Uncle Tom Scott was up from Alpine last Monday, and paid this office a pleasant visit. Miss Minnie Matlock, daughter of Mr. and Mrs. E. L. Matlock, is on the sick list this week.

It would be well to note the new professional card of Dr. B. F. Vaughan. He is a reliable dentist in every respect. Hood's Sarsaparilla cures scurvy by expelling impurity from the blood, which is the cause of the complaint. Give it a trial.

Lige Hendix was over from Morrow's Camps prairie last Friday and Saturday. He reports that vials in a prosperous condition. A week ago last Saturday, O. T. Douglas, of Douglas station, started for Central City, Neb., with three carloads of horses, all well broken.

A week ago last Saturday, S. T. Tippett and Albert Ayers had a little boat with their horses up on Little Butter creek for a small party. Yesterday's race was a 5 furlong. Our town council has done good work in closing up the schools and churches and prohibiting all public gatherings for a time. The general health of the town demands such a precaution.

Fred E. Wilmarth has given up rutting on the range, and will return to the "cave." He leaves for Portland this week. Fred is a genial and interested young man, and this shop wishes him success. Blackman & Co.'s establishment the past season and he will undoubtedly enjoy his vacation.

Pat McMahon got back to Heppner last Thursday, after an absence of several months in the Dewey country, where he has been working for Whittier Bros. He will likely spend the winter in San Francisco. A newspaper is a good index to the business enterprise of a town. This is a fact fully appreciated by Mat Lichtenhan, our enterprising book and stationery man, who, this week, before the public his choicest goods in a new and larger ad. Mat is one of our merchants who is not afraid to let loose a few dollars in legitimate newspaper advertising, because it pays.

THE DAY OF DOOM!

Peter Sullivan Dies on the Gallows for the Murder of John Bronk. THINGS HIS SINNS HAVE BEEN FORGIVEN.

Does Not Complain or Mour at his Fate. Special Edition Grant Co., News.

This afternoon Peter Sullivan was executed as per sentence passed upon him last September by the judge of the circuit court of Grant county.

The crime for which Peter Sullivan was tried and convicted, was that of murder, committed in the early morning of the first day of last April. John Bronk was killed in his cabin on Pine creek a few miles east of here, the cabin being owned only by Bronk and Sullivan, the latter being much the stronger man.

Sullivan, after having committed the deed, repaired to a neighbor's house and stated that there was a "dead Dutchman up the creek," and that he had killed him. He stated that the deceased had made an assault upon him, and that for self preservation he had shot him. Sullivan then came to town and surrendered himself to the authorities.

A coroner's inquest established the fact that the victim had been shot once in the center of the back with a Winchester, and had two other wounds about the breast and side. Evidence went to show that he had been lying on his bed on his side with his face toward the wall, and was evidently asleep when shot in the spine. Therefore, at the conclusion of the preliminary examination before Justice of the Peace, N. Hulison, Sullivan was held without bail to appear before the next grand jury, which, according to the evidence in their hands, indicted him for murder in the first degree.

The case was tried at the September term of circuit court for Grant county, District Attorney Egan and M. D. Chifford prosecuting. S. S. Denning was appointed by the court to defend the prisoner. Egan's only plea was "not guilty." The jury was the examining jury, and the only plea for insanity which could have tempered the degree of justice. This failed, however, to bear the test, and the jury's verdict was that of "guilty as charged in the indictment." Judge Ison pronounced the sentence that he be hanged Nov. 15. Prior to passing the sentence Sullivan was asked if he had anything to say, and replied that "his life was a misery to him," and that he "preferred to have it over with as early as possible."

Shortly before two o'clock this afternoon (Friday, Nov. 15) the prisoner, assisted by Sheriff Gray and deputy Eads, mounted the scaffold. When asked if he desired to make any statement his only reply was to "show respect to his body," his limbs were pinioned and the black cap adjusted, and at precisely 2:01 the drop was sprung. The knot slipped around under the victim's chin, and the horrible convulsions of the body were discernible for eight minutes. At the end of nineteen minutes Drs. Orr and Pruden pronounced life extinct, and after hanging twenty-eight minutes the rope was cut and the body lowered and placed in a coffin, and conveyed to its last place of repose on the hill without a friend to shed a tear over his departure. So ended the earthly career of the second murderer executed by the sheriff of Grant county within a period of seven months.

From the time of his sentence till a few days prior to his execution, Sullivan appeared in good spirits, the least of his troubles being his approaching doom. But his deportment during the last two or three days of his life, evidenced a troubled and restless spirit. Feeling the dread hour of death approaching with certainty and all its uncertainty about to dawn upon his guilty soul, his rest at night was broken, and his food often remained untouched. Rev. Mr. Eads and other religious men were then called to his side for religious counsel and all the bravado which had marked his career had vanished. A short time before the hour of his execution he informed a News reporter that he had repented of his evil deeds and felt himself forgiven; that for the past three years life had been a misery to him, and he had no rest. He was satisfied with the result of his late trial, and preferred hanging to life imprisonment. No mention was made of the man whose soul he had harried into eternity.

Old papers at the GAZETTE office at 75 cents per 100, or two bits a bunch. If. Chas. Streas, representing the well-known boot and shoe firm of Buckingham & Hecht, called on Heppner's merchants last week and disposed of a large amount of their celebrated goods.

Mr. Yawter Crawford, our foreman, left yesterday morning for a short visit to his home in Watsburg, Wash. Yawter has done faithful work since he took charge of this office, and needs a vacation.

Professor Loissette's Memory system is creating greater interest than ever in all parts of the country, and persons wishing to improve their memory should send for his prospectus free as advertised in another column. At 48-51.

The report that James Jones lost 300 head of sheep on the Middle Fork through settlers in that section, is without foundation. The GAZETTE copied the same from the Long Creek Eagle, but his reporter in this instance was not a very reliable one.

Will Scrivner, our Upper Main street wagon-maker, visited Arlington last Friday. He does not report a very thriving condition of matters down there, yet the main business houses of the town seem to be thriving, particularly the pioneer house of J. W. Smith.

Heppner's public school, churches and all places of public gatherings are closed by order of the City council, on account of the contagious sickness which is now quite prevalent in Heppner, to be opened at such times as the council shall deem it best for the public health.

The Long Creek Eagle and the Heppner GAZETTE, \$3.00 a year, strictly in advance. The regular subscription price of both papers is \$4.50. Heppner people, you should know something about the interior country. You expect to get business from that section for your individual benefit, but it will not come without effort. Take the representative paper of that section, at least, and be posted on matters over there. The Eagle and GAZETTE, both for \$3.00 for one year's subscription. If.

EIGHT MILE NOTES.

Mountain Remarks Relative to that City Center. Eight Mile Center is needing rain badly. Our Sunday school was reorganized on the 10th with small attendance.

We see much improvement in our busy center during the summer and fall. Considering the repeated failure in crops for the past three years, we are surprised at the number of new barns, houses and out-buildings erected in this vicinity, denoting thrift and diligence among our citizens.

Our school house is one of the best, if not the best, country school houses in Morrow county, another fact worthy of notice. Our school, though not a large one, is prospering under the tuition of Will Saling and a larger attendance is expected soon.

In social life we are not deficient. There will be a grand ball at the school house on Thanksgiving evening, 8:00 a. m.
