The boys are working hard this week, and improving their form materially. Stress is being laid on the batting practice, as this has been their weakest department so far this season. Fred Roberts will fill the pitcher's box again Sun-day, and it is predicted that, if he goes like he did last week, the La Grande team will have a hard time finding the pellet.

The new uniforms were ordered the first of the week, and delivery has been promised by Friday night These were secured through the generosity of Heppner business men who are giving generous support to

#### Elks Vanquish Knights In Schedule Opener

A new twilight league schedule was formed this week in fraternal ball circles, and the Elks took a big leadoff Tuesday evening by defeating the Knights, 19-1, in the opening five-inning fracas. Loose fielding on the part of the Knights was largely responsible for their victory.

The sensation of the game was

probably the home run of Bert Stone, Elk second sacker, who popped a lit-tle fly into right field and trotted around the bases when the ball hid out on fielder Swindig in the high There were other thrilling moments, however. Once Gay Ander-son, Elk, stole home. Again "Red" Van Marter was caught napping off second base by the Knights. All of sprinkled generously with napthe-

two of the organiztions, and a championship game at the end between the two league leaders. The remainder of the schedule follows: Masons-Elks,

## Some Activity Here

The sale of lambs on the Heppner market looked up quite well the past week when 7000 head of black faced woollies were taken over by Frank C. Oxman, Jr., buyer from idaho, for June and July delivery. The prices ranged from \$10.50 to \$10.75 per hundred weight, which figures are up to the market of 1925 and are considered good by the local sheepmen. Lambs of this breed are not very

extensively raised here, and the purchases of Mr. Oxman clean up pretty point. Those selling were Krebs Bros., of Cecil and Heppner, R. A. Thompson, C. A. Minor, Ellis Minor and W. P. Mahoney. These lambs are all in excellent condition for the market and will weigh out pretty close to the century mark at time of de-

Chicago votes on the proposition o make prize fighting legal. That is the plain English of it. The intelligence and character of Chicago will be reflected in the vote.

Prize fighting is brutality, gathers together criminals and spreads the vorst diseases. Prize fighting makes heroes of

thugs and lawbreakers, setting a false example before growing boys. It has been said that prize fighting trains men "to be courageous and defend their country." Well known American prize fighters, apparently were all hiding under the bed when the war broke out, or they gave lessons to soldiers in camp, far from the shooting. You cannot mention a

prize fight champion that volunteered to fight for his country. Prize fighting means violating the law against assault and battery for the sake of profit. A city voting for it would disgrace itself.
