FROM THE FOSSEL JOURNAL.
A company of railroad surveyors are at work between Fossil and Heppner.
The winter is still "on one horse."
The loss of stock is becoming severe. We were informed Monday that no less than 25,000 sheep lay dead in the winter range between Parish creek and the South fork of the John Day river in Grant county. Aside from the Harvey band, owned principally by French & McFarland, of The Dalles, (which is almost a total loss) the loss of sheep in Southern Gilliam county is not severe yet, neither is the loss of cattle and horses, except range cattle, whose owners never gathered or fed them. The ranchers of Butte creek with 10 to 100 head, who had pasture and some feed, have lost from 2 to 15 per cent of cattle and fewer horses. North of us in Ferry Canyon, Gordon, Trail Fork, Lost Valley and Lone Rock country we hear reports of heavy losses of all kinds of stock, but no reliance can be placed upon these reports. Feed is becoming very scarce here and elsewhere, and the only hope for many a poor animal is an immediate thaw.

CONSUMPTION.—The undersigned having been restored to health by simple means, after suffering for several months with severe lung affection, and that dread disease Consumption, is anxious to make known to his few sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh Bronchitis and other lung troubles. He hopes all sufferers will try Remedy, which is invaluable. Those entering the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. Edwin A. Wilson, Williamsburg, Kings county, New York.

THE STORM IS OVER.—Since Monday Morrow county has been enjoying a general thaw—yes, relishing it. A warm rain has fallen most of the time, helping the matter along quite nicely. At present very little snow remains in cover up range from the needy sheep, horses and cattle. The storm of 1888-90 will long be remembered as the severest experienced in Morrow county.

EVERY BODY KNOWS.—That this season the blood is filled with impurities, the accumulation of months of confinement in poorly ventilated stores, workshops and tenements. All these impurities and every kind of scrofula, salt rheum or other disease may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine which "100 doses one dollar" is true.
