

BOARDMAN

MRS. A. T. HERRIM, Correspondent.

Mr. and Mrs. Orren Talbot of San Diego, Calif., were guests at the J. F. Gorham home for several days, leaving Saturday for Walla Walla and points in Idaho. They will stop for a short visit on their return trip. Mrs. Talbot is a daughter of Mr. and Mrs. C. G. Blayden and a sister of Mrs. Gorham. She visited here several years ago.

The east end truck will run again Sunday and take all those wanting to go to Sunday school and church. This is one of the finest things that ever happened in the community and it is hoped that some way will be provided to continue the trips. Rev. Swonger had expected to be here last Sunday but because of the illness of one of his children was unable to come. Mr. Allen, who is one of the five men on the west end owning a truck, said that if others would be willing to take their turn he would gather up the children on the west end. If each would make the trip it would come only once a month and it certainly is for a good cause. Nothing finer or better could ever be done than to help get the children to Sunday school.

Bud Chaffee is here for a visit with his parents. He has been in the harvest fields.

Another picnic was held Sunday at Castle Rock by the same congenial group who have had so many merry beach parties this summer.

Ray Duggan has been visiting here. He has been spending the summer in Portland.

Mr. and Mrs. A. A. Williams returned to their home in Condon Tuesday after a pleasant visit with the former's sister, Mrs. A. S. Tate and family.

Mr. and Mrs. W. A. Murchie of Wasco, Mr. and Mrs. L. G. Smith of Seaside, and Mrs. J. C. Ballenger and Maxine motored to Boardman last Wednesday for a short visit. Mrs. Ballenger will probably remain at Seaside for the winter. Mr. Murchie who was so ill for a long time is looking fine.

Mr. and Mrs. Ralph Gribble and family of Oregon City came Friday for a visit at the home of Mrs. Gribble's sister, Mrs. Glen Hadley. Gribbles and Hadleys plan to go to the coast for a trip leaving Sept. 12.

Packards are entertaining company but we did not obtain the names.

School opens Sept. 7, with everything in readiness. A spirit of helpfulness and cooperation will make this the most successful school year in history. Able and competent teachers have been secured. Fred Kelly who was at Lexington for two years will head the school. He has recently returned from Seattle where he took advanced work at the University of Washington. Mr. Kelly is a young man of pleasing personality and much good is expected under his regime.

Miss Ethel Beougher of Albany, an O. A. C. graduate, who was here last year, will return to again resume her position as home economics teacher. Miss Lavelle Leathers who has been attending normal at Monmouth will have charge of the 1st and 2nd grades. She comes very highly recommended.

Miss Elsie Silver of Astoria, a graduate of Bellingham normal, will again teach the 3rd and 4th grades. Miss Esther Kankonen, also an Astoria girl, will have the 5th and 6th grades. Boardman people who have met her say she is charming and her critic teachers at Monmouth praise her very highly. Mrs. Allegra Feess, also an attendant at Monmouth, will have charge of the 7th and 8th grades. Mrs. Feess is a widow with two children who will be here with her and attend school. Mrs. Feess has rented the house of Mrs. Ella Shell for the year. She is a talented musician and has studied abroad. Miss Alice Falk of Salem will teach Latin and English. Clark Jantzen of Portland will teach science and manual training.

The North Morrow County Fair is being held this Friday and Saturday. A detailed account will be given in next week's issue.

Miss Miriam Elder returned Friday to her home in Monument after a 10-days visit with her aunt, Mrs. Glen Hadley.

A school nurse or a county health nurse is a very fine thing but since we no longer have one the duty of averting epidemics devolves upon the parents. Now, with the opening of school let us all use a little discretion, a little forethought and if your child is ill do not send him to school, especially if there is an epidemic raging. The time has passed along with bustles and hoop skirts when parents feel that children must have the mumps, whooping cough and other diseases. It is not necessary for children to have them except when people will willfully and wantonly expose others as many did last spring when smallpox and whooping cough were so prevalent. Three children died in neighboring towns as a result of whooping cough. Fortunately none here died although some poor little youngsters suffered severely. No intelligent person would knowingly send a child to school if he had scarlet fever or smallpox; why do so, then, with whooping cough or some other disease. The State Board of Health states that whooping cough is more dangerous than scarlet fever. It is not a difficult matter to avert an epidemic if you isolate your child at once if you think there is any possibility of him having a contagious disease. It is an expensive luxury for the taxpayers to be compelled to close school for two to five or six weeks and not one teacher but would rather stay at her post in the school room than to be idle during the school year. It breaks into her work and it is hard to regain interest of the children after such a vacation. A little thought of others will avert this. If your child is ill keep him home until he recovers.

Gene Gorgor left Saturday for her home in Aberdeen after a pleasant visit with her sister, Mrs. L. C. Cooney.

Mr. and Mrs. L. A. Mather departed on Monday for Prairie City, Oregon, where Mr. Mather will have the superintendency of the high school the coming year.

LABOR DAY

ONLY a few days ago, Dr. Frank Crane reminded us — "St. Paul mended sails—and Jesus was a carpenter" — glorifying labor as the only true road to progress—the rule is for either nation or individual. So let us all observe and celebrate Labor Day with an appreciation of of labor's real worth in the development of our civilization, the present having not failed to carry on its assignment for better homes, more comforts—less misery and poverty. This bank does not fail to appreciate the importance of labor in its long and successful career. The majority of depositors and patrons of our institutions have been, and now are, in labor ranks. To labor we take this means of expressing a sincere appreciation for its patronage.
