STOCK LOOK WELL.
A drive up Butter creek from Pine City to Lena Sunday revealed the fact that both sheep and cattle that have been wintering there have come through in excellent shape. Lambing will soon be under way at the various sheep ranches and conditions generally for both cattle and sheep appear excellent. The alfalfa is holding out well and the hills are now bringing forth an abundance of grass, and the willows along the creek are beginning to bud, indicating that it will not be long until they are in full leaf, while in many places the wild flowers are putting forth in pink and yellow blossoms.

THE DILEMMA OF THE UN-BELIEVER.

It has always been a fad and a pastime of unbelievers to propose difficult questions in order to harass those who accept the word of God at its face value. They have a right to ask questions but in all fairness they ought to be willing to take their turn

in answering them. At any rate we claim the privilege of asking. We hope to be able to show at the church of Christ on Sunday night the dilemma that confronts the unbeliever when he begins to answer questions. The morning sermon will be "A Living Sacrifice." Bible school at 10. Christian Endeavor at 6:30. MILTON W. BOWER, Minister.
