

BOARDMAN

MRS. A. T. EHREIM, Correspondent.

Overnight guests Saturday at the W. A. Price home were Mr. and Mrs. Phil Stradter and Mr. and Mrs. Chas. Beckley who were on their way home to Roseburg from Pendleton where they attended the Round-Up.

Mr. and Mrs. Harvey Huff came up from The Dalles for a visit Sunday with Mrs. Huff's parents, Mr. and Mrs. Henry Klages. Mr. Klages and sons returned Saturday from Kinnebeck where they have been working for some time. On Monday all the Klages family left for Kennebeck to work in the apples and on their return they plan to move to Hermiston to the ranch they purchased this spring. Mr. Klages plans to go into the poultry business on an extensive scale.

J. B. Huddleston and sister, Miss Bess, of Lone Rock were Boardman visitors Thursday, having disposed of a number of sheep to local ranchers. They were dinner guests at the Lee Mead home while here.

Lowell Spagle spent the week end at home. He is working in the Valley.

A number of the Boardman students departed this week to resume their work at O. A. C. Alton Klitz left Monday. He and Jim Howell are both sophomores. Earl Olson, who attended the first semester last year will return. Leslie Bass, the ferryman to Bialock Island plans to leave. He has been a member of the Boardman baseball team this season. Edna Broyles will not return this semester but will continue her work in the Cash Mercantile store.

J. C. Ballenger is home after an extended stay at Shaniko where he had a fertilizer plant, grinding sheep guano for the seed houses.

Rally Day will be held at Sunday school the second Sunday in October. It is hoped that a large crowd will be present.

Mr. and Mrs. Dan Ransier are planning a belated vacation trip to Myrtle Point and the coast. Mr. Ransier is unable to get away until Oct. 1, when the water in the canal is usually turned off. This will be Mr. Ransier's first vacation since he started work as ditch rider here eight or nine years ago. Ransiers will visit his sister whom he has not seen for fourteen years.

Mrs. Earl Cramer and son Basil are again in Boardman and Basil has entered school. They have been in Portland and for a time were at Shaniko with Mr. Cramer.

Mrs. Hines of Port Angeles, Wash., came Friday for a visit with Boardman friends. Mrs. Hines is a former resident of the project and still owns the 40 acres occupied by Mr. Dexter.

Mrs. Ed Rietmann was in from the wheat country one day last week and visited at the A. A. Arge home. They were former neighbors, Arges having lived on a wheat ranch for years.

Mr. and Mrs. Chas. Attebury were pleased to have their daughter, Mrs.

Below is Lieut. T. Cuddihy, who established a record from Philadelphia to Washington. The daring birdman made the trip in thirty-two minutes.

Il. E. Nottingham, husband and children as guests recently. They live in Portland.

Lawrence Smith broke his arm again. This seems to be getting a habit with him as it is the third time in a little over a year. This time he fell from a barrel and broke the same arm that he did in June.

Mrs. E. T. Messenger entertained the members of the Ladies Aid at her spacious home south of town on Wednesday. This was the regular business and missionary meeting which is always held the second meeting of the month, and it was also in the nature of a welcome home to Mrs. C. G. Blyden who has been away all summer in Idaho. Mrs. Blyden is one of the faithful members of the Aid and this means was taken by the organization to express their appreciation of her years of service. A

number of the Aid members have worked diligently for years and it becomes so easy to take up their labors as a matter of course without any expression of appreciation. A delicious luncheon was served by the hostess. Since a business meeting had not been held since June much business was transacted. The missionary topic was handled very ably by Mrs. Boardman and Mrs. Swogger told many interesting experiences of her life in India. It was voted to send Mrs. Allen to Pendleton to the Synodical meeting, Oct. 12-13 as a delegate. Mrs. Allen has been the faithful president of the aid for the past three years. Pomona Grange will be held here Oct. 2 and a large crowd is expected to attend. Greenfield Grange will serve both dinner and supper. Governor Pierce, I. L. Patterson and Bert Haney have been asked to attend. Katherine Brown will return to Ellensburg to resume her studies at the Washington State Normal.

Better than Ever-

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, during the past eight months, have vastly bettered their motor cars in many vital respects.

Indeed, there has never been an equal period in Dodge Brothers history when so many refinements of a popular and fundamental nature have been made.

The public is registering its appreciation of this progressive industrial service by purchasing every motor car Dodge Brothers can build—in spite of the fact that Dodge Brothers production, during these months, has broken all previous records by an impressive margin.

BUSINESS judgment BROUGHT HOME

YOUNG Mrs. Wellford was talking about her husband's recent illness. "Bill was home for a whole week. It was his first real chance to see me in action as a housewife—we've been married only a year, you know. "The third day he said to me: 'Sally, you need an Extension Telephone. You're wearing yourself out, running up and down stairs and from room to room every time the telephone rings. I never realized before how much a woman will put up with without complaining. I wouldn't stand for it a minute in my office.'" (Wellford's Inc. was a model office.) "And so?" said her visitor. "There it is," said Sally proudly. An Extension Telephone costs only a few cents a week.
