrangements
for the depositing of samples of
any kind at Hardman, Ione, Lex-
ington and other points in the
county where they can be secured
at the proper time for shipment.
Samples of any kind of product of
the county is desired, minerals,
wools, cereals, fruit or anything
that is produced in the county.
Every article will be properly
labeled bearing the name of the
person who produced it. It is the
desire that every section of the
county be represented by some
product.

The committee requests that sam-
ples of grain be pulled up by the
roots, and that each bundle be not
less than 8 or 10 inches in diam-
eter, carefully wrapped to prevent
the grain from shattering.

A Narrow Escape.

Sam Meadows had a narrow escape
from death or serious injuries Monday
morning. He drives the bus for the
Palace hotel, and as usual had drove
down with outgoing passengers and was
waiting for the train to back up to the
station. As the train was backing up
the team became frightened and started
to run, and just as they ran across the
track the rear end of the train caught
the bus, cutting it loose from the team,
neither of the horses being injured,
but the bus was turned over, the tugs
broken and one wheel smashed and
otherwise damaged, while the trucks on
one end of the freight car were derailed.

It was a fortunate escape for Sam,
however, who was in the bus at the
time, as he went through the ordeal
without injury, with the exception of
a severe shaking up and a temporary
jar to his nervous system.

The Harvest Begins.

In some localities in Morrow county
wheat harvest is in progress in pro-
gress this week, but it will not be
general throughout the county before
next week.

So far as we have been able to as-
certain the yield will be fully up to ex-
pectations, or perhaps a little better, as
the late rains have greatly benefitted the
crop, especially the spring grain.
