WRITING MACHINE CABINET and OFFICE DESK

left writing desk when the machine is not in use. The table on which the machine reats is so evenly halanced by our patent adjustments that it needs but a
slight touch to bring the machine in position.

Second.—The advantages of the savinging table
are: The table is so balanced near its center on patent malcable iron arms, that when the machine
brought in place for use, it does not depend on ropes
or hangers at rear of platform for support, but is held
rigidly in place by sts own weight, making it impossible for the machine to be tumbled down an incline in
back of desk by the breaking of a rear support. The
machine rests on patent shides which keeps the machine
in place, and can be drawn out beyond the desk, well
un'er the operator's hand.

This — The construction of the lid closing
machine space unlies it air tight, and the table havsing felt around it is boarders theroughly protects the
machine from dust.

Fourth.—The foot rest and the construction of
the table adjustments makes the desk as ridged as
though the top was one solid beard, which is a matter

Fourth.—The foot rest and the construction of the table adjustments makes the desk as rigged a though the top was one solid beard, which is a matter of great importance where a solid type-writing table is required. No operator can do good work on a shaky table. Lastiy. The eshinet is a splendid piece of cabine work. We manufacture them in Walmut, Amaque Oak, Natural Oak, Natural Cherry, Cherry imitation, Malnegany and Ash. Agents wanted to sell these cabinets, and where we have no aspecies established we will sell direct from
