

Local and General.

A BAD MISTAKE—On last Sunday, China "Jack," who is herding sheep for McAttee & Spray, came to town and complained that a boy named Andy Hunsion had robbed him of his knife and pistol.

Late Sunday evening, Sheriff Howard discovered the boy down at Charley Lind's place, watching the railroads driving piles, and he was brought to town and put in jail. At his examination on Monday, he denied taking the knife at all. He admitted taking the pistol, but claimed that there was no intention of theft. He stated that he had gone to the camp to get on old cut which had put up as a "scarecrow" while herding for McAttee & Spray before the Chinaman went to work.

The latter had drawn the pistol on him, and in order to protect himself, took the pistol away from "Jack" and was afraid to give it back. He claimed to have told Mr. Lind and John Breeding about the difficulty, and Gov. Rea, before whom the examination was being held, therefore continued the trial till 10 o'clock on Tuesday, and summoned these parties as witnesses, who positively stated that he had told them nothing of the kind.

In consideration of the youth of the boy, the court made the punishment as light as possible, and sent him to jail for 30 days. It was explained to him that he not only committed the crime of grand larceny, but in order to evade punishment had perjured himself, either of which would have sent him to the penitentiary if the matter had been pushed, and it would have been a boy 15 or 17 years of age. This will no doubt teach him a lesson that he will never forget.

The trouble in which Andy now finds himself is very much regretted, as his father, Nelson Hunsion who is now in the Walla Walla county, is highly respected as an honest, straightforward citizen. We will say for the young lad that as far as known, he has always borne an excellent reputation here, and it is believed that he really never considered that he was committing a crime, but was taking revenge on the Chinaman for rapping him in the job as he believed, it might be said for the benefit of boys generally, this should be a warning to adopt honest and legitimate principles, and that any other will surely lead to the walls of the state prison and everlasting disgrace.

The truth, it will be learned, is always the best, and will do a great deal towards tempering just punishment with mercy, while a falsehood will surely make matters worse.

A THANKSGIVING FOR ALL—Gov. Sibley issues the following original Thanksgiving proclamation: "By authority of the established custom of this country, I hereby designate the last Thursday of November as Thanksgiving day for the year 1888. I recommend that on that day, the people of Washington Territory do assemble in their places of worship, in their school houses and society halls, in their log-cabin camps and miners' cabins, on their ships and by the firesides of the rich and poor in the city and country, and there give thanks to Almighty God for His infinite goodness to us and to all men. If any homeless ones be seen standing by the wayside on that day, I trust that those who are more fortunate will care for them, that they may see the silver lining to the clouds and feel the sunshine of kindness for a moment, and not despair of human nature. Such bread will return in blessed form to those who eat it upon the waters."

Idaho elects a republican delegate to congress. O. W. Decker of Alpine, was up last Monday.

Harry Keyte was around our way last Thursday. Gilliam county gave a republican plurality of 161.

Charley Talbert was over from Eight Mile last Friday. Arizona elected a democratic delegate by 3000 majority.

S. M. Lawrence, postal inspector, was in town this week. It is now thought that Grandpapa's hat fits Benny to a dot.

The democratic plurality in Umatilla county foots up about 23. Mrs. H. Hallock, we are pleased to say, is improving rapidly.

Mrs. Jay Gould is quite ill and liable to pass away at any moment. Mrs. Dr. Basma is quite ill with congestion of the brain.

Eons.—In Heppner, on Nov. 11th, to the wife of Wm. Morrow, a girl. Uncle Charlie Chebrau, moved into the Dick Hall property last week.

Engineers Bush and Hawkins were over at our ranch last Thursday. John Ambrose and Bill Lunsford are over from the Long Creek country this week.

Jack Deas left yesterday for his home in Portland where he will remain till next spring. Morrow county gave a plurality this time of 119, just 39 more than in the June election.

Frank Kellogg has moved his law office to the First National Bank. See card in this issue. Miss Martha Matlock and Mrs. Price Florence returned from their visit to Pendleton on last Friday.

Come down to town and subscribe for the GAZETTE. There are no winged insects basking on this sheet. Rev. Dennis has taken up his residence in Heppner, moving into the house of A. A. Crawford, down on Main street.

Mr. Denison, brother of Mrs. Jas. Jones, is in Heppner this week. Mr. D. is the general ticket agent of the C. B. & Q. railroad.

Mr. Wm. Dent, our old friend, who very ably represents the firm of Chas. H. Dadd & Co., was out on our only home ranch yesterday. The returns of the election in Georgia, show that the democratic candidate for governor received 12,250 votes with only 400 votes against him.

Hon. W. H. Barnum, chairman of the National democratic committee, is reported as having died on the 11th inst. It has since been contradicted. Pro. T. C. Neece, after a severe struggle with the fever, is around again, looking after the delivery of organs which have long been delayed by his illness.

M. Johnson is up from his valley home, and although we do not understand why it is, yet we know that the boys are regarding him with suspicion. Frank McFarland, of the firm of Coffin, McFarland & Co., came up last week returning on last Monday. His firm will establish a branch house here next spring.

Mr. C. E. Davis and bride are visiting in Heppner. Mr. Davis is a brother of Mrs. C. M. Mallory, and they are on their way from Portland to their home in Union.

This part of the woolly west was visited by a "chink" on last Monday, but recent rains have laid the dust so it occasioned very little inconvenience to residents. The reports come over from the John Day that a Chinese herder was shot at over there a few days ago because he was on range claimed by stockmen, and refused to move.

Mrs. S. M. Carran and her daughter, Mrs. E. P. Mendenhall, of Ohio, returned to Portland last Tuesday by way of the new railroad, after a few week's visit to relatives in Heppner. Mayor Henry Blackman returned from a short visit to Portland last Saturday. He has made three trips over the railroad and proposes it in fine condition for a new road.

Married—At the residence of Geo. Noble on Wednesday evening, Mr. M. Johnson to Miss Mollie Gilliam, G. W. Rea performing the ceremony. The couple have our best wishes. An exchange of matrimonial opinions on the occasion of the word "Salary." The question of devotion don't worry the American people so much as the size of it. That was the pinch comes.

Homor H. Hallock and wife returned to their home in Portland yesterday. Fred went down with them and will make his future home down there, having secured a position in that place. Uncle Tommy Scott, an active republican from Fine City precinct, was over last week with the returns from his voting place. Mr. Scott has many warm friends. All political preferences in Heppner.

A Washington special indicates that Blain is not expecting a position in the Cabinet. He expects something better no doubt. It's a very steady day when Mr. Blaine lets pass a good thing unless it looms up about that way. Some mathematical folks have discovered that inasmuch as most people are without a rule, a silver dollar does just as well, which is 1 1/2 inches in diameter. Every one does not carry a rule, or a dollar either for that matter.

Geo. Thomas came up from Arlington last week, returning on Saturday. He was intending to leave for a visit to his home in Indiana on last Monday, and if nothing has interfered, he is no doubt on his way to the land of "Posy." A cold wave struck this part of Eastern Oregon on last Tuesday night, covering these time-honored hills with quite a skiff of snow, but the sun came out warm yesterday, melting it away except in patches. It was some colder last evening, the thermometer registering 24 degrees above zero.

Ward Douglas, special agent of the New York Life Insurance Co., is in town.

NEW YORK LIFE INSURANCE COMPANY.

Ward Douglas, special agent of the New York Life Insurance company, is in our city in the interest of this "Old Reliable" company. The New York Life is forty-three years old, with over eighty-three millions of dollars in assets, and you don't have "die to win." Another advanced plan of insurance by this company is that every dollar paid as premiums is returned with the insurance in case of death. The following letter speaks in highest terms of the plan introduced by the New York Life:

First National Bank of Chicago, Chicago, Aug. 28th, 1888. Messrs. W. H. Waller, S. M. Sloan, General Agents, New York Life Insurance Company, Chicago, Ill. GENTLEMEN: I beg to acknowledge receipt of your check for fourteen thousand nine hundred and fifty and 41/100 dollars, in settlement of Policy No. 48,809, life of J. Sherman Hall, as follows: Face amount of Policy, \$45,000.00; reversionary dividends, \$2,704.65; premiums paid, \$7,155.75; total dividends, \$9,950.41; total amount paid by the company, \$14,906.41.

The above is the most remunerative return in settlement of a death-claim that has come to my notice, and your promptness is unusual and very satisfactory. (Signed) Respectfully, L. J. Gair, Vice-President.

FURN.—The crosscut, sourst, grumpiest and grumpiest passenger conductor on the line, named Larsen, is in trouble and people from Green River to Huntington tenderly ask if it is sufficient to hang him. He kicked a passenger off his train while running, was arrested at Peacote and committed. Perhaps it would have been better if the victim had settled with his gun. Larsen has been promoted car-fractionator to a freight, and his removal leaves a full corps of gentleman punchers. Gese, Riche, Francis, Johnnie Mac, Ball and Bell are good enough for any line.—Atlas. The fat roster that runs the GAZETTE sheet, had some experience with this same conductor last winter, and rejoices that the O. S. L. company have concluded to secure passenger conductors who are gentlemen, at least.

WHAT IS LEFT.—Over at the Palace saloon, under the care of Dick Neville, are some little mementoes of "the man of destiny," viz an 18 inch collar, a Tammany badge on which is pinned a Cleveland ticket with the following inscribed on the opposite from weather side: "Cleveland's collar. Presented to the Palace saloon, by Mayor Blackman." Surmounting these interesting relics, is a profile of the Mayor in deep mourning. The democrats feel pretty good in the hour of defeat, and philosophically remark, "Cleveland defeated himself and we can certainly stand it."

THE ELECTION.—Harrison has without doubt carried every northern state except Conn. and New Jersey, and perhaps the southern states of Virginia and West Virginia. Not only has there been republican gains in the states but the territories of Montana and Washington elect republican delegates to congress. For the defeat, Cleveland alone is responsible. His tariff principles did the work, and honesty of purpose in his measures advocated does not tend to make democracy feel any better in the hour of defeat. He should have done better with the federal patronage at his bidding. But such is American politics.

A SMALL FRY.—On last Monday evening, Mr. M. Litchenthal's little child, while playing with a lighted candle horn at his residence on Main street ignited the tablecloth, but prompt action on the part of Mrs. Litchenthal and others prevented any particular damage being done. It was fortunate, indeed, that it was discovered in its incipency.

BURGLARIZED.—On Tuesday night of last week the Gooseberry store of J. D. Kirk & Co. was broken into by way of the rear door and a considerable amount of dry goods and groceries taken. Parties are suspected, but no arrests have been made. Burglaries are something of which this country has been free heretofore.

Newt Williams came down from Greenhorn yesterday where he has been since last spring looking after his mining interests. He has seven claims over there of which the "Silver King" and "Kingston" are, perhaps, the best.

M. DeArmond, a highly respected citizen of Arlington, died at that place, a week ago last Saturday. Mr. DeArmond was a member of the Masonic order and was buried under the auspices of the fraternity on the following Sunday.

The remains of Mr. W. G. Brown, the attorney who died at Arlington last week, were taken to Turner, Or., for interment. It was stated in the GAZETTE last week that his remains were interred in the cemetery at Arlington, which was a mistake.

Another in the series of White Chapel murders is again "at the people" of London. In this case, it is a woman, and her body was mutilated in a horrible manner. This atrocious deed has written a letter to the police of London, defining them to detect him.

Frank Kootz returned a few days ago from a trip to the upper country. He reports general prosperity in that section. Colfax, where Mr. Kootz formerly resided, has grown to be quite a little city, with electric lights and other evidences of a healthy growth.

Which was it? Bacon or Shakespeare. The authorship of the dramatic productions attributed to the last of the above named is agitating literary circles to the very centre, but affects the practical masses far less than the momentous question, how to regain or preserve health, that essential of bodily and mental activity, business success and the pursuit of happiness. We can show you far more light on this latter subject than the most profane Shakespearean can do on the question first propounded. If the system is depleted, the nerves shaky; indigestion or constipation bothers one at times, or constantly; if the skin is yellow and tongue furred as in biliousness; if there are remittent twinges of coming rheumatism or neuralgia; if the kidneys are inactive—use Hostetter's Stomach Bitters, the finest purgative of an age profile in beneficial and successful remedies.
