ernment grass.

The attention of these commissioners must be called to Morrow county's semi-desert land. Flowing alongside is the navigable and beautiful Columbia, whose waters diverted from their county and considered from their county and c diverted from their natural course to the great Pacific, would render this the cream of our agricultural lands, relegating the sand-tond and coyote to more remote and less enterprising districts. Sagebrush and greasewood would disappear along with these old and familiar resipitable home of the farmer and ables of all kinds at good prices. fruit-raiser, and furnish to the markets the choicest productions of to size. the orchard, garden and grainfield to the benefit of our country, our The prices in Chicage are as follows: Fine, 17/9/23, fine medium, half blood, 196:25. Northwest, in which we all have a mutual interest.

THE WHEAT CROP OF THE PACIFIC STATES.

From California comes the encouraging report of a large wheat crop. It has been estimated that 2,000,000 tons of that cereal will round steak, 1212 cents; roasts, 10 cents; boiling, 5 to 8 cents. Mutton, 1214 be raised in the golden state this cents, best quality, season. A telegram to the Orcqonian gives figures that are startling to the non-observer who passes erop of California. It says:

"A little calculation shows that fowl imposition. this would load 200,000 cars, Allowing thirty feet to a car, it would make a train 1,136 miles long. It Tochickens, saffron-legged .... \$6.75 would require over 500 cars a day for 365 days to take it out of the state. It would load 2,000 ships, allowing 1,000 tons to a ship. Allowing fifteen sacks to a ton, and each sack thirty-two inches long. and lay them end to end, and they would reach 15,150 miles and have one sack over.'

Oregon and Washington are no less prosperous this year, and will produce fully as many bushels as California in proportion to the acreage. This enormous amount of grain will seek largely a foreign market, and suggests a big business for the various transportation
