FAX.

After many months of miserable
hydrant water so trying to the pa-
ience of Job, our citizens have at
last been supplied with a pure arti-
cle from Browser's spring—*Sunny
Climate*.

Pure water never was known in
Heppner, but the enterprising
denizens of the colony make shift
with Natter's elixir of malt. Fine
spring water can be had at some
expense.

A fellow at Omaha, seeing that
the river was raising, baited his
barb wire fence. When the flood
subsideed there were four thousand
fish strung on it.

The money spent for advertis-
ing in this country, it is claimed
by those who have investigated
the matter, would more than pay
the national debt, and the results
secured by judicious advertising
equal in net profit more than four
times the cost.

He that whoopeth up his own
business in the newspaper shall
reap a beautiful harvest in golden
shekels. He that readeth the ad-
vertisements and profiteth thereby
shall have abundance of this
world's goods for little money.
He that chooseth not to subscribe
for his home paper shall wonder
at the intellect of his neighbor.
He who advertiseth liberally gets
the cream of the trade. Old fog-
gies get the skim milk.

A justice of the peace belonging
in the rim-rooked Malheur doesn't
waste many words in performing
a marriage ceremony. He simply
says: "Stand up. Grab hands.
Hitched. Five dollars," and the
job is done.

ROYAL
BAKING
POWDER
Absolutely Pure.

This powder never varies. A marvel of purity
strength and wholesomeness. More economical
than the ordinary kind, and cannot be sold in
competition with the miserable low test, shams
which claim to be pure. Sold only
in CAN. ROYAL BAKING POWDER CO.
