**LOOKING FORWARD**  
Take a glimpse into the future a little and see what there will be for your choosing at  
**MINOR & COMPANY'S**  
For this Fall and Winter. While we have not all of these in stock now, we have a few of them, and will have them all later, and many others which we cannot show here

This is an even length walking skirt made up from very fine cloth and in the latest of fashion.

The New Tourist Coat with the Butcher Back will be the smartest thing shown this Fall.

The short form fitted jackets are still in evidence, made up of nice cloth; are a dressy garment.

The most stylish suits will be the severely Tailored garments. The blouse front is still good.

Here is represented the new rain coat for ladies. We have a nice line of these; no two alike. Take orders for special sizes.

While there is nothing specially new in any of the Coats shown for Fall. They are always good; no two alike.

A smart Jacket for the Misses. The Butcher Back is brought into evidence here to good effect.

The long coat for the little ones is the most sensible thing for the winter. A nice assortment is ready for your inspection.

**If You Would Be Wealthy**

Think of saving as well as getting. The habit of persistent saving once begun, opens the way to countless possibilities in success, usefulness and contentment.

A Branch Bank is just a steel box, four inches long, two inches wide, three inches deep. A locked door in front, a slot in one end, a handle to carry it. Just a little box, but it can do great things.

**What a Branch Bank Can Do**

It can make you economical, forehanded, thrifty. It can lessen the evils of sickness or the loss of work. It may sometimes even prevent them. It can help you get ahead in the world. It can help you save money. Think of the people who could have kept themselves from want if they had but saved when they might. The Branch Bank means education for the children, or business when they are grown—a better start in life than you had.
