BARGAINS IN ASTORIA.

The enterprise of the people of Astoria in raising \$200,000, in twenty-four hours, to bring the Southern Pacific railroad to that city, has given a wonderful impulse to business at that point. The Columbian says: "The real estate market responded quickly to the enlivening touch of the railroad subscription;" and the Astorian papers bristle with the stir and undertakings in progress there. The Oregon Land Company of Salem and Portland has for sale some choice locations in North Pacific addition to Astoria, and as prices are rapidly increasing, the earliest investor has the best show. Now is the time to make money. 74 It
