RAWLINS POST NO. 31, G. A. R. MEET AT
Odd Fellows' Hall at Heppner, every third
Saturday of each month.
G. W. SHERA, Adj. G. W. SMITH, Com.

THURSDAY, SEPT. 1, 1904.

The special rates to immigrants made by transcontinental lines will bring thousands of home-seekers to Oregon this fall and Morrow county will be in line for her share. While our county has not been persistently advertised there has been a large amount of literature distributed throughout the east the past few months, and it should result in bringing many people to our county the next few months. J. A. Woolery alone sent out 15,000 pamphlets, and from other sources our county has been extensively advertised.

It is earnestly desired that all who can conveniently will be present and participate in the organization of a Morrow County Development Club, a meeting for that purpose being called to meet in the city council chambers tomorrow evening by Mayor Gilliam. Other towns of our own county and most of the towns of other counties of the state have organized local leagues to work in conjunction with the state league for the development of the state's vast resources, and if Heppner wants to be classed among the progressive towns of our great state we should be up and doing.

Kuroki, the brilliant Japanese general has done so much to force General Kuropatkin to "regret to report" defeat, is known to the Russians as "Proklaty Polak" (the accursed Pole). Kuroki is not a Japanese, as many have supposed. A few weeks ago it was announced in Berlin by Joseke Oshima, General Kuroki's nephew, that his uncle is not half French, as a French paper declared, but the son of Kurowski, a Polish revolutionist of 1831. After that revolution great numbers of Poles were obliged to leave their native land, and it is said that when the elder Kurowski was dying, he charged his sons to avenge the wrongs which Russia had heaped upon Poland. The son, under the name of Kuroki, is now following out these instructions by pounding the armies of the power that got the lion's share of his fatherland.—Spokane Review.

MAY NOT BE TRUE.

Reported That Trusted Agent Skips With \$50,000.

It is reported in stockmen circles and the story is given some credence, since those who have circulated it are men of good standing, that a trusted representative of B. F. Saunders, a Salt Lake City stockman and capitalist, who has purchased thousands of head of both sheep and cattle in the counties of Eastern Oregon during the past two years, has absconded with between \$50,000 and \$60,000 of Mr. Saunders' money.

The story goes that Mr. Saunders allowed his employe to transfer money from Montana to Portland banks. The money, when deposited in Portland, was to be the employe. He drew the money, so it is reported, and left for parts unknown.

The story may or may not be true. It is very likely however, that if Mr. Saunders has suffered a loss the amount has been greatly exaggerated.—Baker City Democrat.

Resolutions.

At a special communication of Heppner Lodge No. 69, A. F. and A. M., held in their lodge on the 30th day of August, 1904, the following resolutions were unanimously adopted:

Whereas, it has pleased the great Architect of the Universe to remove from our midst our beloved brother, William Barton, and

Whereas, it is just that a fitting recognition of his name and virtues should be had, therefore, be it

Resolved, by Heppner Lodge, No. 69, A. F. and A. M., that while we bow with humble submission to the will of that One before whom all Masons bend the knee in reverence, we do not the less mourn for our brother who has been taken from us. His labors are ended here below, but we trust he has entered upon the higher and nobler life which can only be reached through the portals of death.

To the family and friends of our beloved brother, William Barton, who, as a Mason labored faithfully upon the Temple until called from his work by the Master Builder of the universe, we tender our heartfelt sympathy.

Resolved that these resolutions be spread upon the records of Heppner Lodge No. 69, A. F. and A. M., that a copy thereof be submitted to the family of our deceased brother, and to each of the newspapers of Heppner, Oregon, for publication.

THE FRIENDSHIP OF MONEY

The dollar is always your friend; but a savings bank account is a whole community of friends—the number depending entirely upon your savings. Nothing nicer in times of adversity than this kind of friend.

Better start your "Community" today by opening a savings account.

Savings Accounts.

Every man, woman and child should have a savings account. Franklin says: "The road to wealth is as plain as the road to market; it consists of but two words, Frugality and Thrift." The successful people you see all around you are those who have put aside a portion of their earnings each week, placed them in a good sound bank, like the **BANK OF HEPPNER**, and draw 4 per cent interest, compounded semi-annually.

Your opportunity today is greater than ever. The Bank of Heppner opens an account with you with \$1, and you can add to it as often as you like. Begin to save this week. Do not wait until you have a sum of money; one dollar will open the way for you. If you become ill or lose your position you will then have enough to tide you over your trouble. No matter how little or how much you make, you should save a portion thereof. The same courtesy and accommodation is extended to small depositors as to one with thousands.

Home Banks to Help

We also are able to furnish depositors with small home banks, in which can be placed what you can spare each day or week. When the bank contains \$1 or more bring it in and the amount will be placed to your credit. We will be pleased to have you call and get one.

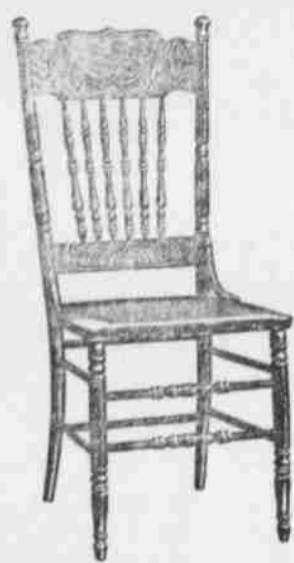

Certificates of Deposit.

If you have idle funds awaiting investment it is unwise to keep them about the house. Bring them to us and we will protect them and issue you a certificate of deposit. We pay you 4 per cent interest.
