She is quite ill and because of her advanced age of 77 hopes for her recovery are doubtful.

Each organization is asked to give some number or stunt, the whole comprising an excellent program. An admission fee is to be charged. Special mention must be made of the elaborate decorations Thursday evening for commencement. Never was the stage any prettier and beauty to the setting. The exercises went through faultlessly and the address of W. S. Gleiser was greatly enjoyed. The girl graduates were especially charming in their dresses of pastel shades. An innovation was the presentation of a class gift from the class of 1927 to the school. This was a copy of the signing of the Constitution and the presentation speech was made by Weldon Ayers. Rev. Swogger gave the invocation. Other numbers were the saxophone solo by Howard Packard, accompanied by Mrs. Lowell Packard; piano solo by Rachel Johnson; solo by Mr. Kelly; class oration, Catherine Berger, who was valedictorian and received the \$50 scholarship; violin solo, Victor Hango, accompanied by Linda Hango; vocal solo, Mrs. Royal Randa. Mr. Kelly had expected to have the certificates of award for the pupils who were neither absent nor tardy during the school year, but they did not arrive so he read the names of the students who had such a fine record. Leslie Packard gave a short talk and presented the diplomas to the graduates, who were Erna Broyles, Catherine Berger, Nellie Messenger, Carl and Weldon Ayers and Hector Wickland.

**The World's Greatest Tire**

A world's record was established at the Goodyear Tire & Rubber Company, Akron, O., when the one-hundred-millionth pneumatic motor vehicle tire was made.

100,000,000 tires! Enough to fill 55,524 freight cars—a train 420 miles long! Enough tires to make a chain twice around the earth!

No wonder the workmen cheered as the whistles howled.

We got a thrill out of it here in our local Goodyear Service Station. We helped Goodyear win that record.

One of the reasons for Goodyear supermacys is Goodyear Service.

Here, in your community, we deliver the Service that Goodyear puts behind every tire it makes.

We sell Goodyear Tires. And from the hour we put a Goodyear Tie on your car until it's finally worn out, we want to do everything possible to help you get trouble-free mileage from that tire.

Come in and see the new-type All-Weather Tread Balloon, the World's Greatest Tire. If you want a low-priced tire let us show you other Goodyear-made tires. The complete Goodyear line includes a tire for every car.
