total alone of \$1,412,609.88, to be spent in Oregon by the federal forest service, as compared with \$676,216.80 the total amount which the federal government took in last year from the sales of timber, grazing fees, and other sources from all of the 14 national forests in the state.

Two of these funds, the so-called section 8 and forest highway funds, amounting this year to \$718,555, are direct appropriations in the nature of compensation for taxes on national forests. The money is used on roads of primary importance to the state, county or local community.

The 10% fund which this year amounts to \$67,521.68 for Oregon, is also in lieu of taxes. It is made up of one-tenth of all the national forest receipts in the state from sale of timber and other resources. The 10% fund is used for smaller projects of benefit to local forest communities.

This is in addition to the 25% fund which returns one-quarter of the national forest receipts directly to the state for roads and schools.

There has been a total of \$7,755,490.17 appropriated for Oregon under these various road and trail funds since they were established, according to the report. This is nearly one-

eighth of the total for the entire country, \$59,588,330.54. Thirty-two states have participated in the distribution, with Oregon second.

Through these road appropriations the forest service has been a very important factor in the good roads and community development, particularly in the national forest regions, according to forest officers. They point out that the state and communities have profited from these funds, and still have the forests to continue producing future wealth.

Forest officers emphasize the fact that local cooperation is required by the forest service from communities, counties, or the state in road work under the forest highway, section 8, and 10 per cent projects, usually on a fifty-fifty basis. On the forest development projects local cooperation is sought only where the road

is largely for community development.

The bureau of public roads in cooperation with the forest service takes charge of location and construction of roads under the forest highway and section-8 acts and the more important of the forest development and 10% projects.

Selecting New President For U. of O. Vital Problem

University of Oregon, Eugene, Nov. 18.—One of the most vital problems the regents have before them is to obtain a president for the University, declared Judge George Skipworth, who has just been appointed to the board to succeed the late C. E. Woodson.

undertake the responsibilities of the position. He must be a man of high character with the qualities of leadership and with a rich educational background. Particularly he must be a man who is acquainted with our Western life and ways," Judge Skipworth explained.

"The first duty of the board is to further the interests of the university, which are now on a high plane due to the untiring efforts of the late President Campbell. During his presidency the enrollment of the University increased from 250 students to about 3000 students. It is the duty of the regents to hold to the high standards of the University and to do what they can to increase the efficiency of the University," Judge Skipworth said.

LEXINGTON

(Crowded Out Last Week)

Ed Kelly, who has been doing auto repairing in Lexington, is now located with Ferguson Chevrolet Co., at Heppner.

Mr. and Mrs. Geo. Peck, accompanied by Mr. and Mrs. Elmer Steum, will drive to Irrigon on Sunday next for a visit at the home of Mr. and Mrs. Louis Fredericksen.

Miss Zella Hughes of Heppner spent Wednesday with her friend, Miss Mabel Wright.

Karl Beach drove to Heppner on Tuesday. He was accompanied by Mr. and Mrs. Ira Lewis.

In the Curtis tests held recently for Morrow county students including 4th, 5th, 6th, 7th and 8th grades, Mae Gentry, 8th grade, Lexington, scored first.

A surprise, planned and carried out in honor of the birthday of T. H. Nichols, was the happy occasion for the reunion of a number of friends and relatives on Thursday evening, November 5th. About seven o'clock guests to the number of twenty, bearing a handsome birthday cake in their midst, took possession of the Nichols home and in memory of Days of Auld Lang Syne gave Mr. Nichols a never-to-be-forgotten evening. Mrs. Nichols served dainty refreshments to the guests and each departing voiced appreciation for the gracious reception tendered by Mr. and Mrs. Nichols and Grandma Thompson, mother of Mr. Nichols.

Bids will be accepted for the Star Route out from Lexington to McDevitt's corner from now until Jan. 1, 1926. The term is for four years and from all indications, there will be quite a bit of competition as a number have expressed themselves as intending to bid for the work. This service satisfies a long felt want among those who live so far from town and the patrons are very grateful to the postal department for this service. We understand that the Lexington postmaster contemplates in the near future starting work on another route, which would serve the people out south of town. All this takes considerable time and hard work and it may be some time before it is accomplished.

IRRIGON

(Crowded Out Last Week)

Every loyal sportsman will plan to go to Umatilla Sunday afternoon at three o'clock to watch the Irrigon football team defeat the Umatilla town team.

The Grange is planning on giving a social function on Friday evening of this week.

The roof of the Athletic Club house (the Rialto) caught fire Sunday afternoon, but it was extinguished before serious damage was done.

D. C. Brownell of Umatilla was in our city Sunday on business.

The school board has bought two fine drums to be used at school for marching. Left, left, left-right-left.

Miss Snowflake McCoy who has been clerking for several years at Mrs. Wadsworth's store, resigned her position recently. She plans to rest a while at home. We will surely all miss Snow's pleasant voice and cheerful smile at the store.

Ruth Ward of Hermiston was a visitor in our town Sunday.

A few friends of Mrs. Tom Jones surprised her with a party in honor of her birthday Friday evening. Several card games were enjoyed, after which refreshments, including real "hard" cider, were served.

Frenchy Smith, while working with the road crew, was thrown out of the wagon and run over, but he was not seriously hurt. Can't keep a good man down.

The school is preparing a short program for Thanksgiving to be given Wednesday afternoon, November 25, at 2:30.

To show how prosperous Irrigon school is, it might be stated that the student body bank balance is about \$110. That ought to keep the home fires burning for a while, eh?

ALPINE NEWS.

(Crowded Out Last Week)

The first noteworthy event of the school year was marked by a party held in honor of the freshmen on Thursday night, Sept. 17, welcoming them as the class of '29.

Walter Camp's Daily Dozen exercise records were ordered during the Rodeo, and after considerable delay amounting to the short time of a month, were received with much hilarity by the students. Anyone stopping to listen between 10:30 and 10:50 may view this energetic body

giving off surplus steam.

"The Masonic Ring" or "Adventures of a College Bride," a farce in three acts, will be presented by the Alpine high school in the high school auditorium Nov. 21 at 8:00 p. m. Admission 25 and 50 cents. A counter of good eats will be stationed in the building for any one having a stuffed pocketbook and an empty stomach.

You will know Alpine high school girls don't let the grass grow under their feet when they plan a surprise party one day and give it the next night, which they did for G. L. Bennett, October 30th.

Mrs. McDaniels, principal of the high school, and her husband, drove a new Chevrolet home from institute at Pendleton last month. More of us are thinking of going next year.

A pie social is to be one of the attractions at the next Farm Bureau meeting at Alpine on the first Saturday night in December. Come, and bring your pie and pocketbook.

STATE GETS MONEY FOR FOREST ROADS

\$1,243,805 Apportioned to Oregon for Road and Trail Development.

Oregon will get the benefit of nearly a million and a quarter dollars of federal money for forest roads and trails during the fiscal year 1926, according to word just received by district forester C. M. Granger, Portland.

The total road and trail apportionment amounting to \$1,243,805.68 is divided between four separate funds. This is a direct appropriation by Congress for Oregon, which with the addition of \$168,802.50 from the 25% road and school fund, makes a grand

The BULL'S EYE

Editor and General Manager WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Follies and screen star, and leading American humorist. More coming. Watch for them.

I see where some of the Foreign Nations say they are going to FUND their debt to America, and all the Papers are all excited about it. But the BULL'S EYE is a Paper that never misleads our readers (either one of them). FUNDING a debt means about the same thing as having a fellow that has owed you for years, come to you and say "I am going to make arrangements to take up that loan I owe you just as soon as I can collect it from some fellows who owe me." So don't by any means get FUNDING mixed up with PAYING. The two have nothing in common. These Nations are just stalling until another War comes along and the first thing you know our debt will be four Wars behind. We have enough saved up to fight again, but they are using it now to enforce Prohibition.

Oh, yes, "BULL" DURHAM. I like to forget to mention that. Well, that is what the Foreign Nations are paying us in. "BULL" DURHAM without the DURHAM.

Will Rogers

P. S. There is going to be another piece in this paper soon. Look for it.

Constant Danger!

4 Per Cent and Safety!

Make Our Bank Your Bank

Yesteryear the Puritans faced lurking dangers at every turn. Their homes, their possessions and even their very lives were in grave and constant peril. Today, hundreds of years later—new dangers seek to destroy your happiness, your home, your money—everything that is yours. Every day the press tells where thieves in the night broke in and stole, about aged people reduced to privation, because they failed to save when they had it. Others have had their life earnings wiped out by unwise investments.

This Bank is your protection—keeping your valuables in its steel vaults—protecting your savings from thieves and guarding you against unwise investments by giving expert advice.

For winter driving—change your oil

IN winter your automobile requires a free-flowing oil, if it is to start quickly and be free from dangerous friction. All oils do not meet this requirement, but here again Zerolene proves one of its superiorities — it flows freely at low temperatures.

To determine the correct body of Zerolene for the winter lubrication of your car, consult the Zerolene Correct Lubrication Chart — at Standard Oil Service Stations and at dealers.
