F. M. Gilliam and granddaughter, Miss Esma Gilliam, Bert Hoover and H. J. Simmons attended the exercises at Well Springs, Morrow county, on the old emigrant trail last Sunday. The exercises were in memory of Col. Cornelius Gilliam, F. M. Gilliam's great-uncle, Robert E. Williams and other pioneers who lost their lives near these springs. Colonel Gilliam, pioneer Indian fighter, was killed at this place by the accidental discharge of a rifle. Gilliam family from all over the state attended the exercises, the leading feature of which was the unveiling of two bronze tablets set in a large granite stone. Traces of some 30 graves are now enclosed by an iron fence on a ridge a half mile west of the Well Springs. The intense heat last Sunday, the dust and the dreary landscape gave the crowd a faint idea of the horrible hardships of the pioneers who first came over the Oregon trail.—Fossil Journal.

TACOMAN GOING TO NEAR EAST

Willamette University Sends Money For Scholarship There Via T. A. Swayze.

Thomas A. Swayze of Tacoma sails from New York on July 7 as America's Golden Rule ambassador to the Near East. Swayze wins this distinction through being chosen by the people of Tacoma, the Golden Rule city of America, as their representative. Cleveland H. Dodge, the New York philanthropist, offers each year to send to the Near East a representative of that city which makes the best observance of international Golden Rule Sunday.

Swayze, who saw service in the World War in the 110th engineers, is the district secretary of the Gyro clubs of Oregon, Washington, and British Columbia, and former president of the Epworth League, Tacoma district. He will be accompanied by his wife.

They will visit the World's Christian Endeavor convention in London and later will see the thousands of children now in America's care in Greece, Palestine and Syria.

Swayze carries with him commissions from many organizations, including authority from his alma mater, the College of Puget Sound, Tacoma, and from Willamette university, Salem, to endorse some worthwhile young man or woman with a scholarship in an American university in the Near East. When in Portland he was given a check nearly four feet long, representative of Oregon's gifts now totaling over \$1,000,000 to Near East Relief. By others he has been commissioned to take children from refugee camps and place them in orphanages and to guarantee their support.

BOYS AND GIRLS WANTED FOR FARM HOME TRAINING

"Wanted, Boys and Girls." Sounds like a juvenile employment agency, but it is really H. C. Seymour, state club leader, expressing a desire to increase the scope of his hobby.

Already Mr. Seymour has "under his wing" 10,000 Oregon farm boys and girls. For each he is trying to "make the best better"—as the club motto goes.

There is hardly a farm boy or girl in Oregon who does not know him, or at least of him. Everyone of them who has come into contact with him will tell you that Mr. Seymour is his personal friend.

"Mr. Seymour has been largely responsible for the enormous growth of club work in this state," say club leaders. "He believes boys and girls are the best crop raised in Oregon, and while his work is not personally raising boys and girls, he does give invaluable service in raising their ideals and their respect for farm life."
