The bust retains its shape to the end, and the corset imparts to the wearer a wellproportioned and beautiful figure. The corset is boned with Coraline, a substance superior to the finest whalebone. Made in short, medium and extra long waists.

There are many imitations, but you will find "Dr. Warner's Coraline" printed on the inside of every genuine corset. They are sold by your nearest dry goods dealer. WARNER BROS. Mnfrs., New York and Chicago.
