Wheat harvest is in full operation throughout Morrow county this week and the yield is about up to expectation.

Don't forget to save your samples of grain now, the fruits and specimens of woods, minerals, etc., can be gathered later.

The Misses Zylpha and Zetta Hager left last week for Bingham Springs, where they will spend their summer vacation.

Ollie Andrews of the Heppner Drug Co., left Saturday for Pendleton, where he will spend a week looking after some business matters.

J. T. Ayers was in from his Butter Creek farm Saturday with a load of peaches and alfalfa honey, the first of the season's crop of each.

Jay Devin brought in Saturday a sample of wheat from his Sand Hollow ranch for the fair committee. The grain stands six feet high and is well filled.

Vern Duncan came in from Condon Sunday with a race mare belonging to Dave McAtee, of Heppner, which he will train for the fall races here.—Long Creek Light.

R. C. Wills has been chosen as a delegate of the Heppner Redmen Council to attend the Grand Council which convenes at Seaside next week. He will leave Saturday.

Guy, son of Cas Matlock, was brought in from the Matlock ranch on Butter Creek Thursday evening last, and Friday morning was taken to a Portland hospital to undergo an operation for appendicitis.

A fire alarm caused a flurry of excitement Monday forenoon when it was thought Dave McAtee's residence was on fire. However, it proved to be only some dry grass burning back of the house.

E. L. Freeland left last week, as a delegate of Heppner Lodge, B. P. O. E., to attend the National convention of the Elks, which convenes in Cincinnati this week. He will also visit the St. Louis fair before returning.

J. C. Kirk, who was in from Rhea Creek Saturday, says that he lost none of his first crop of alfalfa from the recent storm, but the second crop was damaged some. The damage to crops on Rhea Creek was not nearly so great as at first reported.

F. P. Vaughan returned the latter part of last week from a three week's business trip in the Valley and in the Sound country. He reports crops suffering badly in those sections for want of rain. Not more than a half crop will be harvested.

J. W. Morrow, tax commissioner for the O. R. & N. came up from Portland Saturday and remained a couple of days on business. While here he let a contract for the repairing of the old City hotel building which was partly destroyed by fire recently.

Willard Harren, who came down from the mines Monday, reports the roads in very bad condition on Upper Willow creek. The recent heavy rains washed them badly in some places and in others loose rocks are piled up to such an extent that it is almost impossible to get along with a rig.

Ike Howard was in from Butter Creek Tuesday for a load of supplies.

Harrison Chapin of Hardman, was in town yesterday transacting business.

W. H. French of Hardman, was transacting business in Heppner the first of the week.

W. R. Irwin was a passenger for Portland Monday where he went on a brief business trip.

Mrs F. Hallock and children left yesterday for the Blue mountains for their summer vacation.

Henry Blackman, who has been confined to his room the past three weeks is reported to be improving.

All Saints Memorial church will be closed until Sunday, August 21. John Warren, Missionary in Charge.

T. A. Driskell, who was in from Rhea creek yesterday, reports that he lost no hay from the recent freshet, and that his second crop of alfalfa will be but slightly damaged.

Mrs C. A. Jones and son of Waitsburg, and Mrs. L. G. Atherton of Dayton, arrived Monday to visit for some time with their parents, Rev. and Mrs. J. V. Crawford, of this city.

Atty. C. E. Refield returned Tuesday evening from the democratic national convention and a visit to the World's fair at St. Louis. Mr Redfield was one of the Oregon delegates to the convention.

Farmers are experiencing considerable difficulty in securing labor to harvest their large wheat crop. Most every day there is inquiry for harvest hand, and in many fields they are running short-handed.

Luther Huston, who was in town yesterday from Eight Mile, says harvesting is in full blast in his section, but no threshing has yet been done, only heading, and a fair estimate of the yield is not attainable.

Dr. and Mrs. A. J. Brock returned Monday from Portland, where they have been residing the past ten months. Mr Brock recently graduated from the Portland Dental College and expects to open parlors in Heppner.

A. T. Corlet of Rollins, Wyoming, and Webb Summers of Nampa, Idaho, this week bought the Newt Jones and Henry Cannon bands of horses. There were 150 head in the lot, which was shipped to Chicago yesterday. The price for which the animals sold was not stated.

The amount asked by the Great Southern Railway company to construct shops and terminal works in The Dalles has been subscribed, and now the only thing to be done is to agree upon the conditions. A written copy of these will be presented to the company, and as soon as the contract is signed, the deeds will be deposited in escrow in the bank, waiting for the completion of the work to be delivered. There is no doubt now that The Dalles will be the terminus of a great railroad running far into the interior, and will reap many advantages thereby.—Chronicle.

Rev Swift, who was in from Eight Mile Tuesday, says harvest is progressing nicely and that the crop will be the largest they ever had. The yield will range from 15 to 35 bushels per Acre. Mr. Swift says at Cliff Jones' place the wheat is so heavy that four header beds can hardly handle the grain from one machine, and many fields have as heavy grain, while in others the yield will be lighter. The late rains greatly benefitted the wheat crop, causing the fall sowing to fill well, but the benefit has been greatest to the spring grain, which it was thought before the rains would make scarcely anything, will now yield almost equal to the earlier wheat.

Appoint Delegates.

Wonder if Morrow county will be represented at the State Development League, which is called to meet in Portland August 2, and 3? Other counties have taken the matter up and are appointing delegates, and our county should not be caught lagging behind her neighbors in the matter of a little enterprise. Such an organization can be of great benefit to the state at large, and Morrow county should fall into line and help push the movement along.

Our county judge, the mayors of our towns and the president of any industrial organization is entitled to name delegates, and certainly some of these will take enough interest in the matter to not leave the county entirely unrepresented at a meeting that has for its object the upbuilding of our county and state.

**This Will Interest You.**

Safeguard the Children. Notwithstanding all that is done by boards of health and charitable inclined persons the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Slocum Drug Co.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these tablets.—P. M. Shore, Druggist, Rochester, Ind.
