

BOARDMAN

MRS. A. T. HERREIM, Correspondent.

The Cash Mercantile store was entered some time Saturday night and robbed of a number of small articles, flashlight, \$5 in change, a number of cigarettes, pocket knives, etc. Entrance was made by breaking the window of the back door. It is believed to be the work of local boys and suspicion points strongly toward the suspected ones. Mr. Gorham, manager, has offered a reward of \$25 for information leading to the arrest and conviction of the guilty parties. We are hoping that it is not the work of home boys. If so Boardman is in need of a general moral cleanup, as we have had grief enough with the younger set of late without burglary added to the list.

Walter Knauff and Chas. Dillon shipped 600 young cockerels to Portland Sunday night.

Today's Useful Hint On Jam and Jelly Making

By Elizabeth Palmer

Once you have tried the new short-boil method of making jams and jellies with Certo you will discard the old, uncertain way as an out of date piece of kitchen drudgery.

Certo is a pure fruit product—the jellifying substance of fruit refined and bottled.

Certo jams and jellies jell perfectly—just tenderly firm every time—never a failure. They taste better, because the delicate, delicious, fresh flavor of your fruit is not boiled away. They look prettier, because you preserve their bright, natural color. You get half again more jam or jelly from your fruit because you save the juice which used to boil away.

A book of nearly one hundred recipes for delicious jams, jellies and marmalades comes with each bottle of Certo. Even if you are not an experienced cook, you can make perfect jams and jellies every time the Certo way.

Four grocer carries Certo, or you can send 10c (for postage) and get a trial half-size bottle which will make from 6 to 10 glasses of jam or jelly, depending upon the recipe used. Write Douglas-Pectin Corp., 138D Granite Bldg., Rochester, N. Y.

home in Portland he had to undergo this operation.

A number of Boardman people attended the ball game at Heppner Sunday. The game ended with a 9 to 0 score and a scrap.

Owing to a misunderstanding about the location of the picnic on Monday July 5th, a meeting was called Monday night, to settle the matter. After much discussion and controversy it was decided to have the picnic at Mitchell's grove. Bring your lunch basket and have a good time. Music, sports and a general good time is the plan.

Boardman friends extend sympathy to Mr. and Mrs. Glen Hadley in the death of the former's mother, Mrs. Hadley of Hardman who passed away very suddenly at her home. Mother Hadley had been a Boardman visitor frequently and the past two years she and her husband made their home with their son Glen during the winter so had made many friends here. Death came unexpectedly and was a great shock to all who are left. Frank Cramer is a brother of the deceased and he and Mr. and Mrs. Earl Cramer accompanied Mr. and Mrs. Eck Warren to Hardman Saturday to attend the funeral services. Mr. and Mrs. Glen Hadley stayed at Hardman until Monday when they returned bringing the elder Mr. Hadley home with them.

A pleasant gathering was that Sunday evening at the Lee Mead home when Mr. and Mrs. Ray Brown and family and Mr. and Mrs. L. C. Cooney were guests for the evening. Delicious ice cream was served.

T. W. Cutsforth of Lexington and a brother-in-law from Saskatchewan, Canada, were visitors at the Klitz home recently.

R. C. Mitchell who is the bee inspector for this county, has been visiting apiaries at Irrigon recently.

He examines the hives to see about the general condition, if it is in sanitary shape and watches especially for foul brood which has been discovered near the county line to the east. Personally, where it comes to opening hives the position of bee inspector has no appeal to us. Boardman last winter had approximately 1100 colonies of bees and much honey is shipped out. Of course there will be many more colonies at the present time.
