One of our popular merchants had an unpleasant experience yesterday with an irresponsible debtor, and is now of the opinion that to trust some people is sheer business. Lack of space forbids further comments.

The first "Post Mail" train to Portland was ditched about two miles this side of Union, while passing through snow shed No. 2. Aside from damage to the track and snow shed and broken machinery in the dining car, the loss was slight. None of the passengers were hurt.

The Budget mentions the return of Thomas Reaney and his sons Frank and John from Washington, with much to bring the balance. They say it deep snow falls this winter there will be heavy losses on the big ranges of Washington, which are overstocked and the grass is short.

The Pendleton Daily Tribune is a bright, newsy sheet, but it is the Gazette's opinion that it will make Pendleton scratch to support two daily papers. However, both the new daily and the E. O. seem to have considerable business, which speaks well for Pendleton.

Joe Williams exhibited to the Gazette force, last Thursday, a piece of ore from the Greenhorn district, which shows free gold as thick as reasons in a well-pointed fruit cake. If Greenhorn had many mines with ore like the specimen show us, it is not a bad locality in which to own mining property.

The Long Creek Eagle and the Heppner Gazette, \$3.00 a year, strictly in advance. The regular subscription price of both papers is \$4.50. Heppner people, you should know something about the interior country. You expect to get business from that section for your own benefit, but it will not come without effort. Take the representative paper of that section, at least, and be posted on matters over there. The Eagle and GAZETTE, both for \$3.00 for one year's subscription. If.

The Walla Walla Herald says that there is one railroad running through Pasco. The map published by the Herald, shows the line. The Herald says that it is to be built a round house at Pasco. The Herald doubts it because it is not a branch road running there, and such a road for the man who does not go and put his "eye on Pasco."

They have a beer war over at Baker City as we learn from the Blade. One beer hall proprietor announced to sell at five cents per glass, another two for a nickel. Teams paraded the streets with carriages decorated with flags and banners, advertising the eventful news, and the beer drinkers were jubilant that the days of cheap beer had come.

On last Thursday night, this region was visited by the first snow of the season. On Friday, considerable snow fell, but it melted as fast as it struck terra firma. A chinook wind completed the melting of what snow remained, and grass received a good soaking thereby—much needed, and appreciated by ranchers and stockmen.

Col. Ingersoll, claim agent of the O. R. & N. Co., went to the Umatilla Agency, on Friday, accompanied by two men, to fire and injure to property by Indians on the reservation. The Indians were much pleased at the exhibition of justice and liberality of the company.

Mr. E. W. Wilmouth and wife, accompanied by sons J. H. and F. M., parents and brothers of Mrs. W. F. Runk, are over from Idaho with a view of locating in this section. They will remain in Heppner this winter, and the new col. determine as to their future residence.

Charles Cunningham was brought before Justice Garrett, and John S. Gulliford before Justice Bishop yesterday, charged with violating the law by doing seal stock through the county without a permit from the stock inspector. Both were held to answer.

Coyotes are becoming quite plenty, and are bold enough to visit the stock right in Heppner town. Sheepmen report many depredations by them. They attack bands in broad daylight, and kill sheep despite the vigilance of herders.

While butchering hogs out at Kid Boyer's ranch last week, Geo. Lattrell discovered that one of the porkers was provided with the convenience of two milks. In other words, it had an abundance of spleen.

THE LATEST OUT.

A Daily Through Car service has been established by the Chicago, Union Pacific & Northwestern Line between Portland and Chicago via Council Bluffs, thus offering to the public facilities not given by any other line. "The Limited Fast Mail" which runs daily between the above points, carries the Overland Fast Mail, a limited number of first-class passengers without extra charge, and is composed of Pullman Vestibule Sleepers and Pullman Dining Cars, Portland to Chicago via Council Bluffs.

This is another indication that the Union Pacific is desirous of meeting the requirements of the people. For information in regard to this line, apply to J. C. Hart, Agent O. R. & N. Co., Heppner, Or., or to A. L. Maxwell, G. E. & T. A., Portland, Ore., J1-90.

AN URGENT CALL.

All those owing accounts to the undersigned are requested to call and settle either by cash or note, by Dec. 15, 1906. We have accommodated you, gentlemen, and now in turn do us a favor and it will be appreciated. ROBERTS & SIMONS.

HAY FOR SALE.—Ransom Licallien has about 60 tons of good hay for sale at his ranch near Wells Springs. 48-3.

A NEAT STROKE.—The GAZETTE job department has in stock a fine assortment of wedding goods, invitation and visiting cards, ball programmes, and in all, the most complete job stock ever brought to the city. We do not have to send for goods when you order work. Call in and get prices before wasting money on outside concerns. If.

WAS INACCUSED.—Aaron Brassfield, of Umatilla county, who was arrested and taken to Fossil on a charge of crookedness in selling to Geo. Zachery two horses which were claimed by Mr. Snelling, of Harlman, Morrow county, was honorably discharged. He established his innocence of evil intent by producing his receipt of purchase of the horses from J. L. Rand, and other evidences which were convincing, that he acted in good faith in the transaction.

THE SENATORIAL ROOM.—The GAZETTE's short local last week, noticing the talk among the people of Morrow, Grant and Harney counties of making our Heppner townsmen, Henry Blackman, their next joint senator, has created quite a boom for our worthy mayor.

The idea has become quite popular and the hardy ranchers who are coming into Heppner every day from all parts of Morrow and away down in Grant, are delighted, and say they are determined to place the interest of their district in the senate in the care of Henry Blackman. They know him to be honest, trusty and true.

To CONSCRIPTIVES.—The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease, consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for consumption, asthma, catarrh, bronchitis, and all throat and lung maladies. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. Edward W. Wiers, Williamsburg, King's county, New York.

GOLD QUARTZ ON BENCHGRASS.—The GAZETTE comes to Heppner, and is verified, to some extent, by some of our citizens, that quartz has been discovered in paying quantities on the ranch of Ben Mathews, near Alpine. Twenty years ago, a miner was passing through this section, presumably on the old emigrant road, and while in the vicinity of the present find, discovered quartz in sufficient quantities to insure the presence of gold-bearing quartz in the vicinity. He wandered to Eastern scenes, and only recently returned to the Alpine region to investigate the prospect, which he found to be good enough on which to locate rights. Two claims have already been located and recorded.

NO FAILURE THIS TIME.—On last Thursday eve, the town council of Heppner met in special session to consider the matter of contracting with the Empire Well Angus Co., of Itasca, New York, to bore an artesian well in Heppner.

The terms of the contract met with the universal approbation of the council, who instructed Mayor Blackman and Recorder Rea to sign said instrument and return immediately, which was done. This company proposed to bore a well of 500 feet at the rate of \$5 per foot, furnishing fuel for their engine and paying freight on machinery from their works in the East.

They also agree to bore any additional number of feet at the same rate. As mentioned in our last issue, our people are now dealing with reliable men, and not with wind-bags. A telegram was sent to the well company last Friday morning notifying them of the acceptance of the contract, and work will no doubt commence in the near future.

A CONGRESSIONAL FAVORITE.—The press in several parts of the state are presenting names of prominent candidates for the state offices who are favorites of their localities. A few weeks since an examination of the names of Hon. W. C. Grant, their ad. appearing on the first page of this issue.

Mr. James Royce came over from Idea with his son, Arthur, last Saturday. The latter will attend the Heppner school this winter.

Charley Williams, the supposed robber of the Canyon stage, who was arrested at Lone Rock, was released, he having procured bail.

Thanksgiving is being observed to-day in the good old form. Even the "prints" are filling themselves with gastric disturbances.

This office was the recipient of a call last Friday from Misses Lou Gilmore and Mira Minor, the former one of Arlington's charming daughters.

T. G. Danadas, who formerly resided on Newton ranch, returned last week from Nova Scotia, and will probably locate here again.

No new cases of diphtheria are reported, and it is hoped that the epidemic is at an end.

Senators Dolph and Mitchell have received their commissions as delegates to attend the silver convention at St. Louis.

Dan Hornor and Abe Wells left last week with a car load of horses for the Sound market.

Mat Masgrove, representing Murphy, Grant & Co., visited Heppner last week.

O. Fleming was over from happy Haystack the first of the week.

The capture of white oaks is announced in various parts of this county.

Phil Heppner, of Arlington, spent last Sunday with relatives in Heppner.

Hon. T. E. Fell returned Tuesday from Portland.

J. L. Smith, of Walla Walla, is in town.

ment before he entered the mountains. It may be that after journeying in the mountains the horses strayed and the young man perished in the canyons, or that he reached the settlement, disposed of his animals and was then murdered for the money in his possession.—Salem Statesman.

Dr. B. F. Vaughan, Heppner's dentist, arrived in our section last Monday. C. F. Goff went over to Canyon last week as a witness in the "necktie party" given in honor of Peter Sullivan. He returned on Saturday reporting it a success.

Heppner is enjoying a gentle boom according to recent reports from that place. The hotels and restaurants are crowded each day and every business firm is disposing of more goods this fall than ever before.

Postmaster Goff is in receipt of the proper papers from the department at Washington authorizing him to receive bids for the carrying of a semi-weekly mail from Long Creek to Sasmanville from January to June when a permanent route will be established.

Mr. William Gilchrist, of Warm Springs, informs this office that he has his residence completed, and that he expects to erect immediately such other buildings as are necessary for making the springs a comfortable public resort. He expects to open up next season with everything complete, so that persons desiring to visit there can be properly cared for.

Last Wednesday the suit of Rosie Johnson vs. Milt Hamilton, a suit to recover a horse, came up in our Justice's court. The case seemed to be one of interest and throughout the entire day the justice's temple was crowded.

The jury after being out three hours gave in a verdict in favor of the plaintiff, as the horse had once been given her for certain services.

The Great California Specialty Company made their appearance in Long Creek last week and instead of being a company of merit they proved to be a mere set of "chumps" travelling through the country professing to be something. They gave their entertainment at the hall on Thursday and Friday nights being composed of elocution, and stale rhetorical exercises that had been worn out by the public years ago.

Those who saw the company, pronounce them a natural curiosity, being an immovable nothing as long as without free access to sheepherders' delight and other poisonous drags. Such a mob ought to be hoisted out of the country, and the intelligent citizens of our neighboring towns would do well to exercise plenty of tonic, and not let the "yaps" rest, until they are out of our employment for a livelihood.

THE PULPIT AND THE STAGE. Rev. F. M. Shront, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell you, my friends, that King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took the first bottle of Dr. King's New Discovery and an hour and well, gaining 25 pounds in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for consumption, beats 'em all, and cures when everything else fails. I took the first bottle of Dr. King's New Discovery and an hour and well, gaining 25 pounds in weight."

Free trial bottles at A. D. Johnson & Co.'s Drug Store. Regular size 50 cents and \$1.00.

From the Grant County News. Bill Shumann started on the 15th with a band of horses for Iowa or Illinois. Haystack and Dayville folks are determined to build a good wagon road to Heppner, their nearest railroad point.

It is to be hoped Grant county will not be called upon to execute any more very soon; two within seven months is doing pretty well for a county where murderers have generally been acquitted, notwithstanding the enormity of their crimes.

We did not learn of the sad calamity which befel ex-County Clerk Maul, last week until too late for publication. His house and all its contents burned, the fire originating, it is thought, from a defective stove pipe.

An old man named Louis Mar was killed near his home falls, in the lower Cascades on the Washington side some time ago, his body being found in a field last week. It is supposed that he was murdered for his money. When found, an old shotgun was lying across his body but there for the purpose of conveying the idea that he had suicided.

The horse was ransacked and everything torn up, showing conclusively that it was not suicide. A couple of men who had been camping near by were missed at the same time, and it is probable they are the guilty parties.—Wascosa.

Messrs. D. D. Dennis and Paul Boulton had the pleasure of dining with Henry Rasmus and family on last Friday week. On Sunday following they enjoyed the hospitalities of J. R. Simon and family. On last Sunday they broke bread with the GAZETTE man and family, and afterward spent the evening pleasantly with Henry Blackman and family. These gentlemen left Tuesday morning for Walla Walla, and expressed themselves well pleased with Heppner and her hospitalities.

An Italian outfit accused Heppner's people last Saturday with the antics of a tame bear, which showed but little less intelligence than its owners. Both the bear and Italians understood how to collect "ze money" in a damaged labour, and after picking up all the loose change the bystanders felt like throwing away the procession of novelties struck out for Lexington.
