Warm rains are taking the snow, and making grass grow, but don't say we told you so.—Grand Canyon.

At this early date political fires are being built in this section, and the number of candidates in the field is surprising.

Sleep buyers are still in the field for mutton, and quite a large number will leave Morrow's ranch this season for Eastern markets.

Messrs. Brown & Hamilton will attend to our local collections. The editor has not the time to spare to look after that branch of the business, which is quite an essential one.

The John Day country suffered severely in the last winter. Nels Jones has and we are informed that others were equally unfortunate.

If you have no other objection to a man than the fact that he is an Irishman, Dutchman, Englishman, Jew, etc., etc., it is not worth mentioning. A man is a man in this American country, and don't forget to taste it in sight.

There was a little unpleasantness between "The Gem" and "The Star" eye, but the former scrap at that place, it had no effect on the quality of the goods. The matter was adjusted before Recorder Roberts. It is well not to "chink" so loud.

Don't forget that this paper is for Blackman for joint-senator first, last and all the time. Don't mistake our position, and, also, remember that he will not only receive the nomination of his party, but a majority of the votes of the district next June.

In speaking of Hon. W. R. Ellis as a candidate for representative in congress, the Times-Mountaineer says: "Mr. Ellis is now prosecuting attorney for this district, and a gentleman of widespread reputation. If he receives the nomination and is elected he will fill the position to the satisfaction of his constituency."

SCANDAL MONSIEUR.—For some time Heppner has been agitated by scandal after scandal, and in fact the people are becoming so accustomed to talking about their neighbors, that it takes little to give occasion to a story of domestic trouble and tales of naughtiness that would shock the modesty of a "demi monde."

The GAZETTE is not prepared to deny the fact that much exists in Heppner to furnish food for gossiping tongues. But when innocent women are coupled with scandal, it is high time something should be done. During the past week the air has been full of scandal, two respectable ladies of Heppner and the GAZETTE man forming Chapter I, which has been thoroughly digested by the lovers of the sensational. Chapter II will never see the light of day, unless the fourth-mouthed vender of scandal comes to the surface. The GAZETTE's proprietor does not care particularly what is said about himself—he is able to look out for that in almost any capacity that might be imposed upon him, but the man who without a shadow of reason, brings the name of innocent women into scandal, deserves the death of a dog. There exists nothing as a foundation for such reports. They are malicious lies from the very foundation.

RAILROAD NEWS.—It is learned here from authentic authority that the Union Pacific is projecting a branch from Heppner to a point within a mile of the Grady county line, and that the headwaters of Butter creek, there to cross the prairie and by the most practicable route to Grand Ronde valley. A branch of the proposed road leading to Cracker Creek, is also in contemplation, according to our informant. It will be remembered that a number of surveys were in the field last fall in the country mentioned, for what purpose no one knows, as they kept their own counsel. It is transpired that the road is located in the route mentioned.

TROUBLE AMONG THE CHINESE.

One Chinaman Accused of Murderously Assaulting and Robbing Another.

On last Saturday night, a Chinaman named Louie, who is employed as cook in Gray's restaurant, was murderously assaulted and robbed by some one near the Upper China house. Ge, a former cook at the restaurant, was arrested as the assailant. Ge was recently discharged and Louie hired in his place, which, it was claimed, raised the ire of Ge. The China house immediately took sides in the matter, giving the appearance of highbinderism.

THE TRIAL.

On last Monday Ge was arraigned for trial in the recorder's court on a charge of assault and battery. He was given a jury trial and cleared. Ge has a live in Heppner for the past ten years and public sympathy was generally on his side.

A NEW CHARGE.

Ge was re-arrested for assault with a dangerous weapon and robbery, this coming before Justice Rea yesterday as a case. The defense claimed that they had new evidence in the case, and asked for adjournment till 9:30 this morning.

The defense, we are informed, have evidence that the assault and robbery was committed by a white man.

BOYS' OVER.

Ge had his examination this morning and was bound over to await the action of the grand jury.

THE STANDARD.

"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won this position by its usefulness, and it and by the remarkable cures it has effected. For an alternative and tonic it has never been equalled."

TO THE BUTTER CREEK COAL FIELDS.

Mr. Fletcher, of Pendleton, Talks of Tapping His Coal Mine on Butter Creek by a Narrow Gauge Railway.

Mr. Fletcher, manager of Pendleton's opera house, and one of their prominent business men, was in Heppner this week. He was informed that there is contemplating building a narrow gauge railroad from Heppner to his coal mines at the head Butter creek, and that if the right-of-way can be secured, his scheme will likely be consummated. The quality of coal is said to be very good, and the quantity unlimited. Mr. Fletcher will likely visit Heppner again in the near future regarding this matter.

It is not necessary to explain to the live citizen the great interest to be derived from such an enterprise.

BLESSING OF SLEEP.

DR. FLETCHER'S REMEDY, for the man or woman who finds himself or herself unable to sleep, is an invulnerable medicine, which will not only procure the blessing of sleep, but will prevent general breaking down of the whole system. OUR SUPPLEMENT.

The Heppner GAZETTE comes this week with a handsome and interesting supplement, being an illustrated description of Heppner and Morrow county. The GAZETTE deserves great credit for its enterprise.—East Oregonian.

That there is lots of enterprise at Heppner is manifest from the excellent showing made in the advertisements of it sent out with its GAZETTE. The sheep boys must be looking for a boom.—Pendleton Tribune.

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you.

I have prescribed it a great many times, and it is effective, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours Truly, L. L. GORSUCH, M. D. Office, 215 Summit St.

We will give \$100 for any case of Catarrh that cannot be cured with Hall's Catarrh Cure. Taken Internally.
