

FARM MARKET TREND

Corvallis, Ore., Oct. 3. —GRAIN. No unusual changes marked last week's grain markets except corn continued to go lower. Cash wheat prices held steady on good domestic demand and Pacific Coast export wheat was slightly firmer. Frenchwheat for good, high protein and soft milling wheats were paid. The St. Louis market advanced 6 cents on No. 2 Soft Red Winter bringing quotations to \$1.49 at the close of the week. It is estimated that 100,000,000 bushels of wheat and rye in Europe will be unfit for milling and rains in Canada and the United States have done damage to some unthreshed wheat. Good rains in Australia and Argentina have improved new crop prospects. Barley was firm on the Pacific Coast and slightly higher in the east where there is a larger export movement. The oats market was dull on the Coast but tended upward in the central west reflecting a light supply of good quality grain.

HAY. Although pastures are short causing better demand for hay, the general market situation is weak especially for low quality hay. A downward tendency has been noted in Yakima and Sacramento valleys where offering exceeds demand. Middle-western markets, however, were slightly firmer on extra leafy, green alfalfa suitable for milking and for dairy cattle. No. 1 alfalfa was quoted September 23 at Kansas City \$18.50; Memphis \$24.00; San Francisco, \$21.00.

PRUNES. Unofficial estimates indicate considerable reduction in the dried prune production on the Pacific Coast compared to earlier forecasts. Old stocks are reported greatly reduced. The French crop is expected to about equal that of 1926 but the Yugoslavia production is not expected to exceed half of last year. The situation is improved for those who hold stocks of good fruit, especially of large sizes.

APPLES. Some improvement in the English market compared to the demoralized situation which has prevailed for several weeks owing to an over supply of home grown fruit was noted in recent auctions.

WOOL. Further slight advances were noted in medium grade domestic wool last week.

LIVESTOCK. Wartime prices for fed steers were registered last week in Chicago when some extra good stuff brought \$16.55 and the general run of fed stuff went around \$13.00. All cattle were helped by the strong market for tops but the situation is not favorable to heavy increases in supplies of poorly finished stock in killer markets although feeders and stockers are in good demand. Combined cattle receipts at 48 markets this year to date are about one-half million head less than a year ago. Rains slowed up movement of lambs but supplies were large enough to cause some weakening in prices. Hogs were up and down but not much changed.

OLD COLLARS TABOO. University of Oregon, Eugene, Oct. 5.—The stiff "stand-up" collars of the R. O. T. C. coats, which have checked the perspiring throats of young cadets, and unbuttoned, have cast a general air of disrepute on the military department, have been abolished and replaced with roll collars, similar to those on civilian coats, according to Col. W. S. Sinclair, head of the Oregon R. O. T. C. Shiny gilt buttons have also replaced the bronze ones of former years, he said. Captain Clarence H. Bragg, who received his commission at Camp Benning, Georgia, has been appointed professor of military science. The war department has increased the allowance for men taking the basic military course from 500 to 650.

HALLOWEEN TIME COMING. Everyone is saving your nickels and dimes, for the Pine City school is putting on a carnival which will be composed of cats, spooks, goblins, ghosts, and witches, all in full dress. In fact, some of the spook and goblins are arriving daily in the neighborhood. Remember, Pine City school auditorium Friday, October 28.

SEED WHEAT SCARCE.

East Oregonian.
Certified fortyfold seed wheat seems to be quite scarce this fall, according to dealers trying to supply sufficient quantities of the grain. Most of the wheat has come from Morrow county near Heppner, but the supply here is extremely limited. Cars have been shipped by the grain officials at Heppner to La Grande and many other sections outside the immediately surrounding counties. Hybrid 128 is also in demand as well as some good certified Federation. A good quality of seed wheat is the main desire of many wheat farmers this year.

Alpine News Items.

Miss Mildred Schmidt was absent from school Friday afternoon.
The Alpine Farm Bureau meeting was held at the Alpine school building Saturday night, October 1st. A delightful program followed the business meeting. Everyone enjoyed the refreshments before going home. The next meeting will be held the

first Saturday night in November. Come and bring your friends.
A surprise party was held at the Schmidt home last Thursday night in honor of Mrs. Anne Schmidt. A good time was reported.
Celcha Lambirth was absent from high school Friday afternoon because of illness.

Misses Bertha and Bernice Sepanek were Heppner visitors Saturday.
Jim McDaniel accompanied by Muel Bennett made a business trip to The Dalles, returned home with six large salmon.
Harvesting is about completed in Sand Hollow district and fall work is being arranged.

This part of Morrow county enjoyed the rain which fell last week. Alpine high school students will soon be training their minds for another comedy which will be put on some time in November or December. The title is "Blimmers to Blame." Don't you think it will be great? Watch for the date.

FOR SALE—12 head of Hampshire bucks, \$15 apiece. Tom O'Brien, Echo, Oregon. 28-1f.

Do you want a cheap knockabout car? We have a 1920 Dorr that runs good, all licensed and ready to go. Price \$65.00. HEPPNER GARAGE.

FOR SALE—1922 Buick Six touring car; motor overhauled, new rings, 1927 license, runs good. \$150.00. HEPPNER GARAGE.

Enjoy golden hours of restful, refreshing sleep. Each summer night may be calm, peaceful, undisturbed.

Everyone may have them. Just by using Fly-Tox. Spraying the sleeping rooms. Killing the mosquitoes. Everyone knows mosquitoes are disease carriers. They must be killed. Health authorities advocate Fly-Tox. It is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. Insist on Fly-Tox. It is safe, stainless, fragrant, sure. (adv.)

TO THE BOUNDARIES OF THE NATION AND BEYOND FROM YOUR TELEPHONE — BY LONG DISTANCE

Your voice to millions

THE telephone has truly become a symbol of universal service. The far flung network of voice highways, connecting 18,000,000 telephones in over 70,000 cities and towns throughout the United States, has woven the fabric of friendly business and social relations, not only in the cities themselves but has bridged the distance between cities and made America a nation of neighbors.

And now your voice, from your own telephone may travel to any one of millions of people in the United States, England, Scotland or Wales—with speed, economy and satisfaction.

WHAT A REXALL ONE CENT SALE IS

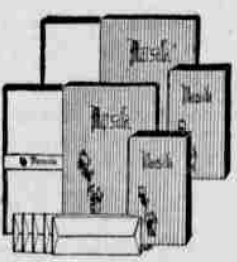

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klezco Dental Creme is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Company as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.
