

BOARDMAN

MRS. A. T. HERRIM, Correspondent.

The American Legion and auxiliary gave their play "The Sky Riders" on Saturday night at the school auditorium. For some reason, possibly because there have been so many entertainments of late there was only a small audience. Those who stayed away missed an evening of laughter and pleasure. The cast all played their parts very well. It would be difficult to say just who was best but Mrs. Clyde Carr as Helen Brown played her part in so realistic a manner that it left nothing to be desired. Algernon Gordon Brown, an aviator by necessity, was played by Nate Macomber. Nate has been in a great many of the home talent plays and is always good. Mrs. Macomber played the part of his wife, Mrs. Brown, in a very capable manner. Juliann Brown, the other daughter, was played by Flossie Officer. She was in league with Teddy Nixon (Oppie Waggoner), wireless operator, and Horia Saunders (Clyde Carr), a pseudo aviator. Koma, the Japanese valet, was acted by Olive Mefford, whose "Yes, Mees" brought some humorous moments.

A home talent play is always enjoyed and gives an evening of good wholesome fun. A dance followed with music by the Columbians of Arlington.

A Koski sold his ranch last week to G. A. Hartju of Weston. Koskis have lived on the East End for the past several years, having reclaimed the land from the sagebrush as did so many of the other pioneers. Mr. Koski is the father of Mrs. Olson and Mrs. Hango. Mr. Harju purchased the stock on the place and will continue in the dairy business. They are milking about 12 head of cows at present. Mr. and Mrs. Koski and Ed Salmen left this week for Portland and Astoria where they will look over that section with a view to locating. The Harjus are Finnish people and have five children, four of whom will enter school here in the fall.

Mardell and Janet Gorham are recovering from a siege of mumps. Mrs. Katherine Mulkey went to Portland Friday night to spend the week-end with her husband. Sunday was the date of their first wedding anniversary.

Lowell Spagle came home Saturday from Pendleton where he has been employed by the state highway department. He will work nearer home for a time.

Mr. and Mrs. J. E. Price are visiting here at the W. A. Price home.

Probably the most interesting news of the week was the marriage on Wednesday, May 5, at Heppner, of Leita Barlow and Truman Messenger, two of the young people of this community. Judge Bengtson performed the ceremony. Mrs. Messenger is the daughter of Mr. and Mrs. Frank Barlow who conduct the Latourell service station. She came here with her parents last fall from Heppner where she had spent her childhood. She is a junior in the Boardman high school. The groom is the son of Mr. and Mrs. E. T. Messenger and a graduate of the Boardman high school. He is employed by the state highway department and is stationed at Pendleton at the present time. Congratulations are extended.

A letter from Miss Stella M. Arbutnot, who with her brother was a guest at the Herrim home two years ago, tells of the thrilling experiences from the recent oil fires at San Luis Obispo, Calif. The Arbutnots lived just three quarters of a mile from the oil tanks which burned and were acquainted with the two persons who were killed when one of the tanks exploded. She stated that Mr. Suber, one of the men killed, refused to move even though the Union Oil company sent a truck to move them. When the explosion came the house was blown to pieces and Mr. Suber

and son were killed, a daughter injured. Miss Arbutnot stated that they had their things packed ready to move on a moment's notice. She said also that it was a wonderful sight to see, but once in a lifetime was enough.

Hugo Koski left Sunday for Pendleton to work on the Westersundt ranch.

A miscellaneous shower will be given for Mrs. Truman Messenger at the J. R. Johnson home on Tuesday afternoon, May 18. A general invitation is extended.

Mr. and Mrs. Arthur Allen and Albert Macomber and wife came up from Olex to take in the Auxiliary play and visit home folks.

Mrs. James Elder of Monument visited a week at the home of her sister, Mrs. Glen Hadley.

A Mother's Day dinner that was greatly enjoyed was that at the W. H. Mefford home Sunday. Mr. and Mrs. Geo. Mefford and two children of Portland and Arthur Mefford and Charles Knowlton and wife were all present, as were Mr. and Mrs. Albert Macomber and the L. V. Roots.

The beautiful roses which covered the footlights on Saturday night at the play were later used in a very appropriate way. A child had passed away at Roosevelt and one of the musicians from Arlington took them with her to be used at the funeral held on Sunday.

Asa Thompson, wife and daughter of Spokane stopped for a short visit at the E. S. Davis home on Saturday enroute to Portland. Mr. Thompson is associated with the Federal Land bank of Spokane.

Hoffmann left some time ago for Prineville and later went on to Klamath Falls. They are looking for a location.

A special sermon was delivered Sunday by Rev. Swogger, honoring Mother's Day. Some special music was also given.

Claude Stamper has been sent from Pendleton to be assistant for Mr. Messenger in the maintenance work on the highway. He will bring his wife and two children with him.

A jolly crowd charivariated the new-lit Friday night at the Messenger home. Treats were in order and all had a good time.

At a recent meeting of the Ladies Aid it was decided to have the first meeting in the month a social affair with a small silver offering taken. At the second meeting which is always held the third Wednesday of the month the business will be transacted and the missionary topic discussed. Aiders are invited to bring their needlework and come for a social time.

Mrs. Olive M. Wilson and Mrs. Katherine Mulkey entertained Mrs. S. A. Boardman at dinner on Tuesday evening.

The baseball team of the Junior S. S. class drove to Umatilla Saturday and met the ball team there. The game was close and interesting but ended with the home boys losing by two points. The score was 7-5.

Mrs. Richard Dingman received a beautiful dwarf rose covered with blossoms from her daughter who lives in Chicago in memory of Mother's Day. The gift was sent from Portland and was indeed beautiful. Mr. Dingman gave his wife a fine new Occidental range as a birthday gift last week.

Mr. and Mrs. O. H. Warner motored to Pendleton Friday. They were accompanied by Mrs. A. B. Chaffee and her parents, Mr. and Mrs. Mayne, who are visiting here from Colorado.

Mrs. Walter Stutte and children returned home with the Falers for a visit with her parents when they came home from Portland the early part of the week.

Mr. and Mrs. Kelly of Lexington were over one day this week looking for a house for next year. Mr. Kelly has been elected superintendent for next year.

Mrs. C. S. Calkins spent the afternoon with Mrs. O. H. Warner Saturday.

A dinner that leaves another pleasant memory for Mrs. E. J. Curtis of Seattle who is visiting her daughters, Mrs. L. Packard and Mrs. J. Jenkins,

was that given on Sunday at the Leslie Packard home to honor Mrs. Curtis on Mother's Day. A delightful dinner and a pleasant day was enjoyed by Mr. and Mrs. John Jenkins and daughter Elvira, Mr. and Mrs. Lowell Spagle and the Packard family.

Pete Slavin had a piece of hard luck Sunday night when his fine Oldsmobile went up in flames. It was cut in front of the house and burst into a mass of flames possibly a short circuit. The sad part of it as reported to us was that his insurance on the car had expired just 12 hours previously.

John L. Jenkins took his wool to Arlington Saturday.

Commencement exercises will be held May 27. There are four graduates this year, Howard Packard, Katherine Brown, Caroline Hunt and Beattie Cruikshank.

Mrs. D. F. Ransier was hostess on Thursday at an afternoon party honoring her sister, Mrs. William Thurman.

Guests present were Mrs. A. A. Marlow of Pendleton, Mesdames Faler, Stutte, R. Mitchell, Chas. Attebury, Olive Attebury, W. A. Price, Chas. Goodwin, J. E. Price, Porter, Nizer, Hadley, Eider, Smith, Agree, Wicklander, Messenger, Dillabaugh, Helms, Beardsley, Myers, and the hostesses and honor guests. Dainty gifts were sent by a number of others who were unable to attend. A delicious luncheon was served by the hostess.

Alton Klitz is the only member of the 1924 high school class that has not become a benedict. All the rest are now married. Alton is attending O. A. C.

Coyotes are becoming very numerous in this section. John Jenkins recently lost two lambs by a coyote coming down on the band of sheep in daylight, and it is reported that Chas. Nizer also lost two in the same manner. Last week the Herceims caught

a coyote pup in the corner of their yard. It had strayed away and in wading through the tall alfalfa became wet and chilled. About dusk the mother coyote came down very close to the house in an effort to carry her puppy back with her.

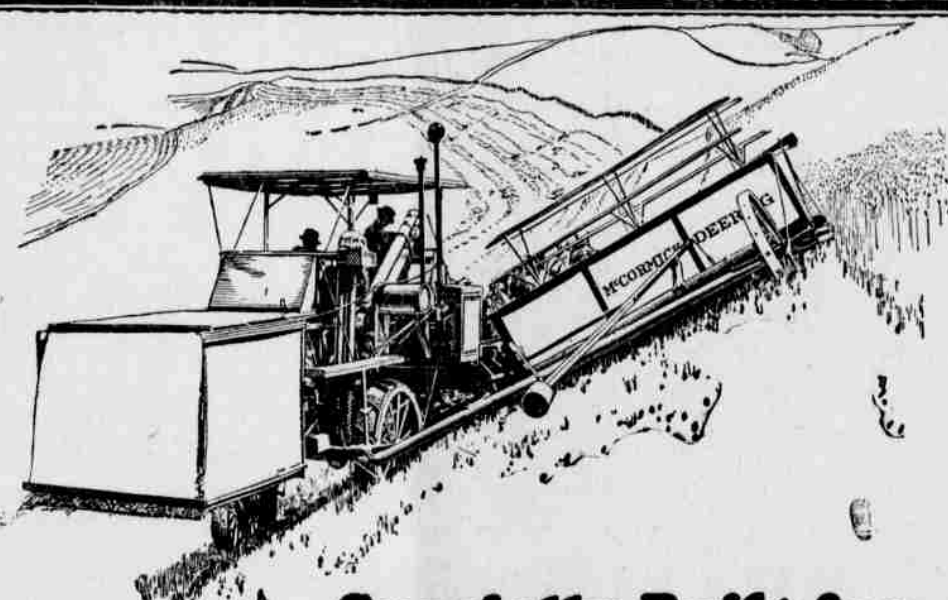

Mrs. Dan Ransier entertained at a delightful birthday dinner on Sunday in honor of her mother, Mrs. Marlow, who has been visiting her. Mrs. Marlow and son Ray of Adams spent several days at the Ransier home.

The ball game with Hermiston Sunday on the Hermiston field ended in a racket with the game protested. What there was of it, 6 innings, was exceedingly exciting and interesting. The Koskis and Harjus motored to Hermiston Tuesday to get necessary papers signed up for the completion of their business deal. Mr. Harju returned Monday from Weston where he went to sell the balance of his seed potatoes and the other business.

We have a few
SPECIALS
to offer this week:

- | | |
|--|--|
| No. 2 1/2 Table Peaches, per can 25c | Pork and Beans10c, 15c and 25c |

Thomson Brothers

Specially Built for Hillside Harvesting!

1. Can be used with equal success on hillside or level fields.
2. A real 2-man machine. Bagging platform, centrally located, well balanced. Men work close together.
3. Header platform is parallel to ground at all times. No grain skipped.
4. Operates equally well up hill or down.
5. Cylinder, 24" long, runs on self-aligning, enclosed ball bearings.
6. Five square feet of grate surface beneath cylinder and main beater provides for immediate separation of 80 to 90% of grain at the cylinder.
7. Wide separator (44") permits straw to spread thinly over straw racks for thorough separation.
8. Air blast of shoe fan is distributed evenly over entire area of shoe screen, whether machine is going up or down hill.
9. Recleaning device in addition to shoe—similar in action to fanning mill. Cleans grain thoroughly.
10. Power-operated leveling device. The operator merely moves a clutch lever—the power does the rest.
11. Screens are automatically leveled.
12. All bearings supported on brackets attached solidly to the frame, not to sheet metal siding.
13. Auxiliary engine same as used in Harvester trucks and tractors. Ball-bearing crankshaft.
14. All drive chains are short. Double roller chain and cut steel sprockets on cylinder drive.

Of course you will give
Jewelry for Graduation

—because no graduation is complete without a token of appreciation and admiration of that first success of Life—and because there is nothing like jewelry for permanency and lasting satisfaction. Nor is there anything that may be given to the graduate that will develop greater appreciation. These suggestions may help you in your selections.
