

LAWRENCE T. HARRIS COMMENDS STEIWER

Pendleton Man Real Senatorial Timber; Can Be Elected in Fall.

"Win with Steiwer!" That's the slogan that Republicans of all parts of Oregon rallying to the candidacy of Frederick Steiwer for United States senator, are declaring to the world. Here, they say, is a candidate who can bring party victory in November.

In a ringing indorsement of Steiwer that was so complete a vote of confidence that it would make any man proud to have it, Judge Lawrence T. Harris, of Eugene, said among other fine things: "If he is nominated by the members of the Republican party, he can easily be elected next November. I predict that if Frederick Steiwer is seated in the United States senate he will be before the end of his first term become recognized throughout the nation as one of the leaders of that body and that through him Oregon will reap much credit and honor."

Of what other candidate for the nomination can the same be said? Not one. Every other is vulnerable to Democratic attack.

Stanfield and his vacant chair in the senate, vacant for nearly a year, would make an enviable target for Democratic jibes. He holds all records for non-attendance to duty, so lightly did he regard his position as senator and ambassador from a sovereign state.

As the end of the campaign approaches, no other conclusion is possible than that the issue is between Steiwer and Stanfield. Republican voters will choose either a candidate with every qualification for high office, of whom they may be proud and who will win in November, or they will select a standard bearer who is a discredited officeholder, one who has failed to measure up to his opportunity, one whom the Democrats will have a likely chance of beating in the general election.

There will be no doubt of the outcome if Republicans understand the danger in a divided vote among the numerous primary candidates in the race. Let them stick to Steiwer and the state and party will be safe instead of sorry.

The BULL'S EYE

Editor and General Manager WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Zigfeld Folies and screen star, and leading American humorist. More coming. Watch for them.

The BULL'S EYE is a publication that goes to print. When does it go to print? It goes to print when ever there is something to print. A lot of papers, in fact to be exact, all of them, have a certain time to be issued, regardless of the news. If nothing has happened that day or that week they have to come out just the same. They want you to pay for them whether they are any good to you or not. Why should a paper be printed if there is nothing new to print?

Sing Sing don't electrocute a man at a certain hour every day. They wait until they get a good man and then electrocute him They don't have a set time or custom, and that is the way the BULL'S EYE is operated. We don't go to press at ten o'clock tonight just because we went to press at ten last night. No, sir! We wait until we have something that is worth while to our myriads of readers. We get them accustomed to the fact that when they see the BULL'S EYE, they say to themselves, "The BULL has seen something worth while," and that is why the Paper is out today. Because it has news for you.

We saw a man smoking a sack of "BULL" DURHAM and he was getting so much satisfaction out of it that we feel it our duty to tell those that never used "BULL" DURHAM just how they too can get satisfaction.

P.S. Remember, you won't see us again until we have something worth while.

P. P. S. There is going to be another piece in this paper soon. Look for it.

VOTE FOR Alfred E. Clark of Portland CANDIDATE FOR REPUBLICAN NOMINATION FOR UNITED STATES SENATOR

Oregon needs a man in the United States Senate who can secure results for its people at the national capital.

It needs a man familiar with its resources, agricultural interests, industries, harbor and reclamation projects.

It needs a man with the energy, industry and ability to secure governmental recognition and aid for the development of these resources, various interests, industrial enterprises and projects.

In ALFRED E. CLARK, Candidate for the Republican nomination for United States Senator, the people of Oregon have such a man.

He has the energy. He has the industry. He has the ability.

Moreover he already has to his credit a record of faithful and efficient public service.

He has courageously opposed in this campaign those who would deprive the people of the right to select their own candidates under the direct primary law and who now seek to dictate party nominations.

These factors have made him the leading Republican candidate for the senatorship and his nomination seems assured.

A vote for Alfred E. Clark for Senator is a vote for the general welfare of Oregon and its people.

Service and the Small Account This bank is a service institution organized to meet financial necessities of its depositors. The amount of its service to its depositors often depends on the bank balances they maintain. This bank must carefully protect the funds deposited here by its depositors. Money can be loaned only when we feel sure that it will be safe. When a depositor maintains a reasonably large, steady balance, it is an indication to us that he knows how to use money successfully. It gives us a reason to believe that loans to him will be safe. That is one reason why depositors who maintain large balances get better service from their bank. They are entitled to it. And even more than that, a large balance provides the depositor with sufficient funds to take care of emergencies and business opportunities that may arise. Stanfield Fighting to Develop Resources of Oregon U. S. Senator Robert N. Stanfield maintains that the natural resources of Oregon belong to the people of Oregon, and he is leading the fight to establish Oregon's right to use the revenues from these resources to develop the state and materially reduce taxes. Grazing Bill Entering Wedge Stanfield's Grazing Bill, which has been unanimously recommended for passage by the Senate Committee on Public Lands, (Stanfield, Chairman), is the first step toward restoring control to Oregon of the revenues from its resources. Secretary Work, Department of the Interior, pronounces the bill "a constructive measure which will result in definite and positive benefits to the livestock industry, and will permit the use of the public lands by both small and large livestock raisers." Stanfield for Port and Shipping U. S. Senator McNary wired Bert Anderson, republican county chairman of Jackson County, on May 4: "Senator Stanfield, chairman of the Senate Public Lands Committee, has conducted hearings and given much of his time to Oregon and California grant lands tax bill. I AM ASSISTING HIM IN EVERY WAY I CAN. I am busy assisting in the hearings before the Senate Commerce Committee on the attempted sale of the Oriental line by the Shipping Board to the Dollar interests. SENATOR STANFIELD IS ASSISTING ME IN EVERY WAY HE CAN." Stanfield Comes to Rescue of the Farmer The passage of the emergency tariff bill on May 27, 1921, placing protective duties on 28 of the principal farm products, was due largely to the insistent efforts of Senator Stanfield. On May 20, 1921, the Stanfield bill was introduced for financial relief of agricultural banks and loan companies, through the War Finance Corporation. The main features of this measure became law as a part of the Norris bill August 24, 1921, and Oregon banks, trust and loan companies that serve agriculture received \$6,696,000 under its terms. Working for Oregon's Reclamation Projects Senator Stanfield favors active continuation of the reclamation of Oregon's arid lands until every irrigable acre is reduced to cultivation and production. He is working in full accord with his colleague, Senator McNary, Chairman of the Senate Committee on Irrigation, and with Representative Simnot, Chairman of the same committee in the House, in reclamation legislation. The Oregon Senators went out in their contention that financial aid to settlers should be provided by the Government and the Interior Department, in March, 1926, agreed to use \$500,000 of the reclamation fund for the purpose of making experimental loans to settlers on certain selected projects over a period of three years. STANFIELD'S HIGH RANK ON SENATE COMMITTEES HELPS OREGON. IT WOULD TAKE YEARS FOR A NEW MAN TO ATTAIN HIS RANK IN THE SENATE. (Paid. Adv., Stanfield-for-Senator Campaign, E. D. Cusick, Mgr.)
