There is a saving of 16 hours in time and 231 miles in taking this route to Chicago.

C. W. Lemlar & Co., 423, Fifth St., Portland, Ore., are authorized to make and issue contracts for the G. S. T. They will also make collections for this paper.

Here and There.

Frank Rogers is on the sick list. Bring us in some wood on subscription.

Mrs. Taylor Dodson is on the grip list.

Tom J. B. Sperry is down with the grip.

W. R. Ellis is very ill with pneumonia.

Miss F. Ellis is visiting in Heppner this week.

Mrs. C. S. Vanduzen is quite ill with a gripe.

Mrs. Ed. Mallock is another victim of a gripe.

Tom—To the wife of James Yeager, Jan. 12th, a son.

Mayor Blackman made a brief visit to Portland this week.

Sammy Todd has been quite ill with grip for the past fortnight.

The editor of the Gazette went to Portland on last Friday.

W. Marshall departed for Walla Walla Tuesday on a visit.

Diphtheria is prevalent among the children of upper Baker Creek.

Old papers at the Gazette office at 75 cents per 100, or two bits a bunch.

For sale cheap—a good cook stove. Apply at residence of Dr. A. L. Fox, 37.

Grant county officers will convene at Canyon City the first Monday in March.

Recorder Bona and daughter, Lillie, returned Monday night from their visit to Portland.

Wm. Thurman is again on the streets, having recovered from a severe attack of a gripe.

It is dangerous to be safe on the streets now that the snow packs sufficiently for snowballing.

Diad—On Butler Creek, on the 12th inst., Clara Belle Vinson, daughter of Geo. Vinson, aged 10 years.

At the rifle for the picture at Ed. Mallock's Tuesday night, Ira Nelson walked away with the prize.

Edi Keeney is making great improvement in the Bowler's saloon, and is making it look very metropolitan.

The Long Creek Eagle wants 20 cords of wood on subscription. So do we, but for some reason we fail to get it.

The Great Western Barnum House, I. Hawson, proprietor, of Fountain, has been closed by attachment. Liabilities \$10,000.

The deadly epidemic found an entrance into the Girls High School, in San Francisco, and caused its destruction by fire, Jan. 12.

Geo. E. O. N. G. has rented Mallock's hall as an armory. The band will also use the same as their place of meeting.

Do you have dyspeptic troubles? Take Hood's Sarsaparilla, which has relieved thousands and will cure you. Sold by druggists.

Miss Plance Conard, while coasting Monday, was thrown from a toboggan and was badly bruised, though no bones were broken.

Years of a hay famine is expressed in the Grande along the coast. Hay is now worth \$15 per ton with little to be had.

To Senator John H. Mitchell the Gazette is indebted for valuable public documents recently received, for which he has the thanks of this office.

When you pass through Long Creek, stop with Frank Waterbury at the Handy House. The table is always supplied with the best in the market.

Coasting is the popular sport at present. Everything on runners is being turned into a toboggan. West May street presents a lively scene nightly.

Sammy McEee, the guitarist, who has been in Montana for the past six years returned on Tuesday's train and will remain in this region during the winter.

Remember that all paid up subscribers to the Gazette are entitled to a brand notice, free of charge. This is itself worth more than \$2 to the stockman.

At the quarterly inspection of Co. E, Saturday night just a dozen cogs were inspected. The interest seems to have somewhat cooled down since two years ago.

Diad—Of diphtheria, Jan. 15th, Hugh Lee, youngest and dearly beloved son of William and Kathleen Hughes, aged eleven months. "Of such is the kingdom of Heaven."

Notwithstanding the snow and cold weather our high school is having a good attendance and shows that progress which is natural under the present management.

It is authoritatively announced that John I. Sullivan has agreed to accept the proposition of the California Athletic club to meet Peter Jackson. The stake to be \$5,000.

The weather this week is not so cold as last week, though there is just as much snow now as a week ago. There has been enough snow-fall every day to make up for what has melted.

The Nat'l Bldg Building is very rapidly nearing completion, only a small amount of work to be done on the inside. It is a beauty.

This is fine Jan-rabbit weather and on Sundays numerous hunters are seen roaming the hills in quest of the "b." One roving a few days to the district, bagging a few of them on last Sunday.

DEATH OF A PIONEER.

G. B. Towson, of the Gem, has added a new piece to his menagerie in the shape of a horned owl. This is the only living thing he has ever had that makes the white rats habit his cage. He will accept a good bird to furnish a coyote, monkey and parrot.

Southwest Missouri was visited last Sunday by terrific cyclones. Striking its pathway the northwestern section of the city of St. Louis, it swept through its northern limits, leaving in its track a quarter mile wide, a fearful destruction of property, and killing numbers of persons.

This is rough weather for stock. Quite a number of cattle have died in this vicinity within the past two weeks. The thermometer has registered all the way from zero down to seventeen degrees below and still there is no sign of a chill—Milton Eagle.

Old man Parr, who died near Athena last Tuesday, was an old Hudson Bay employee who came to this country about twenty years among the Indians of this coast. He was aged eighty-five years, and leaves numerous descendants, including bloods on the reserve—Pendleton Tribune.

Teachers, stockmen and mill-men, why not have your stationery printed, when you can get it done for less money than you pay for blank material? With printed letter heads and envelopes, your letters will never miscarry, if addressed as in left. Leave your order to the GAZETTE's job office.

In response to a telegram from our city authorities, the Empire Well-Around Company has agreed to supply the machinery needed and stated the man would arrive here soon. Business will commence right away, without doubt, and soon Heppner will have a water supply.

Judge Groff, commissioner of the general land office, has been notified of the great importance in relation to entries of public lands. He holds that a homesteader who has perfected a title under the general homestead act cannot transmit his filings, that the law prohibits more than one application.

The Oregon Blade (Baker City) says: It would probably be good schools for Eastern Oregon towns to keep an eye on Messrs. Aldrich & Grant, who represent a building and loan association of Washington, D. C., which has a reputation in no doubtless all right, the habits of the agents are not such as will commend them to the business or respectable part of the community.

Last Sunday the people of Kansas, Missouri and Nebraska experienced another of those terrible blizzards, so common in those States during the winter months. It was less severe in Missouri, but in Kansas and Nebraska, it is reported to have been as terrible and destructive as that which occurred just two years ago, when so many persons perished from the cold.

A. C. McCallahan, the newly appointed Receiver of the Portland office, has received notice from Washington that his bonds are approved. He thereupon entered upon his duties and now it is said the office is open for business, after a practical suspension for nearly two months. This will doubtless be appreciated by many hundreds who have long desired to prove up—La Grande Journal.

If any of our readers are not taking the weekly illustrated West Shore they should take it. It contains the desirable features of all the eastern weeklies and is superior to any one of them. Especially in its graphic pictures of western scenes is it of great interest. Aside from the local paper it is the best publication that can be taken, and should be in every household. Published by L. Saxe, Portland, at \$4.00 a year.

The losses to railroads in the last few weeks have been very great and will seriously diminish their usual income. The Union Pacific particularly has suffered heavy losses from the inflated cost of fuel, which have recently occurred, by which several of their locomotives have been rendered unfit for use. The probability is that accidents will continue throughout the winter, or until the road bed can be brought up to a safe condition.

The Chinese Consular General has issued a proclamation to suppress the highlanders, by which he says: "From this time on should there be a renewal of the recent disturbances and acts of violence we will unite with the officers of the six consulates in a petition to the officials in China, asking them to hold your families in China responsible for your unlawful acts and keep them as hostages for your conduct." It is expected this will have great effect in suppressing Chinese murders, as the hostages are held until the murders are ended or is captured.

General Porter, Superintendent of the Census Bureau, has issued a bulletin, which divides Oregon into two districts. The counties of Benton, Clatsop, Clatskanie, Columbia, Coos, Curry, Douglas, Jackson, Josephine, Lane, Linn, Marion, Multnomah, Polk, Tillamook, Washington and Yamhill compose the first district in charge of Hon. L. H. Shupe of Ashland. The second division comprises the counties of Baker, Crook, Gilliam, Grant, Harney, Klamath, Lake, Malheur, Morrow, Umatilla, Union, Wallowa and Wasco counties, of which Dr. I. W. Strange of La Grande will have the supervision.

From a telegram to the Portland Oregonian, it is learned that the Oregon and Washington Railroad Company has filed a motion in the U. S. court in favor of the Farmer's Loan and Trust Company of New York, given to secure bonds issued for construction purposes. The stipulation contained in the motion is, that the road shall be built from Pendleton, in a southwesterly direction, to a point at or near Heppner, Morrow County. This stipulation indicates a scheme to connect with the Oregon & Nevada in Southern Oregon, and thus with the Central Pacific or Yaguna Bay.

ITS EXCELLENT QUALITIES. Commend to public approval the California liquid fruit remedy Syrup of Figs. It is pleasant to the eye, and acts on the bowels and gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

BADLY BITTEN.—One day last week while Percie Garriagues and George Dolson were coasting on Cemetery hill, the latter being ahead, fell from his sled and before he could get out of the way the sled following struck him, badly cutting the right and severely bruising the left leg. Percy got him on his sled and took him home where he is still confined to his bed.

DISTURBANCE OF THE HEART. Heart disease is like an assassin, which creeps upon you in the dark, and strikes you when you are unawares. The remedy is to overlook any uneasiness in the region of the heart or disturbance in its action, but at once take Dr. FLETCHER'S REMEDY. Descriptive treatise with each bottle, or address Mack Drug Co., N. Y.

DESERVES ENCOURAGEMENT.—About four years ago the Heppner Corned Bread was organized, an instructor employed and instruments bought at a cost aggregating nearly \$1500. Ever since that time it has been in good order and has always responded to any call from the citizens, and never asking a dollar for their services. It is now in better shape than ever before and it would seem but fit that the citizens should show their appreciation by erecting a band stand for use next summer. It will be remembered that the band gave free public concerts during the past summer and fall gratis, and if such is worth anything to the town, let it reciprocate in some manner.

EIGHT MILE CENTER.

The snow is still lingering, but the clouds has made his appearance and about the sunny side of the bald hills. Heppner, who received a broken leg by a runaway team on Rock creek some time ago, is still to be around again.

Dr. Haines came near getting his leg broken last week by his rig spitting. Ed Ford received a kick on his leg last Thursday from a horse while leading another party in the barn. The kick came near breaking his leg.

Eight Mile Center has just received its new set of blacksmith's tools and is preparing for the spring run of work. He is now at the old stand formerly occupied by Mr. Downing.

Eight Mile Center sports gave a hunting match last Monday and Tuesday, which resulted in the capture of one hundred and thirty-three rabbits. A fine supper was served, to be given by the school house, free to all that might come and participate. The supper was served last Thursday evening, and an unexpected large crowd was in attendance, notwithstanding the sickness and bad weather. After supper the tables were cleared away and all those that chose engaged in the merry dance until the small hours of the morning. The supper was all that could be wished for, and the school house was the scene of the enjoyable day of the season. KREWECS. Four Miles Center, Jan. 15, 1899.

LONG CREEK ITEMS. From the Eagle: Born—To Mr. and Mrs. Wm. Crabtree, on the 5th inst., a bouncing girl.

John Curry reports snow three and one-half feet deep at the head of Fox creek.

The Long Creek republic is free from la grippe. Let us hope it may remain so.

C. L. Williams reports that the thermometer registered twenty degrees below zero at his place at 11 o'clock last Monday night.

Jack Gray arrived from Heppner last Friday with freight. He reports the condition of the roads such that good time can be made over them. He will not return again until the weather moderates.

Sam Miller, once a well-known resident of this section, from whence he moved to Idaho, was reported not long since to have been killed at Glor's Falls. Nothing was known to the country by his friends in this section, until recently a letter was received from him, clearly showing the report to be false and without foundation, and as to how the newspapers received the intelligence is a mystery. He is now in Custer, Idaho, where he has been located some time.

A HEROIC WOMAN. On Tuesday of this week a painter of this city named Kessler induced two boys residing near the mouth of More creek, to accompany him on a hunt or would not throw him off, scalded the approach of the engine. It could not be stopped and he was badly mangled and died almost instantly. No money or papers were found on the body, which was identified as that of Andrew Christie, a light-complexioned man (perhaps under 20 years of age, probably a Swedish, who had been stopping a few days at the Mimmochin house, where he paid his bill before he left. The coroner did not deem an inquest necessary, his accidental death being established without the formality of an inquest. Walter Davis informs us that he saw this man walking back and forth on the 21st of January at the same place where he afterwards jumped in front of the train. He had no doubt then selected the place and manner of ending his life—Oregon State Journal.

CONSUMPTION SECRETLY CURED.—To the editor: Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy gratis to any of your readers who have consumption, if they will send their express and post office address. T. A. SLOCUM, M. D., 181 Pearl St., New York, N. Y.

ALMOST A FIRE. From the Walla Walla Union we learn that an attempt was made on last Thursday to burn the Johnson brick at the corner of Main and Fourth streets during Dr. H. E. Turner's absence since one entered his office and placed a shovelful of burning coals from the store on the floor in front leaving the doors partly open to give the impression if discovered, that they had fallen from the stove.

Fortunately Dr. Turner returned and finding smoke coming from the back room, entered and discovering the cause called a witness to view the scene by breathing it was evident that a quantity of the coal could not have fallen through the partially closed doors, as portions were too large to pass the narrow space. The coals had gone out without doing other damage than burning a hole in the carpet about two feet square.

Officers are endeavoring to find who is the would be incendiary.

A SCRAP OF PAPER SAVES HER LIFE. It was just an ordinary scrap of wrapping paper, but saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read Dr. King's New Discovery, and got a sample bottle, it helped her, and she bought a large bottle, it helped her more. It cured another and grew better fast, continued its use and is now strong, healthy, gay, plump, weighing 140 pounds. For fuller particulars send stamp to W. L. Child, Drug Store, Fort Smith, Ark. Bottle of this wonderful discovery free at A. D. Johnson & Co's Drug Store.

THE LATEST OUT. A Daily Through Car service has been established by the Chicago, Union Pacific, Northern Pacific Line between Portland and Chicago via Council Bluffs, this offering to the public facilities not given by any other line. "The Limited Fast Mail" which runs daily between the above points, carries the Overland Fuel Mail, a limited number of first-class passengers without extra charge, and is composed of Pullman Vestibule Sleepers and Pullman Dining Cars, Portland to Chicago via Council Bluffs.

This is another indication that the Union Pacific is desirous of meeting the requirements of the people. For information in regard to this line, apply to J. C. Hays, Agent O. R. & N. Co., Heppner, Ore., or to A. L. Maxwell, G. P. & T. A., Portland, Ore., 31-30.

QUEER PATENTS.

There is a claim in the patent office for a patent on the Lord's prayer, the specifications being that the repetition of the same "rapidly and in a loud voice will cause stammering."

Among the odd inventions are "chick-n-loppies" which walk the hen right out of the garden when she tries to scratch; "the bee moth excluder," which automatically shut up the bee when the bees go to roost; the "tape worm book," which speaks for itself; the "educational balloon," a toy balloon, with the map of the world on its surface; "saddle-hill animators," which fit on to the down-hill legs of a horse when plowing on hillsides (a most handy invention for Western ranches which stand on edge); and the "lion surpliser," a device which drops the lion's tail egg through the bottom of the nest, with intent to bewitch the hen into once laying another.

The Long Creek Eagle and the Heppner GAZETTE, \$3.00 a year, strictly in advance. The regular subscription price of both papers is \$4.50. Heppner people, you should know something about the interior country. You expect to get business from that section for your individual benefit, but it will not come without effort. Take the representative paper of that section, at least, and be posted on matters over there. The Eagle and Gazette, both for \$3.00 for one year's subscription. If.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces painful lumps or swellings; which causes painful running sores on the legs, face, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancer growths, or the many other manifestations usually ascribed to "humors"; which, fastening upon the lungs, causes consumption and death. Being the most ancient and the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by its remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula some six months from the time she was 22 months old. It became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when it stopped and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Sauratit, N. J. N. B. Be sure to get only Hood's Sarsaparilla.
