

Local Happenings

Mr. and Mrs. Erik Bergstrom were eight mile people in the city Monday. Mr. Bergstrom is one of the early settlers of the Eight Mile country, which he has made one of the best places in the county. Mr. Bergstrom recalls that there was little farming done in the county at that time and the hills were pretty well covered with stock and lots of good bunchgrass between his place and Heppner. He also remembers that the winter of 1884-5 was one of heavy snow, a covering of some four feet came and laid on for many weeks, and following that winter was one of the best summer seasons that he remembers since locating here. Farming did not start in the Eight Mile country in earnest until along about the nineties, Mr. Bergstrom states.

Mrs. Ed Kelley of Lexington went to Pendleton Saturday to make preparations for entering summer school. She took an aunt, Mrs. Mary Pearson of Echo, with her to take care of her little girl. Mrs. Kelley left the aunt and little girl together for a few moments at their room while she stepped out to look at an apartment and upon her return found her aunt unconscious. She immediately summoned a physician but the woman was dead before he arrived, apoplexy presumably being the cause. Mrs. Pearson was buried in Pendleton on Monday, beside her husband, James Pearson, who passed away several years ago.

Mr. and Mrs. Frank Turner drove to Pendleton Monday morning in time for Mrs. Turner to register for the summer session of the State Normal. From Mrs. Turner we learn that the attendance so far is much smaller than usual. Mrs. Desa Copenhagen, Miss Gertrude Davies and Mrs. Ethel Ahlburgh are among former Morrow county teachers who are there this year.

E. J. Merrill was looking after business in the city Monday. He is somewhat disappointed with the crop outlook out Hardman way, stating that frosts undoubtedly did much damage and the white caps loom up pretty freely in many fields. The weather was backward and too cool for proper development, but there should be a yield around fifteen bushels at that.

Johnnie Hiatt and family went to Pendleton Monday to attend the funeral of his aunt, Mrs. Mary Pearson, who died suddenly in that city on Saturday. He was accompanied home by his father, W. E. Hiatt, a brother of Mrs. Pearson, who remained over a day at Heppner before going on to his home at Vancouver, Wash.

Nels Johnson, farmer of the Rock creek country, was doing business here on Friday. While the wheat crop of that part of Gilliam county and the west side of Morrow county will be pretty light, Mr. Johnson states they will harvest a good deal of grain and it will be of splendid quality.

Report on the crop situation between here and Pendleton is to the effect that yield will be very poor between Butter creek and Pendleton, but there is prospect for a wonderful yield throughout the Pilot Rock country, and beyond Pendleton, around Adams, Athena and Freewater the yield should be up to normal.

Dr. Fred E. Farrior, Mrs. Farrior and Freddie, Jr., departed for Portland Sunday morning and the doctor has been attending the convention of Pacific coast dentists assembled in the city this week. Accompanying Mr. and Mrs. Farrior was Mrs. A. H. Johnson, who is enjoying a visit with relatives in the city.

Garnet Barratt departed Wednesday for Baker where he will make arrangements for the care of the W. B. Barratt & Son sheep on the government reserve for the summer. He was accompanied by Billie Corson who will look after the bands for Mr. Barratt during the summer season.

The Broadway Novelty orchestra of Portland furnished the music for a very enjoyable dance given at Ione on Saturday evening last. The dance was largely attended, there being 80 couples on the floor, and the music of the three-piece orchestra was appreciated.

Mrs. Peter Curran and little Miss Mary departed on Tuesday night for Cloverson, Minn., the old home of Mrs. Curran, where she will remain for a visit until about the first of October. Mr. Curran will be in the mountains with his sheep during this period.

Cedric "Hap" Miller, an attorney of Vancouver, Wash., was a business visitor in the city Monday, representing some of the Whetstone heirs. Mr. Miller is a former schoolmate of Clerk Anderson, and they had a good visit together.

Albert Peterson, progressive farmer and ranchman of Ukiah has taken over the mail route between that place and Pilot Rock. He has had a truck specially fitted up for the work and will begin operating the first of July.

Miss Evelyn Humphreys, who has been a student during the past year at the U. of O., Eugene, arrived home on Saturday and will spend the summer vacation season with her parents, Mr. and Mrs. T. J. Humphreys.

Mrs. Sheik and little sister of Salt Lake and Mrs. Wallace and Miss Aileen Wallace motored to Pendleton Tuesday and spent the day. Mr. Sheik and Mr. Wallace are connected with the road work at Franklin Hill.

Mr. and Mrs. Phill Cohn and Miss Eleanor Cohn, who have been spending several days of this week with the family of Harold Cohn in this city, departed for their home at Portland on Wednesday morning.

Mrs. N. S. Whetstone is spending the week with relatives at Pendleton and Milton.

Roy Campbell and family of Social Ridge were shopping in this city on Saturday.

Miss Mary Clark arrived home on Monday for Diamond lake the first of the week. They expect to spend several days there, pulling out the big fish and enjoying an outing.

Miss Mary Clark arrived home on Thursday evening last from Eugene and will spend the summer vacation with her parents, Mr. and Mrs. M. D. Clark.

Mr. and Mrs. B. G. Sigbee accompanied Mr. and Mrs. Frank Turner to Pendleton Monday, where Mr. Sigbee had some dental work done.

Mrs. Holmes Holeman and children are visiting at the home of her parents, Mr. and Mrs. J. H. Cochran at Ione.

Enjoy Fine Auto Trip to Southern Oklahoma

Charley Swindig and family returned home on Thursday evening from their trip to the Southwest, which took them to the southern part of Oklahoma. They have been absent from home for nearly two months and as they were prepared to camp along the way, they enjoyed to the full every bit of the journey both going and coming.

Mr. Swindig states that on the trip they visited eight states, and in the round trip covered a total of 4804 miles. In Oklahoma they visited the largest oil fields in the United States, located south of Blackwell, and there were many other points of interest they took the time to look over. The weather was good, the roads not so bad, and there was no car trouble, though Mr. Swindig states he found no roads anywhere to equal the Oregon highways. They made an average of about 200 miles per day, traveling time, and the little Star car made 29 miles to the gallon of gas consumed.

Leonard Schwarz has gone to Pendleton where he has accepted a position in a meat market for the summer.

Miss Margaret Phelps, who recently returned from Wenatchee, Washington, where she spent the past year as public school music supervisor in the Wenatchee schools, has left for Portland to attend University of Oregon summer school. She will teach at Wenatchee again next year.—Pendleton East Oregonian.

EXPRESSES APPRECIATION. As a citizen, teacher and mother, I wish to take this means of expressing our appreciation of the efforts put forth by the patient workers who made the Daily Vacation Bible school a success this year. The cantata alone was sufficient to demand undivided attention and time and the results were amazing. How many

grownups could have given that as did those children, without a note or word of music before them? For this part Mrs. Lea Taylor and Mrs. Bower deserve special praise. Personally, I never saw anyone get more effective results from hymn practice than did Mrs. Bower from her class of three girls and one boy. We feel sure that our daughter is wonderfully benefited by the work. Again, on behalf of the parents whose children were in the school may we thank you one and all for your untiring labor. A MOTHER.

LEXINGTON
