Little Dick, Swagart's Morrow county horse, has won a race out of its class this season, and set a gait in quarter dashes that has never been beaten.

Remember that all paid subscribers to the GAZETTE are entitled to a brand notice, free of charge. This benefit is worth more than \$2 to the stockman.

Mrs. May Evans, of Walla Walla, Grand Lecturer of W. B. C. of Washington, instituted and installed Burnside Corps, with 32 charter members, last week at Walla Walla.

Geo. Harrington, representative of Doric to the recent session of the K. of P. Grand Lodge at Astoria, got home early last week. He praises Astoria in her treatment of the boys.

Jack Gray, a former resident of Morrow, but for the past two years a resident of the Long Creek country, moved to Heppner last week for the purpose of schooling his children.

T. W. Marshall got back from Walla Walla on yesterday's train. The advent of that brand-new boy in Tommy's family don't seem to have disturbed his equilibrium in the least.

Ralph Dittenhofer, representing Dittenhofer, Friss & Co., got back to Heppner last Friday from a trip to Long Creek, Canyon and Prineville. He went back on Saturday's train.

J. F. Spray is over from Haystack, and reports a wonderful improvement of Morrow's part of the Heppner-Haystack road. Much work has been done on that part of the thoroughfare recently.

Ben Hunsaker has made extensive improvements in his livery stable, opposite Natter's Brewery, and took charge of the same Tuesday, where he will conduct a first-class livery and feed stable.

The GAZETTE mannet R. C. Breeding, of Haystack, in town yesterday. His crops over there are very good this year, but the general average came out all right for the country east of the mountains.

Two horse thieves named Fred Matlock, aged 25 years, and I. E. Deborn, who is a mere boy, were arrested and taken to Lewiston, Idaho, for trial. They are now held in Walla Walla for stealing horses.

Lime is lime this year. The big fires of Washington's towns have made a demand for all the product of their kilns. Our builders had better work to get a supply of this article, but finally found it at the Baker City kiln.

Through the kindness of Dr. L. F. Shipley, the GAZETTE man was permitted yesterday to see a scab parasite—generally termed a scab louse, as it appeared through a microscope. It looked not unlike a turtle with six legs.

The GAZETTE has plenty of old papers at six cents per hundred. The boxes for lining cabins and putting under carpets, and are not bad for the entertainment of the horse. The bustle trade, however, has gone glimmering.

The new state of Washington appears to have two very great men. Aspirants for the two senatorships can be counted by the dozen. We for the politicians and aspirants will ignore the wishes and interests of their party and the people.

Delinquent subscribers must come to the front with the cash or its equivalent. We need the money. Promises to pay in wood are good enough, but where is wood? Promises don't make steam for our engine or keep us dry in December.

Two dollars and fifty cents is a small sum of money, but one hundred times that amount is \$250. A little mental calculation on the part of patrons who are in arrears will insure to the editor three square meals a day and a Sunday rest.

No tidings of the last herder, Pete Schmidt, have reached the settlement up at the Potts. Schmidt's employer owed him \$600, so the oft told tale of financial troubles could not have forced this mutton monarch to seek another clime.

Ed. R. Bishop, cashier of The National Bank of Heppner, while industriously splitting wood last Tuesday, had the misfortune to cut his right foot. At present he is compelled to use crutches to render walking anything like an agreeable job.

A letter from little Edith Vaughan to her father, Dr. B. F. Vaughan, states that she was well pleased with her home at St. Joseph's academy, where she is attending school. Her letters show a marked improvement under the instruction of her teachers.

THE GRAND RONDE VALLEY RAILROAD.—Owing to the great length of time taken to secure the subsidy, and the greater difficulties encountered in crossing the Blue mountains than expected, Manager Hunt has written the Subsidy Committee that it would be impossible to complete the road to Union as proposed, and that it would be necessary for the subscribers to agree to an extension of time. He now proposes to commence work in Grande Ronde valley on or before March 1st, 1890, and build at least 20 miles of grade between Union and Indian valley by August 1st, 1890; and further, to complete the line from some point on the O. & W. T. Railroad to Union, Or., on or before December 1st, 1891, provided a subsidy of \$100,000 is raised and the time changed to conform to this proposition, right of way and depot grounds to be secured from Union to summit of Blue mountains.

He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. EDWARD A. WILSON, Williamsburg, King's county, New York.

VALUABLE ADDITIONS.—G. W. Wright, Esq., has laid off into lots and blocks, with the addition of local talent, will put on for the entertainment of Heppner people, Saturday eve, Nov. 2, the famous historical drama, "Robert Emmet." Mr. Wright has a considerable talent in not having the least semblance of eye-balls. The orifice where the eyes should have appeared is but slightly marked.

CHANGE OF "CONS."—Ben Emrick, who has been "con" on the Heppner branch since the advent of the first passenger train into Heppner, was transferred to the main line last week where he takes charge of a freight. Mr. and Mrs. Emrick will make their home in the Dalles for the present. Kelly, the new conductor, who with his family, will locate here.

FAIRHAVENWARD.—Mr. and Mrs. Taylor Dodson returned from their trip to Fairhaven, Wash., last week. This town is situated in Whatcom County, and is the terminus of the Fairhaven & Southern railroad. This band of fine bucks will be found up at Mr. Herron's ranch on Balm Fork. Prices for thoroughbreds two years old, \$20; yearlings, \$15; high grade merinos for mutton and wool, \$10. The police were looking for other interested parties in the scheme.

"WE POINT WITH PRIDE" To the "good name at home," won by Hood's Sarsaparilla, in Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if it did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

DESERVES PATRONAGE.—Billy Morrow has recently taken charge of the livery and feed stable, well and favorably known as the "Jones Stable," where he hopes to see his old friends when they come to town, and have a continuance of former patronage. Don't pass Billy's stand with your horses, but drive right in. Feed and rig hire very reasonable. 44-

Free stable room to purchasers of grain and hay. Teamsters can put their wagons under shed in bad weather. Don't forget the place; first stable on upper Main street. Hunsaker feeds as cheap as the cheapest.

FROM THE NORTH FORK.—John Lakin, of Tex's bar on the North Fork, was in Heppner last week. He has some places mines over there which give every evidence of paying well when the proper appliances are secured for sluicing. The banks being very high, hand sluicing is out of the question, and in the spring Mr. Lakin thinks of putting in a "Giant" which will do more work than a dozen men with shovels. With the prospects in sight, he hopes to do well.

S. L. & P. M. Buel, who live 16 miles beyond Lone Rock, came in last week through the much-talked-of Buttermilk canyon to lay in their fall and winter supply of flour which they found at Sperry's mills. They say that it is impossible to haul large loads from Heppner to their section owing to bad roads. It is to the interest of Heppner to have good thoroughfares in every direction, and particularly to Lone Rock.
