65 PER CENT VOTE CAST IN COUNTY

Blakeman Is Re-Elected Commissioner by Big Majority.

STEIWER WINS OUT

Pierce Favored for Governor by Two
Votes; Kiddle and Scott Lead
for Legislature.

On Tuesday the voters of the state were on trial. In the campaign preceding the election the candidates were on trial. How well the electorate of Morrow county lived up to its obligation is evidenced by the vote cast. Sixty-five per cent of those whose names appeared on the registration books turned in ballots. The total vote was 1553; registration, 2095.

G. A. Blakeman of Hardman, republican and incumbent, was re-elected to the office of county commissioner, according to the vote, in the only contest appearing on the county division of the ballot. He received 861 votes to 455 for his opponent, Chas. Cox, democratic nominee. Blakeman carried every precinct in the county with the exception of Boardman, where Cox led with the vote 87 to 52, and Cecil, which split the difference, giving each candidate 20 votes. Blakeman was favored in his home precinct 66 to 25, while he carried Heppner by a strong majority. North Heppner went two to one for him, or 182-91, while South Heppner did still better, giving him 182 to 54. The Heppner vote is complimentary to Mr. Blakeman for his good work in road matters, he having been largely instrumental in gaining recognition for the Heppner-Spray road.

The other county officers elected without opposition were: Treasurer—Leon W. Briggs 1111. Assessor—Jesse J. Wells 1183. Surveyor—Ralph Harris 998. For this office Jos. Kirschner received a complimentary vote of 31.

A race drawing considerable interest locally was that for justice of the peace for North and South Heppner precincts between A. L. Cornett, republican and W. M. Ayers, democrat. Ayers won with the vote 285 to 209. S. P. Devin was elected constable with 422 votes, W. P. Pruyn being accorded a complimentary vote of 12 while several other names were written in.

W. A. Goodwin was elected justice of the peace at Boardman. Constables elected at other places where this position appeared on the ballot are: Irrigon, H. W. Grim; Ione, Geo. Frank; Boardman, A. B. Chaffee.

For joint senator, unofficial count gives Fred E. Kiddle ahead. Kiddle received 664 votes in this county to 569 for Henry J. Taylor. The total unofficial report gives Kiddle 5647, Taylor 5259.

Though Roy W. Rittner, republican, carried Morrow county in the race for joint representative, the total tabulated vote for both Umatilla and Morrow gives Scott the lead. The total vote was Rittner 3143, Scott 3272; Morrow county, Rittner 625, Scott 600.

Walter M. Pierce was the choice of our citizens for governor by the narrow margin of two votes. Pierce received 653 votes, Patterson 649 and Stallard 53. Pierce's main strength was in the country districts. The highest number of votes was cast in this race, indicating a wider interest than in the other contests.

Frederick Steiwer showed to be the favorite in the senatorial race with the final count, leading Haney, his nearest opponent by 249 votes. Totals are: W. P. Adams 13; Bert E. Haney 434; Robert N. Stanfield 217; Frederick Steiwer 683.

For representative in congress N. J. Sinnott, republican, took the lead by nearly three to one. He polled 932 votes to his opponent's, Jno. S. Hodgins, 324.

The vote for justices of the supreme court stands: Henry J. Bean 981, George M. Brown 742, Thomas A. McBride 675.

Charles A. Howard, republican, was a strong favorite for superintendent of public instruction, receiving 744 votes. R. K. Turner, the democratic nominee, received 513.

The vote for commissioner of bureau of labor statistics and inspector of factories and workshops is C. H. Gram 898, G. A. Von Schrititz 270.

For public service commissioner the vote is Louis E. Bean 865, Clyde T. Spooner 319.

The vote recorded on the measures follows:

Klamath County Bonding Amendment: yes 405, no 420.

Six Per Cent Limitation Amendment: yes 274, no 530.

Repeal of Free Negro and Mulatto Section of the Constitution: yes 558, no 435.

REPUBLICANS WIN OREGON ELECTION

The latest election returns available at Heppner from over the state show that the republican ticket was successful, and the lead of that party's candidates seems to be increasing as the reports get in from the outlying precincts. There was a good vote, running over 200,000 out of a total registration of a little better than 300,000. It was a poor day for independent candidates, and outside of the surprising showing made by Senator Stanfield, no other independent had enough votes to make any material dent in the general outcome. The great interest seemed to center about the senatorial contest, and this has been close as the election between Steiwer and Haney, the former winning by about 7000 plurality. The vote reported by 1572 precincts out of 1847 give Steiwer 80,426; Haney, 73,975; Stanfield, 45,548; Adams, 2642.

Patterson has won over Pierce by a heavy plurality, the latest account, with 1580 precincts reported, gave him lead at 24,851. Patterson receiving 109,651; Pierce 84,700; Stallard 10,782.

Hawley, for congress in first district is 36,610 votes ahead of his opponent, Borden; Hawley 61,165, Borden 24,555. In our own district, Sinnott is ahead of Hodgins by a lead of better than 13,000. The vote being Sinnott 23,990, Hodgins 9967. For state superintendent Howard was reported to be ahead of Turner by about 47,000. Louis E. Bean who was placed on the ticket at a late date for membership of the public service commission, was leading by a vote of 104,055, to his opponent, Spooner's 55,330. Gram, for state labor commissioner, has a vote of 118,360; Von Schrititz 39,006.

The measures defeated were: Six per cent limitation; Dennis resolution, Seaside Normal school; Cigarette and tobacco tax; Tithing bill; Income tax with offset; Initiated bills and truck license; Grange Income tax bill; Housewives' hydro-electric bill. All other measures seem to have been adopted.

CITY OFFICIALS ELECTED.

Heppner's city election proceeded quietly on Tuesday as the general election was being held. There was but one ticket in the field, and this received about all the votes cast, resulting in E. G. Noble being elected mayor, C. L. Sweek, Claude Cox and Jeff Jones, councilmen, E. R. Huston, recorder and W. O. Dix, treasurer.

L. E. Van Marter took a whack at his hand while splitting wood one day this week and as a result came near severing the thumb and index finger of the left hand. He feels that it is a great mistake when a man does not allow his wife to do the wood splitting, and in the future will be more careful in this regard. The accident was no laughing matter, however.

TECHNICAL SCORE GIVES LEX VICTORY

Technically, Lexington won Sunday's football game from the locals by the score of 10-3, when the two town teams clashed on Rodeo field, though actually the score was a 3-3 tie. The technicality came at the end of the game. Heppner punted to her opponents just as the gun was fired for the finish. The ball rolled across the opponent's goal line, and the Heppner players, thinking the game was over, trotted off the field. Buster Gentry, Lex safety, thought the play should be finished, however, and ran to the opposite end for a touchdown. Goal was kicked, adding the extra point.

Both teams had previously scored three points on drop-kicks, two of the prettiest kicks seen on the local grid in many a day. "Louie" Allyn booted the pigskin across the bars for the locals, and Vester Lane turned the trick for the visitors.

With the addition of much "beef" on both sides, the teams appeared more formidable than did the lighter crews in the game the previous week on the Lexington field. Though pretty much of a punter's battle most of the time, in which Gentry and Lane featured for Lex, and Allyn and Aiken for Heppner, there were occasions of considerable brilliance. Lexington completed a few passes, and Gentry did some pretty broad field running, along with a spectacular end run by Parker. Heppner probably outshone in the ground-gaining department, however, when she took the ball nearly the full length of the field twice in the second half, mostly via the pass route Aiken to Allyn and vice versa. Some good bucks by these two and Stout and Adkins were mixed in. Jack Hynd, Pendleton high school player with Heppner for the game, was the outstanding man on defense. Jack repeatedly broke through the opponents' line and made some beautiful tackles. "Buck" Lieullen helped bolster up Heppner's forward wall at goal and tackle.

The line-up:

Heppner	Lexington
C. Moore	LER
Hynd	LGR
Buseick	LGR
McDuffee	C
Smith	RGL
Lieullen	RTL
Doherty	REL
Cason	Q
L. Allyn	RH

Adkins	LB

Elmer Slocum Passes Suddenly at Lexington

The many friends of Elmer Slocum residing at Heppner were shocked to learn of his death at his home in Lexington on Monday morning. Mr. Slocum was a victim of paralysis, having suffered a stroke shortly after 4 o'clock on Sunday evening, and at about ten this was followed by another from which he became unconscious and did not rally, his death coming at about ten o'clock Monday morning.

Few people here were aware of his condition until the announcement was made of his demise, and the friends here were shocked by the news. Being suddenly stricken as he was the family of Mr. Slocum were greatly shocked. He had suffered his first stroke about two years ago and was quite ill as a result for some time. In fact he had never fully recovered from that experience, but lately he had appeared better than ever, and was especially well on Saturday and Sunday, giving no evidence of the approach of another attack.

Funeral services were held at Masonic hall in Heppner on Tuesday afternoon at 2:30 under the auspices of Heppner Lodge No. 69, of which the deceased was a member. The remains were taken to The Dalles Tuesday night and interment was in the cemetery there on Wednesday afternoon, a short service being held at the grave.

George Elmer Slocum was born in Susquehanna county, Penn., July 21, 1867, and died at Lexington, Oregon, November 1, 1926, aged 59 years, 3 months and 11 days. At the age of 21 he arrived at Heppner and since that time has made his home here and at Lexington. For the past 11 years he has been agent of the O-W-R. & N. Co. at Lexington. He was married in 1881 to Katie Morgan of Heppner, and to this union seven children were born, all of whom, with the widow survive him, as well as eight grandchildren. The children are Mrs. Elizabeth Van Schoick of Arlington; Mrs. Edith Beardsley, The Dalles; Mrs. Hattie Kem, Cincinnati, Ohio; Lamont Slocum, The Dalles; Miss Kathleen Slocum, Hot Lake, and Lawrence and Mary with their mother. Mr. Slocum was a kind husband and father and an excellent citizen. His sudden departure from this life has left a vacancy in the community affairs of his home town. He will long be remembered by his friends because of the many excellent qualities that he possessed.

Sweet Alice Wall Street. Beware Parathyroidism. 12,000,000,000 Cells. Selling Religion.

WALL STREET is as sensitive as Sweet Alice in the old song. She would smile with delight when you gave her a smile, and tremble with fear at a frown.

The frown that startles the speculators now is Europe's suggestion that tariffs be wiped out. This land would have reason to tremble with fear if that "down with tariffs" suggestion were applied to the United States.

We might as well go out of business, start all over again, wearing homespun and living on our crops. But that won't happen.

Science says, "Keep twenty pounds under what you think is your normal weight and avoid hyperparathyroidism."

Dr. Pfueger discovered that new kind of obesity, says many have it, that do not know it. A man weighing 500 pounds that ought to weigh 180 pounds could lengthen his life if he would get rid of twenty pounds.

Fat men and others not too fat, try this. Once every month, or better, twice, eat nothing but fruit for twenty-four hours.

Begin now with grapes. They are in season, and good for you.

Dr. Coolidge, of the General Electric company, has perfected a tube for generating cathode rays, most powerful of all the mysterious rays, the millikan ray coming next, the X-ray third.

This cathode ray, possessing great disintegrating force, may be made most useful in medicine, when thoroughly controlled. Applied to the body of a mouse for the fraction of a second, the cathode ray causes the mouse to fall apart, completely disintegrated although the flesh was not charred. The same ray might work wonders in cancer treatment if it could be regulated.

An English girl has been in a trance for twelve months, and from every direction come sincere efforts to help her. Faith cures of a dozen kinds, spiritualists, herbalists, A Japanese wrestler believes that physical treatment would relieve her and a good Christian sends a bottle of holy water from the miraculous spring of Lourdes.

To the material eye the case is that of an electric bell that will not ring. The wires are out of order or the battery is weak.

When you consider that there are in the brain of that girl, as in every human brain, twelve thousand million nerve cells, you wonder that we are not all of us mentally out of order "ALL of the time."

A campaign has been started under the direction of the very able Rev. Charles Steile "to sell religion to the people." This means an advertising campaign to arouse interest in religion.

It might be wise to hire a good astronomer. If the people could be persuaded to go out at night, stand alone, and look up at the sky, religion would gain rapidly. That is how it started. Napoleon, standing at night on the deck of the ship carrying him to St. Helena, pointed to the stars and said: "You must admit that someone made all that."

This country will learn after a while that a highway with heavy automobiles traveling fifty miles an hour with no rails to keep them in place is as dangerous as any railroad with its express trains.

In a head-on collision one man turned suddenly from behind a truck, put on the brakes and skidded into a car coming from the opposite direction. Four were killed and all the fourteen occupants of two cars hurt.

Speed should be limited strictly on the public highways, if necessary, by a mechanical appliance on every car. And reckless driving resulting in death should be punished as manslaughter.

P. T. A. MEETS NEXT TUESDAY.

The first meeting of the Patron-Teacher association for the year, held at the high school auditorium last Tuesday afternoon, reported in last week's issue was a success and at that time the annual election of officers occurred, and leaders were appointed to canvass for new members.

A report of the canvass will be in order at the coming meeting on Tuesday afternoon, Nov. 9, and a prominent feature of the program of entertainment will be the part taken by the fifth grade pupils. A general invitation to friends and patrons of the school is extended, and a large attendance of members will be appreciated.

Maple Circle to Hold Election.

The regular meeting of Maple Circle, Neighbors of Woodcraft, will be held at the L. O. O. F. hall Monday evening, Nov. 8. This is an important meeting of the Circle and it is requested that every member, if possible, be present. Come and help to choose officers for the ensuing term.
