

BOARDMAN

(Continued from First Page)

Mr. and Mrs. W. H. Mefford and family and Mrs. Leo Root and Vernon came home Saturday of last week from a wonderful motor trip to Southern Oregon, going in the new Chevrolet truck. They went down by way of Bend, visited the Lava caves, Crater Lake, visited with the Garretts at Gold Hill and returned by way of Portland, where they stopped at the Geo. Mefford home.

L. C. Cooney and Glen Hadley went to Portland on Tuesday with the intention of purchasing a carload of lumber. They returned on Friday and Glen went hunting over the week end.

The Falers, who had a houseful of guests over Labor Day, with their guests motored to Heppner and Lexington on Sunday, Sept. 4, and all stopped at the Harry Schriever home for dinner Sunday evening. Mr. and Mrs. Chas. Christensen, Mr. and Mrs. E. DeWeese and daughter Caroline Betty, all of Portland, Mr. and Mrs. Nick Faler and R. Wasmer of Boardman were guests. Mr. and Mrs. Walter Stutte and children of Portland had gone over the day before and were also present.

Old Jupiter Plusius so interfered with plans for the Silver Tea last Wednesday that a porch party became an indoor affair with a fire built in the heater at the Messenger home. About 30 ladies were present. Mrs. Messenger has a spacious porch which is a veritable conservatory with flowers and plants of many varieties. The yard also is one of the prettiest on the project. A business meeting was held and reports of the Fair dinner made, and plans made to hold a reception for the teachers on Sept. 23.

A lovely luncheon was served by Mrs. Messenger and her committee, the Mesdames Dillon, Ballenger, Ingward Skobo, O. H. Warner and A. P. Ayers. Harold Roberts and family of Vancouver, Wash., stopped for a short visit Friday with their cousins, W. A. Price and family on their way home from Pullman.

Ladies Aid will meet on Wednesday, Sept. 21, at the church. The next Silver Tea will be in charge of Mrs. Boardman's committee and will be given at the Nate Macomber home.

Mr. and Mrs. Geo. Brown of Hollywood, Calif., old friends of Mrs. Flickinger and Mrs. Messenger from their home town of Astoria, Illinois, stopped recently for a short visit on their way home from Yellowstone Park.

A. P. Ayers has purchased a fine Hampshire ram from Coffin Bros. of Yakima.

Harold Cram and family of Marshfield, Ore., were recent visitors at the Ralph Humphreys home. They were enroute to Colfax. Mr. Cram is an uncle of Mrs. Humphrey.

Hardman and Heppner club workers gathered most of the prizes at the fair. Margaret Smith, Lois Messenger and Gladys Wilson of Boardman won prizes.

Mr. and Mrs. Tom Kaas and Mrs. Joe Hempker of Richland, Wash., were visitors Monday at the Howell home. Mrs. Hempker is a sister-in-law of Mrs. Joe Muller and visited at the Muller home. The Howells and Kaas were old friends while living at Hay Creek.

Mrs. O. B. Olson and daughter Elida went to St. Martin's Springs on Monday where Elida will take the hot baths in an effort to cure rheumatism from which she has suffered for several years. Clifford took them down. They will remain for an indefinite time. St. Martin's is across from Hood River on the Washington side.

Only a small crowd attended the movie Saturday night. "Behind the Front" was the film and was thoroughly enjoyed by those who did attend.

Mr. and Mrs. Dan Ransier and children were dinner guests Saturday night at the Nick Faler home.

Mrs. Ray Brown and daughter Mabel and Mrs. Robert Wilson motored to Walla Walla Saturday for the week end.

A. Porter has had a crew filling the silo at his ranch this week.

Chas. Nickerson came home Saturday from Shaniko where he has been working at Ballenger's fertilizing plant. He has a lame leg so had to quit for a while.

W. A. Goodwin went to Hermiston

Saturday where he will take treatments until Tuesday, when Dr. Rowe comes to Boardman again.

Nick Faler and Mrs. Geo. Spring motored to Portland on Sunday.

Royal Rands, Paul M. Smith and his father, Oliver Smith, motored to Pendleton Thursday on business.

Dr. Donnelly has erected a modern chicken house on his ranch west of town. The Saunders, who have charge of the ranch have a fine flock of white leghorn chickens. Dr. Donnelly was up Sunday on business. The Saunders have traded some property near Tacoma for the Tate ranch south of Boardman and will move there a year from this fall.

T. E. Broyles has purchased a beautiful new Chrysler landau sedan from E. Peck, the local agent.

Miss Nellie Messenger left Sunday for Pendleton to work.

Mrs. Hershell Binns and baby came Sunday for a visit at the Nate Macomber home.

Hugo Koski left Sunday for Hood River after a week's visit at the Hanggo home.

Mr. Rousch of Madras was a Boardman visitor Sunday. He was formerly in the mercantile business here.

Arden Mench of Portland was a recent visitor at the Royal Rands home. He was on his way home from a trip to Walla Walla. Mr. Mench is an uncle of Mr. Rands.

Sept. 23 is the date set for the teachers' reception. It will be held in the church and will be given by the Ladies' Aid. Everyone is cordially invited to attend to welcome the old teachers and greet the new. This will not be in the nature of a formal reception but will be an informal evening party.

Royal Rands and family were guests Sunday for dinner at the Sanders home.

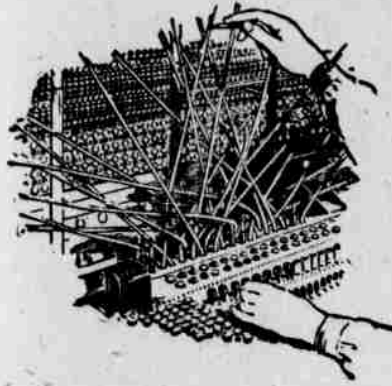

Although several fairs have been held there still seems to be some misunderstanding as to the use of the

fair funds, so a word of explanation will be given. Oregon law provides for a tax of 1-20 of a mill for fair funds. This gives Morrow county \$600. One hundred and thirty dollars is used at Heppner at the wool and grain show. The balance is used for the North Morrow County fair. This money can be used for premiums only and can not be used for even a telephone call or paper of pins. The fair dance is given for the purpose of raising funds for the printing, entry tags, pins and other incidentals. The members of the fair board and superintendents of the various departments and assistants, the judges, all who help with the fair, do a considerable amount of work and come in for no remuneration and more or less criticism. Anyone is entitled to enter articles in the fair whether he be a member of the fair board or not. Lee Mead and C. H. Dillabough deserve an unlimited amount of credit for their zeal in working for the fair.

A bad wreck occurred Saturday afternoon just below the overhead crossing at the blind curve when a big Nash commercial car came swinging around and struck a Columbia, demolishing 2 wheels and the axle. Then seeing another car the driver of the Nash put on the brakes and skidded, colliding head-on with a Buick. All three cars were wrecked, the Buick being completely ruined. A man, wife and four children were in this car which carried a Klickitat county sign and license 27000. The Nash was from California and had come from Spokane that day. It bore Calif. 243-811 license. The Columbia was an Idaho car with an Oregon permit. That no one was killed was miraculous, the woman in one car receiving a slight scalp wound. A heavy rain, a speedy driver, a blind curve, a skidding of wheels, chaos!

W. H. Mefford and son Russell, John Brice, Ruel Knowlton and Ed Kunzie motored down toward Baker to hunt deer. They returned Monday. Geo. Shane purchased a car load of sheep here recently, getting some from Alec Wilson, Johnnie McNamee and a few from Robert Wilson. Walter Hunt, his mother and niece, Ethel Gaines of Portland came Friday for a short visit at the W. H. Mefford home. They are old time friends. Leo V. Root has started work on his movie house. This was begun several months ago but construction was postponed for a time. Sept. 25th is Rally Day at the Sunday school. Everyone invited.

Jack Goyham is the proud possessor of a new radio set. Miss Bernice Stoneman of Heppner is visiting at the Glen Hadley home. R. Wasmer was pleased to have some old friends, Mr. and Mrs. C. Sigenthaler of San Francisco, come Sunday for a visit. On Monday Mr. Wasmer and his guests were entertained at the Faler home for dinner and afterwards motored over the project. The Sigenthalers left Tuesday for Yakima. Nizer's dog bit Mrs. Nizer on the ankle Sunday evening, causing a painful wound.

The Switchboard

A WEB of cords that end in numbered holes. A hand poised ready to answer signals which flash from tiny lamps. A mind, alert for prompt and accurate performance of a vital service. A devotion to duty inspired by a sense of the public's reliance on that service.

Every section of a telephone switchboard typifies the co-ordination of human effort and mechanism that makes possible America's far-reaching telephone service. Its cords link for instant speech those who are separated by a continent. Its guardian operator is one of an army of telephone men and women vigilant to meet a nation's need for communications.

In plant and personnel, the Bell System is in effect a vast switchboard serving a nation that has been transformed into a neighborhood through telephone growth and development.
