LEST WE FORGET Roy W. Ritner, as president of the State Senate, was acting Governor of Oregon for 35 days during November and December, 1922, and including January 1, 1923. During this time Mr. Ritner extended executive clemency to seventy-four inmates of the Oregon penitentiary including 28 pardons, 27 paroles, 7 paroles and restoration to citizenship and 12 commutations of sentence.

On Nov. 1, 1922, there were 469 inmates of the state "pen" which had a capacity of 600.

Among those released by him during this time were 10 men convicted of murder in the first or second degree sentenced to life imprisonment and having served time ranging from 4 years 11 months to 11 years. Some of these crimes were of the most deliberate and cold blooded kind, among them being murders by three Chinese gunmen or hired assassins of rival tong who shot down their victims on the street in reckless disregard of the lives of white citizens.

In the case of one Chinese, Gov. Olcott had refused a pardon and in the other two judgment had been affirmed by the Supreme Court of Oregon and the special prosecutor in the case said he never knew or heard of application for pardon for either until he read in the daily papers that they had been pardoned by Acting Governor Ritner.

Four were released who had been convicted of rape after serving portions of sentences, the details of the crimes being revolting in the extreme.

One case of unusual local interest was that of a man convicted of securing over \$8,000.00 from Umatilla county on forged road warrants pardoned after serving 13½ months of a five year sentence. Gov. Olcott's office refused consideration of this case in June, 1922.

The above statement of facts is taken from the report of a Committee of the Oregon Bar Association after

an examination of the records at Salem. This report was signed by Joseph N. Teal, Chairman, and four other attorneys of Oregon.

Mr. Ritner after serving eight years in the Senate and in both elections unopposed by the Democratic Party, is now a candidate for Joint Representative and is opposed by the undersigned, Joseph N. Scott, Democratic nominee, a native of Umatilla county, a graduate of the Weston Normal school and a farmer by occupation.

I am in favor of a State income tax—the Grange Bill—and believe in fewer, better and clearer laws. If elected I will work for the best interests of this District and of Oregon. I regard a public office as a public trust.
