

STATE CHAMBER OF COMMERCE MEETS

Land Settlement and Industrial Development Receive Attention.

Portland, Ore., Feb. 2.—Co-ordination of Oregon's industrial and agricultural development was the keynote of the annual meeting of the Oregon State Chamber of Commerce held in Portland last Thursday.

That business leaders of Portland have united with business men of the state in a practical working agreement was announced by Irving E. Vining of Ashland, president of the Oregon State Chamber. Liberal allocation of money from the Oregon Development Fund and an arrangement of committee harmony, Mr. Vining declared brings Oregon to the front more than any other thing that has taken place since the organization of the State Chamber.

Delegates from every section of Oregon were present and the day was devoted to discussion of problems of the organization and of plans for the co-ordination of the development activities of the Portland and Oregon Chambers of Commerce.

Mayor Baker gave a brief address of welcome to the delegates in which he stressed the need of team work by every section of Oregon to bring about the fullest development of Oregon's vast resources.

R. S. Hamilton of Bend gave the response in which he said that it is the desire of the business interests outside of Portland to get together with the business leaders of Portland in a campaign to capitalize the good will that is manifested by each district of the state for the state as a whole.

Land settlement and industrial development were equally stressed on the program, speakers agreeing that new industries would open up new agricultural opportunities, and agricultural development would offer additional opportunities to invite new industries.

P. LaRoche of the industries committee of the Portland Chamber was the principal speaker on industrial growth. He declared that Oregon is annually purchasing \$25,000,000 of products more than are being manufactured, and urged particularly the establishment of new woodworking and textile plants. Mr. LaRoche outlined the work that the industries committee is doing and declared the industries department was glad to cooperate through the State Chamber with any of its constituent organizations in solving their problems in bringing new industries to the state.

Whitney L. Boise, chairman of the land settlement committee, told of the results obtained in bringing hundreds of farmers to Oregon. Satisfied settlers on one-family farms are being obtained in all the counties which are utilizing their opportunities to participate in the land settlement program of the Portland and State Chambers.

"Marketing is the chief problem in Oregon's agriculture," said E. E. Faville, chairman of the marketing committee. "We do not desire at any time to promote any particular plan of marketing, but whenever the farmers are desirous of being informed as to orderly marketing, or are desirous of proceeding with it, we are ready at all times to work with them and are in accord with the views of the farmer, as well as the students of cooperative marketing."

The marketing committee has assisted in the formation of 22 local marketing units and four federations of units in various parts of the state. "Extension of agriculture in Oregon depends largely upon reclamation through irrigation or drainage," said Wilford Allen of Grants Pass, president of the Oregon Reclamation Congress. "Three things are needed in reclamation—land settlement, financing of existing projects, and new projects."

Directors to serve two-year terms were elected as follows: W. S. Nelson of The Dalles, J. D. Fairman of Harper, Roy T. Bishop of Portland, R. C. Groesbeck of Klamath Falls, H. E. Walter of Corvallis, John F. Daly of Portland, L. D. Drake of Astoria and T. H. Ness of Roseburg.

The directors re-elected Irving E. Vining of Ashland, president, and elected for secretary-manager, W. G. Ide of Portland, and for treasurer Charles H. Stewart of Portland.

Representatives from Albany, Arlington, Ashland, Astoria, Aurora, Baker, Bend, Corvallis, Cottage Grove, Coquille, Eugene, Falls City, Forest Grove, Grants Pass, Harper, Hillsboro, Klamath Falls, La Grande, Medford, Milwaukie, North Bend, Redmond, Roseburg, Salem, Silverton, and The Dalles attended the meeting and spoke at a noon luncheon.

Roger W. Morse, county agent, Vawter Crawford and Chas. Erwin left in the Morse car Wednesday afternoon to attend the three-day Eastern Oregon wheat conference at Moro. Mr. Morse has a prominent part in the conference, which he expects will have a significant part in the future of wheat raising in this section.

Many Morrow county farmers are in attendance at the wheat conference at Moro this week end. We were promised a list of those who had stated they would attend, but through an oversight it failed to reach us, and we hope to make amends next week by giving the names of all those who took part from this county.
