

Local and General.

MASS MEETING.—The citizens of Heppner met at Mallock's hall on last Monday evening according to previous announcement, to look into the matter of celebrating the completion of the railroad to Heppner. Everybody had elbow room, as there were only 19 men and three boys present, which was no doubt due to the fact that it was a very rainy evening, which was doing more for Morrow county than forty celebrations. However, the meeting was called to order by May or Blackman, who stated the object of the meeting. T. W. Ayers was selected as chairman and A. M. Gunn as secretary. A motion was made and carried that a committee of five be appointed to act with the mayor in ascertaining if it was the wish of the citizens of Heppner to have such celebration, and to report the same at some future meeting. The chair appointed the following persons to act on said committee: C. M. Mallory, Geo. Noble, G. W. Roe, A. M. Gunn, T. W. Ayers and Ott Patterson. On motion of G. W. Roe, the meeting adjourned to meet at the same place next Monday night when the committee are expected to report.

GRIT TO THE BACKBONE.—The ranchers of benchgrass have grit and "never say die." A rather poor crop for the past three years don't shake their faith in the country. J. I. Benefield was up from his ranch, six miles north-west of Lexington, last Saturday, and informed us that he is putting in 310 acres of wheat this fall. His neighbors are putting in a large acreage and only ask a fair season for an immense crop next year. In his immediate vicinity, B. M. Booher has in 200 acres; D. C. Crow, 150; Andrew Reaney, 300; J. & M. Evans, 300; J. P. McAlister, 300; Olan Hodson, 200; W. M. Browning, 100; H. A. Yoenn, 125; T. H. Broughton, 100; Millan & Hards, 200; A. S. Parkins, 150; Parkins Bros., 300; W. H. Benefield, 150. In that section of country, but not in his immediate neighborhood, Stockdale & Sons are putting in 400 acres; A. Andrews, 300; W. O. Decker, 120; Chas. E. Armstrong, 220; Morris Long, 250; Chas. S. Kyle, 100; Minn Bros and father, 350; John Brewer & Sons, 80. This is an average of the acreage of wheat, being planted this fall.

SOME FACTS.—Will Harrison returned Tuesday of last week from Long Creek, after a visit of 10 days to that country. He found the town of Long Creek a rather dull place, but with good prospects for better times. The residents are anxiously looking forward to the time when they can trade in Heppner, as it is a matter of 80 miles difference with them between this town and Arlington. They also put some direct questions to Will about what our people are going to do with the road, but, of course, he could not answer. Mr. Harrison is well acquainted with both the Hardman and Spring Hollow roads, and insists that \$600 or \$800, applied judiciously on either, will put them in a condition to deserve the name of roads.

OUR BAND.—The Heppner band has been reorganized under the leadership of F. J. Hallock. This is not proper thing, as no town the size of Heppner should be without a band to furnish music when occasion requires. It might also be suggested that the boys can not be expected to do the work and pay the expenses of keeping up the band. While we do not know that the boys will ask any direct contributions from our citizens, it is nothing more than right that they should be paid for music furnished on public occasions. They will perhaps give some entertainment this winter, the proceeds to go towards keeping the musical ball rolling along at the proper rate.

TAKE WARNING.—Citizens are requested to observe the following, or the same will be enforced: "Sec. 6. Any person, an inhabitant of this town, permitting any dog of which he is the owner or over which he has control to go abroad in any of the streets, squares, lanes, alleys or public places of this town without having first paid the license required by this ordinance, and having the number thereof stamped or engraved on a collar upon such dog as heretofore provided, or number to be put on any dog with intent to avoid payment of license, shall upon conviction be subject to a fine of not less than ten dollars nor more than fifty dollars."

A FAT DISPER.—Ho! you republican, you democrat, you mugwump, or you prohibitionist, who expect to cast your prerogative on the 6th, remember the ladies of the M. E. church will give you the biggest, old-fashioned dinner on that day you ever sat down to. Anything you may want, all for twenty five cents. You will see their sign out on the Morrow building, corner of Main and May streets. The ladies respectfully ask that you do not get so full of politics, that you can't hold anything else. They don't care who is elected so long as they can get to feeding everybody. Proceeds to go toward carrying the new M. E. church.

A REXAWAY.—Tuesday of last week will be remembered as the windy day that played the knight of the pitchfork with everything loose. Walter Brundage was in the mountains on that day with a four horse team, intending to bring out some wood. A tree blew down near the team, and they proceeded to run away. They had only gone about ten rods when one of the wheelers broke his neck against a tree. The leaders then broke out the wagon tongue, smashed a hind wheel, and got away, and were not found for several days. Fortunately Walter escaped injury.

LEO BROKEN.—Yesterday, Fred Berger was thrown off, or rather attempted to jump off a cayuse in front of Dave Herren's place on May street. As he fell, the animal kicked him on the right leg, just below the knee, breaking both bones. Dr. Fox reduced the fracture and the young man is doing well.

ARM BROKEN.—On last Saturday a week ago, Eddie, a little son of Isaac Knighton, of Eight Mile, was thrown from a horse, a family pony, sustaining a fracture of the left arm, just above the elbow. Although the little fellow suffered severely for several days, at last accounts he was doing well.

Frank Ellis was over our way last Tuesday. Will R. Bells returned from Frinewille last Saturday. Johnnie Lewis was up from Castle Rock last Thursday.

B. A. Knighton was over from Eight mile last Thursday. J. M. Humphrey was over from Book creek last Thursday. A. L. Gamage, of the Blues, was in to see us last Saturday.

R. E. Johnson, of Gooseberry, was in Heppner last Monday. Chas. Hatch of the Spring Hollow section is in to see us this week. Mart McCumber, of Gallows, was in to see the first of the week.

Eden Andrews leaves for his home in the Alpine Country to-day. Born in Heppner, October 28th, to the wife of Wm. Andrews.

Al. Roberts made a trip to Pendleton this week, returning last Tuesday. Mr. Lawless of the Newton Ranch, returned from Portland last Thursday.

Dr. W. A. Ritchey is over in the Condon country. He will return this week. Heppner town is lively and looks up much brighter than the proverbial six bits.

Frank Deas, a resident of the well-known Mount Pisay, was in town last Tuesday.

Gov. Ben and family moved into the lower part of the Gallery building last Monday. Messrs. Mallory & Slemon were down from their Rock creek mill the first of the week.

Miss May Bailey, of Hardman, visited friends and relatives in Heppner last Saturday.

Eli Keeney was up from Arlington this week and called on the Gazette folks last Monday.

A. B. Mackey brought and received a thousand head of sheep from Jas. Jones last Monday.

Celena Kitzler now holds the berth of this horse-knight of the pitchfork in this office.

Miss Martha Mallock and Mrs. Price Florence are visiting relatives in Pendleton this week.

Johnny Mallock is fitting up a neat bank office in the Mallory building opposite the Gazette ranch.

We got the Blackman-Homer but a little mixed last week. The second bet was 3 to 1 in favor of the horse.

Mrs. Johnnie Elder fell over a triericle in the dark of last Saturday evening and injured herself severely.

Mrs. John Corran and Mrs. Mendenhall, mother and sister of Mr. S. P. Garrigue, are visiting in Heppner.

The banking firm of Maddox & Fields is now ready for business. See their notice of co-partnership elsewhere.

Daniel Rice, of the well known and prosperous Hardman section was over at the Gazette office last Saturday.

F. J. Kueper and Chas. O. Strauss, two plum, everyday druggists, and gentlemen, too, are in town this week.

HIGH SCHOOL NOTES.

Miss Coa Spencer has been absent from school during the past week on account of sickness. If the city dude don't make himself scarce around school hereafter, some of the larger boys are liable to make a kick.

Miss Ida Swagart quit school last Thursday. It is thought she intends going to school somewhere else this winter. The new physiology class has proved to be a decided success. It consists of about 35 members.

We are having a few literary exercises every morning in the high school. The Professor appoints a leader the day before for the exercises. They are very interesting and instructive.

Miss Annie Shipley, sister of the Doctor, is attending school now. She began just Monday. Our enterprising directors have ordered furniture for the vacant room in our school building. This is a much needed addition as some of our teachers have so many classes that they can not do justice to all. For an instance, here is the programme of Sapt. Stanley's department:

Table with 2 columns: A. M. and P. M. listing subjects like Comprehensve G'y, Nat. Philosophy, Arithmetic, Grammar, Algebra, etc.

Quite a number of scholars have been stopping out of school this week on account of sickness. Among them are Frank Elder and Misses Coa Spencer, Nettie Sloan, Ellen Hart and a number of others, whose names we can not call to mind.

Prof. Stanley will be compelled to have an assistant in a short time. The department he is teaching has so many scholars and different classes that it is impossible for him to hear all the classes recite during the 5 1/2 hours.

ITEMS FROM THE "E. O." The ornamental top of one of the steeple on the Pendleton hotel was blown to the ground by yesterday's wind.

Another freak of yesterday's (Tuesday) of last week, was to blow over a large tree in the yard of M. L. Hasbrouck, which fortunately fell towards the street. Had it fallen on one of the houses in the near neighborhood, the consequences might have been disastrous.

Several mammoth locomotives, forty tons heavier than the passenger engines now in use, will arrive in Pendleton, and will be used solely for the purpose of hauling trains over the summit between here and La Grande. They are dubbed "moguls" by rail-rovers, and are worthy of the name.

Wood-sawyers, with the old-fashioned circular saw and treadmill attachment, have been going the rounds of Pendleton residences lately to prepare the winter's fuel for the stove. The poor horses in use look almost human in their misery and discouragement at traveling unceasingly and never getting anywhere.

W. F. Butler was in town this week on his way to Baker City, to fire the first gun of his campaign tour. Butler is a democrat of the young, fiery and enthusiastic school, and will create a stir among the natives during his travels. He will speak in Pendleton on the night of October 1, and is sure of a good audience.

The other evening, while coming through on his regular run to Pendleton, the Farmington passenger was blocked by a quantity of tumble weeds which had lodged on the track, and only forced its way through with considerable difficulty. These tumble-weed blockades are said to be getting quite frequent on the Walla Walla branch.

DEAD.—On Oct 10th, at his home near Kirkville, Mo., John R. Adkins, after a week's illness. He had been a resident of that county since 1854, and was highly esteemed by all. It is rather a peculiar coincidence when we note the fact that his brother, Uncle Frank Adkins, died on the same day at the home of his nephew, Jas. Adkins, on Rheas creek. Both were ill about the same length of time.

A W. C. T. U. Meeting.—Under the auspices of the W. C. T. U., Mrs. Ann Riggs State Pres. of the W. C. T. U., will hold a gospel temperance meeting in the Baptist Church next Sunday evening. She will also lecture next Monday and Tuesday evenings in the M. E. Church. South. She would like to meet all the ladies interested in temperance at the M. E. Church, South next Saturday afternoon at 3 o'clock.

Notice of Co-Partnership.—We the undersigned have this day formed a partnership for the purpose of carrying on a general banking business in the town of Heppner, Oregon. Said firm or business is to be known as the Good Bank of Heppner and its banking house is located on the corner of Maddox & Fields.

J. G. MADDOCK, LOUIS MADDOCK, HENRY FEELDS. Dated Nov. 1st, 1888.

W. C. Reininger, of Spring Hollow, was in town last week, and called in to pay Henry's account with us. The old gentleman is quite broken-in at the loss of his son, but stated that he was proud to pay his debts. Henry Reininger was an honest, straightforward young man that any father might well be proud of, and his loss is keenly felt in his circle of acquaintances.

The completion of the railroad will be delayed a few days on account of lack of iron. In the meantime, the bridge-builders and the pile-drivers are kept busy, and when iron is received, there will be no delay in the work. It is reported that the company are putting heavier iron on the mountain division, above Pendleton, and will use the old iron on this branch.

Many prosperous farmers and stockmen of the John Day and adjacent sections are preparing to move to Heppner to live and school their children, we are informed. Mr. Henry Welsh, one of the most prominent stockmen of that section, has already located here and is expected largely in Heppner real estate.

Geo. Hulth, the original Geo. Hulth, that is to say, George Washington Hulth, representing Porter, Stoeninger & Co., of Frisco, was in town the first of this week. He sold no better this time, but disposed of some boots and shoes to Heppner and Blackman. The good wind went with him, but the bill at wasenacht.

THRIFT AND TRADE.

Wall paper at Minor, Dodson & Co's. Mrs. S. P. Garrigue has added cloaks to her neat stock of ladies' furnishings goods. If you desire the latest and neat styles, call on her. Just received a choice lot of gill-edged, Canaan prairie butter at Johnston & Smith's. Try it!

Next Wednesday has an office but he don't occupy it but very little. His business is at the forge, mending broken agricultural machinery, shoeing horses and the like, all of which will not only benefit the Heppner country, both as to price and quality of work. Gilliam & Coffey are prepared to fit a sloop and C. have drugs and other necessary truck down to bed-rock, so that they will sell you nails to fix up your fence when your neighbor's cows break it down, or fit you out with kitchen tools when you get married.

A full supply of school books and stationery at Minor, Dodson & Co's. If you want a neat young man, not only neat and attractive in appearance but also able to do good service in getting the water of the Heppner hills up to the surface, call on Leaser & Thompson.

Sacks furnished for wheat at Sperry Mills. Messrs. Wagoner & Smith are selling all kinds of groceries at astonishingly low figures, and will pay every inhabitant of these ancient Heppner hills to patronize them. Their store, opposite Minor, Dodson & Co's.

There's no use looking blue, even though wool don't sell very high. E. J. Sloan & C. have drugs and other necessary truck down to bed-rock, so that a little money will buy an arm load.

Rasmus, the dentist, will fill teeth, or extract the same in a scientific manner. It is a fact acknowledged by all "art organists" both of Europe and America that the "Estey" is the sweetest voiced, most handsome and easiest to play, and quickest in response to touch of any organ manufactured in the world.

Gents, if you need anything in the furnishing goods line, call on Vanstrom. He has a full line of customers, percales and handkerchiefs; also a full line of boys' shirts and underwear, children's suits, knee pants and waists, all cheap for all kinds of hardware, tinware and crockery, also wagon and farm machinery, pumps, pipe, nails, etc. for sale by the new firm of Gilliam & Coffey.

The firm of Johnson & Smith are prepared to furnish you with fresh vegetables of all kinds of fresh groceries. Look well to your interests and patronize them. Flour exchanged for wheat at Sperry Mills.

When man gets so that he can't speak pleasant to his wife, he must have either the chillbrains or the toothache. Dr. Vaughan, the dentist, is a rare cure for the latter.

From the District Attorney of Washington Co., New York. WHITE PLAINS, N. Y., April 10, 1888. I have received many letters in reference to my testimonial, lately published, commending ALCOCK'S PLASTER.

I cannot spare the time to answer them in writing, therefore would advise you, through the press, that I have found ALCOCK'S PLASTER invaluable as chest protectors and shields against snuffs and colds. Furthermore, I have found ALCOCK'S PLASTER unspelled for pains in side, back, neck, and joints. NELSON H. BAKER.

A NEW DISCOVERY.—Some interest has been manifested in the Thirty Mile fields, but a discovery has been made right here in Heppner which promises to beat any former "finds" in this region. The discovery of this rich country has discovered that Kirk & Younggren have just received the largest stock of window shades ever brought to town. Shades cut to fit windows without extra cost.

DISTURBANCE OF THE HEART.—Heart disease is like an assassin, which creeps upon you in the dark, and strikes you when you are unprepared. Therefore, do not overlook any uneasiness in the region of the heart or disturbance in the action, but at once take Dr. E. B. Riddle's Descriptive Farmington passenger was blocked by a quantity of tumble weeds which had lodged on the track, and only forced its way through with considerable difficulty. These tumble-weed blockades are said to be getting quite frequent on the Walla Walla branch.
