

BOARDMAN

Mrs. Chas. Dillon and daughter Clara Mae came home Saturday from a pleasant trip to Portland. They were absent for a week and a half.

Gladys Wilson has gone to Lexington to work for a time.

A. W. Cobb was appointed director by proxy to take the place of S. H. Boardman for the meeting of the Umatilla Rapids association held August 3 in Portland. There was a large representation from the various districts at this meeting, especially from Pendleton and a plea was made to the Portland chamber of commerce for their aid in boosting for this proposed project. Some time ago the Portland chamber, with the usual myopia common to the residents of the Rose City, withdrew its support from the Umatilla Rapids association. Possibly the matter of the Longview bridge provided such a beam in the Portland eye that she failed to realize the value of the potential power wasted daily at her back door.

Mrs. Ray Brown and Mabel and Mrs. Robert Wilson and baby left Saturday for two weeks' visit at the road camp where Mr. Brown and Eldon Wilson are employed. Mrs. Wilson has been suffering with an acute case of hay fever.

Lauren Miller of Myrtle Point stopped Thursday for a short visit at the home of his uncle, D. T. Ransier and family.

Boardman friends will be pleased to hear that Mrs. Sam Shell expects to return shortly to Boardman to again make her home. Miss Ethel Beougher, home economics teacher, will make her home with Mrs. Shell during the school year.

Mr. and Mrs. Emmet Cooney and children of Condon were overnight guests Saturday at the L. C. Cooney home.

J. F. Gorham and W. A. Price made a business trip to Hermiston Wednesday.

Ransiers took their baby to Hermiston again last week to the doctor. The baby has had rather a difficult time since his advent into the world and has been put on a prepared baby food for several weeks.

Mrs. P. D. Cline of Sumner, Neb., a cousin of Mrs. W. H. Mefford, came last Wednesday with two friends, Miss D. McMahon of Eddyville and Mrs. G. Stansbee of Ashby, Neb. They remained for a two-days' visit and then continued their motor trip to the coast.

Mrs. Jim Howell was pleased to have her brother N. J. Johnson and his wife and her sister, Mrs. Geo. Durnell and husband come for a few days' visit. The Johnsons are from Heber, Utah, and the Durnells from Provo. Six years had elapsed since they had met.

Mrs. R. C. Mitchell came home Monday from a few days' visit in Portland. Her two sisters were up last week and Mrs. Mitchell went home with them for a few days' visit.

Eck Warren and wife were here Sunday for a short visit.

Macomber came home Sunday from a visit to Pilot Rock. Mrs. Macomber and Sybil Grace spent a week there with her parents.

Geo. Perry and Gordon Hall of Condon were Boardman visitors on Sunday. Mr. Perry is Mrs. Guy Barlow's step-father.

Boardman friends will be interested to learn that Miss Minnie Gorges has completed her work in nurses' training and graduated from the Catholic hospital at Aberdeen, Wn., in June.

Dan Ransier had to go to Hermiston Wednesday night and have his thumb lanced. He had suffered much pain

with it and the doctor stated that it was a boil near the bone.

Briece Dillabaugh is taking his two weeks' vacation from his duties as janitor at the school. He has done a great deal of work on the school grounds and building during the summer.

Mr. Edmunds of Vancouver, Wn., who owns a ranch on the west end, left the entire 40 acres for seed again this year. He had very good success last year with his seed. This year he let the first cutting go to seed instead of the second.

Ruel Knowlton came Saturday from Githell, Wn., for a visit with his sister, Mrs. W. H. Mefford.

Boardman friends who knew Mrs. Oscar Kosar will be interested to learn that she has completed her normal work at Monmouth. They are at present living in Port Angeles where Mr. Kosar is working in a paper mill. Mrs. Paul Smith received an interesting letter last week from Mrs. Kosar. Everetts will be in the 7th grade this fall. The Kosars lived in Jack Gorham's house across from the schoolhouse for a year or so.

The attendance at the movie has not been so large as was expected or desired, since they are given for a worthy cause, the money to be used for drilling a well at the cemetery. The film shown Saturday night was very good.

Mr. and Mrs. W. A. Price and Billie motored to Yakima Sunday, returning the same evening.

A few years ago Doyle Hubbel, a young man, started a "rabbitry," is that the proper term? on the Duncan ranch on the east end. Since that time many others on the project have ventured into the game, and although the project has thousands of the long

black eared variety there is also a good representation of the expensive Chinchillas which meet their doom that milady may deck herself in summer furs. These Chinchillas cost \$25 each for breeding stock and the company from whom they are purchased will buy all the surplus stock back for a period of five years. C. H. Dillabaugh, Deck Dillabaugh, J. C. Ballenger, Geo. Gross, Doyle Hubbel and Joe Miller are among those who have rabbits in numbers.

Mr. Ransome and family of New Plymouth, Ida., are here and are located in the J. T. Healey house adjoining the teachers' cottage. Mr. Ransome came to assist C. G. Blayden in completing the school gymnasium.

The Atterbury brothers harvested and shipped their mint crop this week. Atterburs, along with several other ranchers, purchased enough mint roots to plant, the company supplying the roots contracting to take the crop, charging \$50 per acre for roots. After the roots were sold the company went broke and the farmers were left with mint on their hands and no way to dispose of it. An effort was made to locate a market and so the Atterburs shipped their crop to Sunnyside, Wn., to have it distilled.

Mr. and Mrs. Lee Mead and daughter Catherine and Helen left Friday on No. 8 for a trip to Detroit, Mich., expecting to return about the 25th. Paul went to The Dalles on Monday and will stay with his grandmother until his parents return. Mr. Mead's mother and brothers and sisters and other relatives live in Michigan.

Miss Mabel Chapman of Hood River who will teach the 5th and 6th grades here this year has gone to Monmouth for some summer work till the opening of school.

Mrs. J. K. Johnson will entertain Ladies Aid at the next meeting, August 17th.

O. H. Warner took Mr. Goodwin to Hermiston Monday where he will take a course of treatments from a chiropractor. Mrs. Chas. Goodwin accompanied them. Mr. Goodwin has been ill for several months.

Urgent Need Seen For Additional Hospital Beds

That public safety and the health of the Oregon Tuberculosis Association provision of more hospital beds for tuberculosis patients is the official opinion of the board of directors of the Oregon Tuberculosis Association, as expressed at a meeting of that body Thursday afternoon in Portland. The meeting, presided over by Leslie Butler of Hood River, vice president of the association, took official action to authorize the president and secretary to lay before the Oregon State Board of Control the facts regarding the urgent need of proceeding with the construction of the Eastern Oregon Tuberculosis hospital which was authorized by a majority vote of 82-000 at the November election last year.

The waiting list for admission to the State Tuberculosis hospital at Salem is almost twice as large as it was a year ago, according to Dr. G. C. Bellinger, superintendent of the hospital. At this time last year, there were 42 patients waiting for admission to the State Tuberculosis hospital, while on July 28th of this year there were 71 tuberculosis patients waiting their turn to be admitted. Of this number, 31 are residents of Multnomah county.

Other members of the board attending the meeting were Dr. Marr Biallion, Dr. F. D. Stricker, Dr. E. A. Pierce, T. J. Gary, Miss Mary Campbell, R. N. Rev. W. G. Elliot, Mrs. S. M. Blumauer, Mrs. Mary Caufield, and Mrs. P. R. Whiteside.
